Fire Chief Tells Cubs About Equipment

The Cub Scouts of Pack 15 receive first-hand information on fire prevention Tuesday as the five dens numbering 40 Cubs were the guests of Fire Chief Joseph L. Chief Murphy had the huge aerial ladder truck rolled out and a demonstration of its operation given, and then the Cubs swarmed around the equipment at the station, learning the various means of fire fighting. $59,523 Is Favored for Two Sewers

Committee Report Gets Approval of Council for Greenkill and Clinton Lines

Cancel Meter Ads

Action on Market Zone Is Deferred Until October 21

Common Council action last night favored the raising of $59,523 for sewer line repair, the cancellation of a city parking meter advertising contract, and the issuance of revenue anticipation notes for $95,825.90 expected from state-shared taxes.

Of the money requested for sewer work $11,523.75 is to cover the cost of repair work already done following a break in the Greenkill avenue sewer line and the other $48,000 will be used to rebuild a block of sewer line on Clinton avenue between Cedar and Henry streets.

Five claims totalling $1,647.68 for damage attributed to sewer line defects and other flooded conditions were read and referred to the corporation counsel.

Action on the petition for a zoning change affecting properties in the Albany and Madison avenue areas, which, reports say, is to be used for the building of a super market, was deferred.

Recess Two Weeks

The council recessed for two weeks at which time, it is expected, final action will be taken on the money requested for the sewer projects.

A group of residents of the Albany avenue area with Attorney Fred Stang appeared at the meeting apparently intending to oppose action on the zoning change proposed in the Albany avenue area, but they left when it became known that action was to be deferred.

Meanwhile, the council was asked to consider petitions from other property owners in the same area for business zone designations.

Changes Requested

One zoning change was asked by James E. Snead, of 42 Main street, for a property at 455 Albany avenue. He said in his letter that he had been "approached by a certain business interest" concerned with purchase of the property.

Another was asked by Mildred

London-Bound Commuters Are Mowed Down at Station—130 Persons Hurt in Worst Anglo Crash in 37 Years

Harrow, England, Oct. 8 (AP)—Two collisions involving three trains killed at least 82 persons here today and piled wooden coaches 50 feet high in a mass of wreckage. Some of the dead were in the coaches; others were mowed down as they waited on a station platform.

Officials of the government-operated railways said the death toll may top 120. More than 130 persons were treated at hospitals, and hundreds received first aid.

The wreck came just after 8 a. m., at the height of the morning commuting rush. The scene was the station in this Middlesex village 10 miles northwest of London.

Eight hours later, rescue workers still were digging through the debris in search of additional victims.

Two Expresses Involved

The collision involved two fast expresses and a packed suburban train.

First an express running 95 minutes late from Perth, Scotland, to London rocketed into the rear of a stationary suburban train. The express locomotive sheared through the wooden coaches, jammed with 600 passengers seated and standing, and blocked both main lines.

Seconds later another express, bound from London to Manchester, plowed into the wreckage. Its two locomotives leaped from the tracks and skittered along a platform full of commuters waiting for other trains, mowing them down like a giant scythe.

Pedestrians Are Thrown

Derailed coaches rode up on each other until the topmost smashed into a crosswalk 45 feet above the tracks, knocking a huge segment out of it and plummeting pedestrians into the wreckage.

The terrific double impact threw chunks of debris clear through one wall of the Harrow station and into a shopping center 150 feet away.

When the known dead passed 80, about eight hours after the wreck, a railway official said:

"If our worst fears prove right there will be another 40 dead in the wreckage we haven't been able to reach yet."

Truman Says Ike Doesn't Know U. S. 40-Year History

Contradicts His Previous Backing of General to Rap at Army Man for Job

Aboard Truman Train, Oct. 8 (AP)—President Truman said today that Dwight D. Eisenhower's farm speeches show he doesn't know much about what's been going on in the United States during the 40 years he's been in the army.

The President carried into the midwestern farm belt his fight to convince the voters the general isn't qualified for the presidency. Truman said the GOP nominee is talking downright silly and insulting the intelligence of farm men and women.

Truman said that in an address prepared for delivery at the big harvest jubilee at Shenandoah, Iowa.

Only last night at Denver Truman told an enthusiastic crowd of 10,000 to 11,000 persons in the Union Station Plaza that Eisenhower himself gave the reason four years ago why a military man should not be elected president.

The President read Eisenhower's statement of 1948 when pressed by supporters to become a candidate he said "nothing in the international or domestic situation especially qualifies for the most important office in the world a man whose adult years have been spent in the country's military forces. At least this is true in my case."

Says It Would Be Error

Then Truman declared, "it was true then. It is true now," and declared, it would be a great mistake to send a professional military man to the White House.

In his farm speech today the President declared the Democratic party has regimented farmers so badly that the vast majority of them now own their own farms.

With the help of the biggest agricultural research program ever undertaken he said American farmers have stepped up farm output by 50 per cent in 20 years. No longer do we have 15 cent corn and three cent hogs he said. But we remember them.

Truman took issue with Eisenhower for his speech at Kasson, Minn., describing the Brannan plan for price supports for perishables moral bankruptcy.

One of Greatest Jobs

The President said Secretary of Agriculture Brannan has done one of history's greatest jobs in that office and that last fiscal year his price support operations gave the treasury a net income of more than $100,000,000.

He said that Brannan made to

Governor Adams Says HST Demeans Nation. Office and Ike

By DON WHITEHEAD

Aboard Eisenhower Campaign Train, Oct. 8 (AP)—Dwight D. Eisenhower drove his slam bang attack against the administration and President Truman to California today, hoping to win its 32 electoral votes.

There were indications he'll personally fight back at criticisms thrown at him by Truman.

He struck back last night at Democratic accusations that he's now trying to disclaim responsibility for foreign policies that he helped to decide.

Truman has said Eisenhower periled the United States by not sizing up the Russian threat after the war.

Eisenhower answered that in Eugene, Ore., last night. He said:

"As you know, ladies and gentlemen, through this region another (Truman's) campaign train preceded mine some time back. From its back platform, many red hot salvoes were loosed at me. Now one of the charges made was that in 1945 I expressed the hope and belief that Russia wanted to establish a workable friendship with us. I was testifying for increased army strength. I proposed that we hope for the best and be prepared for the worst.

Cites HST's Switch

"Now, I think if we had not pursued such a policy at that time, today in view of the chaos in which the world exists, we would be terribly blaming ourselves for not having done our best. Yet from the back platform of a campaign train came the charge that because of that hope and that belief I had done much to destroy the safety of my country.

"And that charge came from the very same man who only three years later, remember, in 1948, came to this town, and said: "'I like old Uncle Joe Stalin. Joe is a decent fellow. But the people that run the government won't let him be as decent as he would like to be.'"

Eugene Mayor Edwin Johnson estimated the crowd at 6,000.

At Klamath Falls, Ore., a midnight crowd police estimated at 300 waited at the station to see the Eisenhowers.

The general and his wife, Mamie, and her mother, Mrs. John S. Boud, all came out on the back platform in pajamas and dressing robes to wave.

Eisenhower said he appreciated their gathering at that hour and he chatted with them several minutes.

Assailed in Colorado

Truman told an audience in Colorado yesterday Eisenhower had "betrayed every principle about our foreign policy and our national defense that I thought he believed in." And he said he was mistaken in once thinking the general was qualified to be president.

Lutzel Runs Afoul Of Dutchess Court

Deadline Dates Given For Christmas Mailing To Far East, Europe

Postmaster William R. Kraft today said the deadline period for sending Christmas mail and packages to service men abroad is from Oct. 15 to Nov. 15.

This mailing period, he said is effective for packages and mail sent to Europe as well as those in the Far East. Those who plan to send mail and parcel post abroad should do so at the earliest possible date.

Man Freed in 1950 of Murder Count Held on Auto Charge

Theodore Gustav Lutzel, 50, who was charged with the murder of Miss Ruth S. Bergemann, 36, of High Falls on the night of November 27, 1949, while he and she were seated in a car on the main street of High Falls village, is in trouble with the Dutchess county authorities. Lutzel was acquitted of the murder charge in Ulster county by a jury in April of 1950.

Lutzel, also known as Ted Lutz, a former Brooklyn carpenter, was arrested in Torrington, Conn., yesterday afternoon by Deputies Brocher and Dunbar of the Dutchess county sheriff's office and local police on a charge of unauthorized use of a motor vehicle. He is being held in the Dutchess county jail for a hearing before Justice Buckley of Amenia, Thursday afternoon at 3 o'clock.

When arrested Lutzel gave his residence at Millerton, "formerly of High Falls, Ulster county."

Car Is Abandoned

Lutzel was arrested on a warrant sworn out before Justice Buckley by David E. Cluff of Amenia, who charged that on September 9, 1952, Lutzel had sought to use the Cluff car to go to Amenia. Instead he drove to Connecticut where he abandoned the car. The car was located at Canaan, Conn., by Connecticut State Police. Police later ascertained Lutzel was in Torrington, Conn., and the warrant was served there yesterday and he was brought back to Dutchess county.

Theodore Gustav Lutzel was acquitted of a first degree murder charge in April 1950, after a trial by jury. John Bonomi of Ellenville appeared for Lutzel at the trial.

Charged With Murder

Lutzel was charged by the grand jury with the murder of Miss Ruth S. Bergemann, 36, of High Falls, on the night of November 27, 1949. He and Miss Bergemann had been friends and prior to the death of Miss Bergemann they had visited several taverns in the vicinity of Rosendale. Lutzel had been employed at the Bergemann farm for some time prior to the shooting of Miss Bergemann whose body was found on the main street of High Falls. Miss Bergemann's car was missing and later was located in New York where it had been driven by Lutzel.

At the trial Lutzel contended Miss Bergemann had been shot in a struggle for a gun which he alleged she had in her possession and with which she had threatened him. He contended after the ac-

B-29 Vanishes After Radar Shows Plane

Approaching Craft Comes From Direction of Russian Kuriles

Tokyo, Oct. 7 (AP) — A B-29 Superfort disappeared yesterday shortly after radar picked up an unidentified plane approaching it from the direction of the Russian-held Kuriles, the Far East Air Forces said today.

The Air Force said the radar tracks of the two planes merged.

It did not say the unidentified plane was Russian or that the superfort was attacked.

A spokesman said there were no other U. S. planes in the area at the time.

The FEAF reported armed F-34 thunderjet fighters were guarding planes searching for the missing B-29. The plane disappeared off eastern Hokkaido, Japan's northernmost island which is separated by a narrow strait from the Kuriles.

Distress Call Heard

The spokesman said a voice distress call in English, presumably from the bomber, was heard and then a crew member shouted:

"Let's get the Hell out of here."

The newspaper Asahi said Japanese police reported a plane,

Blamed for Hush In Brewery Case

Justice Dep't'ment Accused of Ordering Delays to Aid Law Violators

Washington, Oct. 8 (AP)—House investigators accused the Justice Department today of ordering delays in a little-publicized case charging the Pabst Brewing Co., with violating pure food laws last year.

The House probers said delays in seizing evidence had contributed toward dismissal of a civil suit against the company. This, they added, meant that the case received little publicity.

They said the action was taken at the request of Raoul Berger, a former government official who was representing the Pabst Company.

The case was brought up at an open hearing by a House judiciary subcommittee which, under Chairman Chelf (D.-Ky.), is investigating the Justice Department.

Assistant Atty.-Gen. James M. McInerney and John T. Grigsby, a trial lawyer, were summoned to explain the department's side. McInerney, now chief of the Lands Division, was head of the Criminal Division last year.

Zelnick, Miller Get Their 25th Trial Delay

New York, Oct. 8 (AP)—The extortion trial of Ernest Zelnick, a former tax agent, and H. Harold Miller, an accountant, scheduled for today, was adjourned to October 15 by federal Judge John F. X. McGhoey.

This 25th postponement was granted by the court after it was explained that one of the defense attorneys is trying a case in Philadelphia.

Zelnick, 31-years-old, of 129 Downs street, Kingston, and Miller, 43, of 335 Main street, Catskill, were indicted 19 months ago by a federal grand jury on charges of extorting $3,000 from two merchants. They pleaded innocent and are free in $2,500 bail each.

Premier Demands 20 Million Pounds To Settle Dispute

That Is Only Opener in Oil Talks; at End Would Pay 29 Millions in Addition

London, Oct. 8 (AP)—Premier Mohammed Mossadegh has demanded 20 million pounds (56 million dollars) from Britain within a week to clear the way for a swift "final" settlement of the British-Iranian oil dispute, it was officially disclosed today.

The demand was made in the Iranian reply to joint British-American proposals for settling the dispute that has plunged Iran to near bankruptcy and left virtually idle the nationalized 1½ billion dollar Anglo-Iranian Oil Company.

Three-Stage Approach

The latest recital of the Iranian leader's conditions for settlement, as disclosed in notes delivered in Tehran yesterday and released here today, set for this three-stage approach:

1. Britain must pay up the 20 million pounds within a week.

2. A mission representing the Anglo-Iranian Oil Company (AIOC) can then come to Tehran at once to negotiate a basis for settling each side's claims and counterclaims for compensation. A maximum period of three weeks was laid down for these talks.

3. When they end Britain must pay Iran another 29 million pounds ($81,200,000).

The two installments together add up to the 49 million pounds ($137,200,000) which is the amount of disputed oil royalties Iran is claiming from AIOC.

First official British reaction to these conditions seemed as icy as ever.

"Old wine in new bottles," one qualified informant commented.

Allies Postpone Talks Until Reds Offer Program

Munsan, Korea, Oct. 8 (AP)—The allies today indefinitely postponed Korean Armistice negotiations and bluntly told the Reds the next move was up to them.

The dramatic action was taken, Gen. Mark Clark's headquarters said, on "higher authority." It was not made clear whether the higher authority was Clark himself or Washington.

The postponement was taken until the Communists either accept an allied proposal for settling the stalemate over prisoner of war exchange or make "a constructive proposal of their own."

That action came while fighting on the war-battered peninsula was at its highest peak in a year. It plunged the talks as close to total collapse as they have been since their start 15 months ago.

What may prove to be the final break resulted from a deadlock in the knotty problem of prisoner of war exchange, last unsolved item on the agenda.

Lt. Gen. William K. Harrison, senior allied negotiator, told the Reds at Panmunjom the UN command had nothing further to offer on the subject.

He said the allied team would return to the truce site any time the Reds were ready to accept one of three alternate allied plans, or were willing to make "a constructive proposal" in writing.

This unprecedented stand means the UN negotiators will not return to Panmunjom just to be harangued and harrassed by bitter Red propaganda blasts.

In Tokyo, Clark said, "we continue ready to conclude an armistice acceptable to the conscience of the free peoples. It is up to the Communists to show whether they too, want such an armistice."

Officers at Clark's headquarters made no effort to mask the seriousness of the situation. But they refused comment on whether the indefinite recess might actually result in a final breakdown of the peace talks that started July 10, 1951.

The three UN proposals for settling the prisoner question were made September 28. They would have given prisoners who did not want to be repatriated a chance to make a decision on demilitarized ground.

Today's 62-minute session opened with a statement by North Korean Gen. Nam Il. He told Harrison the latest UN proposals "are absolutely not proposals for the total repatriation of war prisoners. Therefore they are unacceptable."

Harrison, a usually mild-mannered lay preacher, declared:

"The UN command will not come here merely to listen to abuse and false propaganda. . . . It should be clear now that the UNC will never agree to any proposition which violates its basic principle of no forced repatriation. . . . The UC has offered you numerous alternative proposals, any one of which would provide a humane and honorable agreement. You have rejected all these proposals."

Harrison flatly charged the Reds with "inspiring" bloody riots in UN prisoner of war camps which have cost about 200 Red lives.

When Harrison finished his statement the allied delegation walked out of the conference tent. The Communist delegation broke into loud laughter.

Pastor Says Time Has Come to Oust Democratic Party

Peale Tells DAR He Tires of Malicious Slurs on Eisenhower in Campaign

New York, Oct. 8 (AP)—The Rev. Norman Vincent Peale told a New York state meeting of the Daughters of the American Revolution today the Democrats have "feasted on power" long enough.

The Rev. Mr. Peale, minister of the Marble Collegiate Church, was warmly applauded as he assailed the administration party and defended Gen. Dwight D. Eisenhower, the Republican candidate for President.

Without referring specifically to the word battle now going on between Eisenhower and President Truman, Peale said:

South Koreans Regain Hill, Cut Down Chinese Battalion

Seoul, Korea, Oct. 8 (AP)—South Korean infantrymen fighting with bayonets tonight recaptured a vital shell-cratered peak overlooking the ancient invasion route to Seoul in a brutal battle that has raged since Monday night.

A front line officer said the Korean troops cut a Chinese battalion of 700 men down to 150 in recapturing the crest of White Horse Hill on the western front.

The peak—main objective of the biggest Communist attack in a year—has changed hands more than a dozen times as both sides threw tanks, artillery and men into the raging battle.

A few hours earlier the Chinese recklessly charged through an allied artillery barrage and captured the crest. Then they hit the Korean defenders on the south slope but the Republicans held fast.

Fighting was only slightly less bitter elsewhere along the front as the big Red offensive moved into its third day.

Allied warplanes rocketed overhead, plastering Red lines directly behind the front.

Earlier today in Seoul, Gen. James A. Van Fleet, U. S. Eighth Army commander, said:

"The Eighth Army has stopped all attacks without any penetration of its main battle positions. Action has been limited to outposts, and the enemy has been clobbered in that area.

Stevenson Teams For Attack on Ike

Adlai Will Tell Milwaukee General Is Voice for Senator Taft

Madison, Wis., Oct. 8 (AP)—Gov. Adlai E. Stevenson carried his presidential campaign into the Wisconsin bailiwick of Sen. Joseph R. McCarthy today with the assertion that the "voice of the accuser" must not still all others in the land.

The Democratic nominee—in an apparent team operation with President Truman and Sen. John Sparkman, the vice presidential candidate—geared up a fresh onslaught on Gen. Dwight D. Eisenhower and the Republican record on domestic and foreign policies.

Stevenson was preparing to sail into Eisenhower as representing only a mouthpiece for Sen. Robert A. Taft of Ohio in a major address in Milwaukee tonight.

Picks at McCarthy

He picked McCarthy—without naming the senator in the advance text handed to newsmen—as the object for attack in a speech prepared for a University of Wisconsin field house audience.

Declaring that "the pillorying of the innocent has caused the wise to stammer and the timid to retreat," the Illinois governor left no doubt he was aiming at McCarthy when he asserted:

"I hope the time will never come in America when charges are taken as the equivalent of facts, when suspicions are confused with certainties and when the voice of the accuser stills every other voice in the land."

Stevenson has chided Eisenhow-

Truman told an audience in Colorado yesterday Eisenhower had "betrayed every principle about our foreign policy and our national defense that I thought he believed in." And he said he was mistaken in once thinking the general was qualified to be president.

Lutzel Runs Afoul Of Dutchess Court

Man Freed in 1950 of Murder Count Held on Auto Charge

Theodore Gustav Lutzel, 50, who was charged with the murder of Miss Ruth S. Bergemann, 36, of High Falls on the night of November 27, 1949, while he and she were seated in a car on the main street of High Falls village, is in trouble with the Dutchess county authorities. Lutzel was acquitted of the murder charge in Ulster county by a jury in April of 1950.

Lutzel, also known as Ted Lutz, a former Brooklyn carpenter, was arrested in Torrington, Conn., yesterday afternoon by Deputies Brocher and Dunbar of the Dutchess county sheriff's office and local police on a charge of unauthorized use of a motor vehicle. He is being held in the Dutchess county jail for a hearing before Justice Buckley of Amenia, Thursday afternoon at 3 o'clock.

When arrested Lutzel gave his residence at Millerton, "formerly of High Falls, Ulster county."

Car Is Abandoned

Lutzel was arrested on a warrant sworn out before Justice Buckley by David E. Cluff of Amenia, who charged that on September 9, 1952, Lutzel had sought to use the Cluff car to go to Amenia. Instead he drove to Connecticut where he abandoned the car. The car was located at Canaan, Conn., by Connecticut State Police. Police later ascertained Lutzel was in Torrington, Conn., and the warrant was served there yesterday and he was brought back to Dutchess county.

Theodore Gustav Lutzel was acquitted of a first degree murder charge in April 1950, after a trial by jury. John Bonomi of Ellenville appeared for Lutzel at the trial.

Charged With Murder

Lutzel was charged by the grand jury with the murder of Miss Ruth S. Bergemann, 36, of High Falls, on the night of November 27, 1949. He and Miss Bergemann had been friends and prior to the death of Miss Bergemann they had visited several taverns in the vicinity of Rosendale. Lutzel had been employed at the Bergemann farm for some time prior to the shooting of Miss Bergemann whose body was found on the main street of High Falls. Miss Bergemann's car was missing and later was located in New York where it had been driven by Lutzel.

At the trial Lutzel contended Miss Bergemann had been shot in a struggle for a gun which he alleged she had in her possession and with which she had threatened him. He contended after the ac-

Deadline Dates Given For Christmas Mailing To Far East, Europe

Postmaster William R. Kraft today said the deadline period for sending Christmas mail and packages to service men abroad is from Oct. 15 to Nov. 15.

This mailing period, he said is effective for packages and mail sent to Europe as well as those in the Far East. Those who plan to send mail and parcel post abroad should do so at the earliest possible date.

B-29 Vanishes After Radar Shows Plane

Approaching Craft Comes From Direction of Russian Kuriles

Tokyo, Oct. 7 (AP) — A B-29 Superfort disappeared yesterday shortly after radar picked up an unidentified plane approaching it from the direction of the Russian-held Kuriles, the Far East Air Forces said today.

The Air Force said the radar tracks of the two planes merged.

It did not say the unidentified plane was Russian or that the superfort was attacked.

A spokesman said there were no other U. S. planes in the area at the time.

The FEAF reported armed F-34 thunderjet fighters were guarding planes searching for the missing B-29. The plane disappeared off eastern Hokkaido, Japan's northernmost island which is separated by a narrow strait from the Kuriles.

Distress Call Heard

The spokesman said a voice distress call in English, presumably from the bomber, was heard and then a crew member shouted:

"Let's get the Hell out of here."

The newspaper Asahi said Japanese police reported a plane,

Blamed for Hush In Brewery Case

Justice Dep't ment Accused of Ordering Delays to Aid Law Violators

Washington, Oct. 8 (AP)—House investigators accused the Justice Department today of ordering delays in a little-publicized case charging the Pabst Brewing Co., with violating pure food laws last year.

The House probers said delays in seizing evidence had contributed toward dismissal of a civil suit against the company. This, they added, meant that the case received little publicity.

They said the action was taken at the request of Raoul Berger, a former government official who was representing the Pabst Company.

The case was brought up at an open hearing by a House judiciary subcommittee which, under Chairman Chelf (D.-Ky.), is investigating the Justice Department.

Assistant Atty.-Gen. James M. McInerney and John T. Grigsby, a trial lawyer, were summoned to explain the department's side. McInerney, now chief of the Lands Division, was head of the Criminal Division last year.

Premier Demands 20 Million Pounds To Settle Dispute

That Is Only Opener in Oil Talks; at End Would Pay 29 Millions in Addition

London, Oct. 8 (AP)—Premier Mohammed Mossadegh has demanded 20 million pounds (56 million dollars) from Britain within a week to clear the way for a swift "final" settlement of the British-Iranian oil dispute, it was officially disclosed today.

The demand was made in the Iranian reply to joint British-American proposals for settling the dispute that has plunged Iran to near bankruptcy and left virtually idle the nationalized 1½ billion dollar Anglo-Iranian Oil Company.

Three-Stage Approach

The latest recital of the Iranian leader's conditions for settlement, as disclosed in notes delivered in Tehran yesterday and released here today, set for this three-stage approach:

1. Britain must pay up the 20 million pounds within a week.

2. A mission representing the Anglo-Iranian Oil Company (AIOC) can then come to Tehran at once to negotiate a basis for settling each side's claims and counterclaims for compensation. A maximum period of three weeks was laid down for these talks.

3. When they end Britain must pay Iran another 29 million pounds ($81,200,000).

The two installments together add up to the 49 million pounds ($137,200,000) which is the amount of disputed oil royalties Iran is claiming from AIOC.

First official British reaction to these conditions seemed as icy as ever.

"Old wine in new bottles," one qualified informant commented.

Pastor Says Time Has Come to Oust Democratic Party

Peale Tells DAR He Tires of Malicious Slurs on Eisenhower in Campaign

New York, Oct. 8 (AP)—The Rev. Norman Vincent Peale told a New York state meeting of the Daughters of the American Revolution today the Democrats have "feasted on power" long enough.

The Rev. Mr. Peale, minister of the Marble Collegiate Church, was warmly applauded as he assailed the administration party and defended Gen. Dwight D. Eisenhower, the Republican candidate for President.

Without referring specifically to the word battle now going on between Eisenhower and President Truman, Peale said:

"I get tired of these malicious slurs on one of the greatest generals that the United States has

First Frost Hits

The season's first frost was recorded in the area last night, but the overnight low in the city reported by the city engineer's office was 39 degrees at 3 a. m. Most sections of the county and some in the city experienced frost, however, and the low in the Ashokan reservoir area was 31 degrees.

Allies Postpone Talks Until Reds Offer Program

Munsan, Korea, Oct. 8 (AP)—The allies today indefinitely postponed Korean Armistice negotiations and bluntly told the Reds the next move was up to them.

The dramatic action was taken, Gen. Mark Clark's headquarters said, on "higher authority." It was not made clear whether the higher authority was Clark himself or Washington.

The postponement was taken until the Communists either accept an allied proposal for settling the stalemate over prisoner of war exchange or make "a constructive proposal of their own."

That action came while fighting on the war-battered peninsula was at its highest peak in a year. It plunged the talks as close to total collapse as they have been since their start 15 months ago.

What may prove to be the final break resulted from a deadlock in the knotty problem of prisoner of war exchange, last unsolved item on the agenda.

Lt. Gen. William K. Harrison, senior allied negotiator, told the Reds at Panmunjom the UN command had nothing further to offer on the subject.

He said the allied team would return to the truce site any time the Reds were ready to accept one of three alternate allied plans, or were willing to make "a constructive proposal" in writing.

This unprecedented stand means the UN negotiators will not return to Panmunjom just to be harangued and harrassed by bitter Red propaganda blasts.

In Tokyo, Clark said, "we continue ready to conclude an armistice acceptable to the conscience of the free peoples. It is up to the Communists to show whether they too, want such an armistice."

Officers at Clark's headquarters made no effort to mask the seriousness of the situation. But they refused comment on whether the indefinite recess might actually result in a final breakdown of the peace talks that started July 10, 1951.

The three UN proposals for settling the prisoner question were made September 28. They would have given prisoners who did not want to be repatriated a chance to make a decision on demilitarized ground.

Today's 62-minute session opened with a statement by North Korean Gen. Nam Il. He told Harrison the latest UN proposals "are absolutely not proposals for the total repatriation of war prisoners. Therefore they are unacceptable."

Harrison, a usually mild-mannered lay preacher, declared:

"The UN command will not come here merely to listen to abuse and false propaganda, . . . It should be clear now that the UNC will never agree to any proposition which violates its basic principle of no forced repatriation. . . . The UC has offered you numerous alternative proposals, any one of which would provide a humane and honorable agreement. You have rejected all these proposals."

Harrison flatly charged the Reds with "inspiring" bloody riots in UN prisoner of war camps which have cost about 200 Red lives.

When Harrison finished his statement the allied delegation walked out of the conference tent. The Communist delegation broke into loud laughter.

South Koreans Regain Hill, Cut Down Chinese Battalion

Seoul, Korea, Oct. 8 (AP)—South Korean infantrymen fighting with bayonets tonight recaptured a vital shell-cratered peak overlooking the ancient invasion route to Seoul in a brutal battle that has raged since Monday night.

A front line officer said the Korean troops cut a Chinese battalion of 700 men down to 150 in recapturing the crest of White Horse Hill on the western front.

The peak—main objective of the biggest Communist attack in a year—has changed hands more than a dozen times as both sides threw tanks, artillery and men into the raging battle.

A few hours earlier the Chinese recklessly charged through an allied artillery barrage and captured the crest. Then they hit the Korean defenders on the south slope but the Republicans held fast.

Fighting was only slightly less bitter elsewhere along the front as the big Red offensive moved into its third day.

Allied warplanes rocketed overhead, plastering Red lines directly behind the front.

Earlier today in Seoul, Gen. James A. Van Fleet, U. S. Eighth Army commander, said:

"The Eighth Army has stopped all attacks without any penetration of its main battle positions. Action has been limited to outposts, and the enemy has been clobbered in that area.

"The troops which have parti-

Stevenson Teams For Attack on Ike

Adlai Will Tell Milwaukee General Is Voice for Senator Taft

Madison, Wis., Oct. 8 (AP)—Gov. Adlai E. Stevenson carried his presidential campaign into the Wisconsin bailiwick of Sen. Joseph R. McCarthy today with the assertion that the "voice of the accuser" must not still all others in the land.

The Democratic nominee—in an apparent team operation with President Truman and Sen. John Sparkman, the vice presidential candidate—geared up a fresh onslaught on Gen. Dwight D. Eisenhower and the Republican record on domestic and foreign policies.

Stevenson was preparing to sail into Eisenhower as representing only a mouthpiece for Sen. Robert A. Taft of Ohio in a major address in Milwaukee tonight.

Picks at McCarthy

He picked McCarthy—without naming the senator in the advance text handed to newsmen—as the object for attack in a speech prepared for a University of Wisconsin field house audience.

Declaring that "the pillorying of the innocent has caused the wise to stammer and the timid to retreat," the Illinois governor left no doubt he was aiming at McCarthy when he asserted:

"I hope the time will never come in America when charges are taken as the equivalent of facts, when suspicions are confused with certainties and when the voice of the accuser stills every other voice in the land."

Stevenson has chided Eisenhow-

Zelnick, Miller Get Their 25th Trial Delay

New York, Oct. 8 (AP)—The extortion trial of Ernest Zelnick, a former tax agent, and H. Harold Miller, an accountant, scheduled for today, was adjourned to October 15 by federal Judge John F. X. McGhoey.

This 25th postponement was granted by the court after it was explained that one of the defense attorneys is trying a case in Philadelphia.

Zelnick, 31-years-old, of 129 Downs street, Kingston, and Miller, 43, of 335 Main street, Catskill, were indicted 19 months ago by a federal grand jury on charges of extorting $3,000 from two merchants. They pleaded innocent and are free in $2,500 bail each.

RISING INSURANCE COSTS

Automobile accidents — like steaks, mink coats and six suits in the closet—are getting priced right into the luxury class. Only the well-heeled can afford to have them.

Steadily rising accident figures, boosting the already appalling traffic toll, are skyrocketing both collision and liability insurance costs almost to the prohibitive level.

Hardest hit by the more expensive insurance probably will be the hot-rod boys, with the flying foxtails and the clip-on metal white sidewalls, who buy their gas by the quart.

The cost of adequate insurance to these lads is a good-sized chunk of the total cost of their cars. But optimists in the vehicular traffic field believe the rising costs of insurance may eventually impart to the hot-rodders an idea which traffic safety experts have been trying vainly to get across for years.

The idea is that only by each individual driver equipping himself with a new safe-and-sane set of driving habits are we ever going to curb a spiraling accident rate which already is claiming 37,300 lives a year, injuring 1,300,000 others, and causing untold millions in property damage.

While the hot-rod boys, with their speeding and swerving and general daredeviltry, are obvious targets in any traffic safety reform, many of the rest of us are dangerous drivers in various ways. And we, too, unless we own more automobile stock than we do automobiles, will feel increasingly the pinch of rising insurance costs.

For instance, the Association of Casualty and Surety Companies points out that stock insurance companies have had to request boosts in their liability rates twice, by substantial sums, since the spring of 1951.

This was the result, the ACSC says, of $100 million losses by stock insurance companies on their automobile liability business in 1951. In the last six years the same companies say they have lost approximately $200 million on this type of business.

On top of this must be considered the big increases in collision insurance.

Bad driving habits are probably the biggest cause of the high insurance rates. But there are other factors involved. One, of course, is the general inflation which has upped garage repair and replacement costs.

Insurance companies also claim that sympathetic juries in certain parts of the country are awarding too much in accident damage claims, and that this is upping insurance costs.

But certainly the greatest field for reducing accident damage costs is by having fewer accidents. And that can best be accomplished by improved driving habits.

There may, indeed, come a happy day when public censure—springing from a pocketbook conscience, if nothing else—will force the road hogs, the daredevils and the generally incompetent drivers either to obey the rules or stop driving.

WORTH PROMOTING

Fed up with people who never take the time to vote in an election, but always do plenty of complaining about the outcome, a group of folks in Ossining, N. Y., have set out to do something about the matter by promoting a No-Vote No-Gripe Club.

More than 11,000 members have already been enrolled and issued "N-V N-G" lapel buttons. "I pledge," read their membership cards, "to register and vote and not listen to gripes about government from anyone who does not register or vote."

Seems like a mighty sensible idea, well worth spreading.

A 73-year-old woman recently realized a lifelong dream of driving a fire-engine. Now all she has to look forward to is the time when she may get a chance to pilot a jet plane.

About half the cost of the gasoline fed to the family bus goes for taxes. Never before have so many people paid so much through the exhaust pipe.

GOVERNMENT AND SECRECY

The Central Intelligence Agency, to be effective, must be a secret, secure organization. It is the agency which gathers information and data on political and military matters. In fact, C.I.A. is a combined espionage and counter-espionage organization, representing Army, Navy, Air Force and the State Department.

There are differences of opinion in all countries as to how best to operate such an organization. Involved is the best overt and covert procedure for gathering data on a world-wide basis and the competence of those who evaluate the data. Usually, the covert agencies are separated from the overt. Similarly, it is usual to maintain numerous agencies for gathering data and one agency for evaluating data. In our country, everything is housed in the C.I.A., which some experts say is sound, while others contend that when everything is concentrated under one roof, the peril is that policy may influence the gathering and evaluation of data. That would be unfortunate.

General Walter Bedell Smith heads the C.I.A. and is generally regarded as an able man. His statement, off-the-cuff, that all security agencies, including his own, have been infiltrated by Communists, is frightening. It is often practice in intelligence organizations to use enemy personnel to gather data. The "double spy" is not unusual; he sells to both sides. A competent evaluator would know how to appraise such data.

Therefore the evaluators are of the greatest importance. If any enemy agent should get a job as an evaluator, he could wreck our policy and its implementation by eliminating useful data and distorting all data. Alger Hiss was in a position to do that in the State Department.

Therefore, General Smith's testimony on the subject cannot be taken lightly. He is an important official, a man of high integrity, and what he says on such a subject does matter. His off-the-cuff reaction to a question is even more significant than a formal statement. The C.I.A. cannot be made a political football without destroying its usefulness, but no agency of government may be permitted to be sacrosanct and not subject to Congressional scrutiny with due regard to national security.

It has been the policy of the Truman Administration to employ means for secrecy unusual among a free people. The worst step in this direction was Executive Order 9835, issued March 21, 1947. By this order, executive officers of the government were instructed to withhold information from Congressional Committees and to place all Executive Agencies under censorship. This order, together with Executive Order 10290, September 24, 1951, has been employed to protect subversive as well as corrupt officials. John P. Davies, a high State Department official, who recommended such persons as Agnes Smedley, Benjamin W. Schwartz, Edgar Snow, Anna Louise Strong and others to the C.I.A., claimed the right to withhold data from the McCarran Committee on grounds of security, where obviously security was in no manner involved.

It is dangerous for this country when the term "security" is used as a cover-up by errant officials. When national security is actually involved, all should stand by the country and even the Administration. When the word, "security," is cheapened and abused, when it is employed falsely, the danger is that the term will lose it specific meaning and become synonymous with alibi. That danger is imminent.

President Roosevelt was often careless in his statements, as, for instance, when after the Atlantic Conference he stated that no new commitments had been made between himself and Winston Churchill; it was subsequently established that new commitments had been made. Senator Ferguson has stated that even in the Pearl Harbor investigation facts were withheld. He said:

"I shall never forget the experience nor the road blocks that were put in our way. Hearings were held for 70 days and a record of 10 million words was accumulated, but from beginning to end vital documents were withheld, crucial witnesses declined to appear, and, under pressure, other witnesses altered their testimony—everywhere secrecy and suppression."

When secrecy is used to cloak failure, when its object is to evade the proper scrutiny by the people into their own affairs, when high officials say what only too soon turns out to be untrue and use the word, security, to deceive—then faith in the Administration is lost by the people. It can be worse, because faith in our system of government can be weakened.

TUBERCULOSIS NOT YET CONQUERED

When Drs. Banting and Best discovered insulin and the lives of diabetic children were being saved, many of us thought that a cure for diabetes had been discovered and there would be no more deaths. The truth of the matter is that with the discovery of insulin, there need be no more deaths from diabetes if treatment by diet and insulin is followed intelligently.

Of course, there are just as many cases of diabetes as before insulin was discovered and also many deaths because diabetes is as prevalent as ever, new cases developing constantly. However, insulin can control diabetes and allows the diabetic to live a full or complete life.

A few years ago a number of sanatoriums for tuberculosis were closed down for lack of patients and perhaps many of us thought that tuberculosis was stamped out from our midst. However, while it is true that new drugs, particularly streptomycin, kill T.B. germs, there are some germs that build up a resistance against these new "wonder" drugs and the treatment by rest in a sanatorium becomes necessary.

From the Bureau of Public Information, Duke University, Durham, N. C., Earl W. Porter, Director, we learn: "Despite medicine's giant steps in the right direction, tuberculosis has not been conquered. The public has the impression, because of the new wonder drugs, that T.B. can be cured "as simply, cheaply, and efficiently as pneumonia," says Dr. David T. Smith, professor of bacteriology at Duke University Medical School. Nothing can be further from the truth. These patients still require long periods of sanatorium treatment."

Unfortunately, because streptomycin was called the wonder drug for tuberculosis, tubercular patients refused medical advice for hospital or sanatorium care and insisted on home injections. While these new drugs have definite advantages, as they kill most tubercle bacilli, they work better with other drugs and, as stated above, they fail to kill these T.B. organisms in some cases.

"People think T.B. has been conquered because figures show—and truthfully so—a great reduction in the death rates from T.B. However, there has not been an accompanying decrease in the rate of newly diagnosed cases."

The new drugs cannot be used until the cause of T.B. has been discovered. With all of our modern discoveries, new cases of T.B. will continue to appear.

As with other things in life, then, "eternal vigilance is the price of safety" and all should take advantage of these free chest surveys, as T.B. discovered early can be controlled and cured.

The Time Is Bound to Come

The Washington Merry-Go-Round

By DREW PEARSON

San Francisco—Judge Homer Bone of the U. S. Court of Appeals was lunching with friends in San Francisco. The question of the Nixon "expense" fund came up.

"There's been a lot of sickness in my family," remarked the judge, "and I've had a hard time living on my salary. Perhaps I should take a thousand dollars from the Santa Fe Railroad, another from the American Presidents Line, and another thousand from the Dollar Line.

"I suppose, in view of the Nixon precedent," continued Judge Bone, keeping a straight face. "It wouldn't make any difference, would it?"

"They'd run you off the bench," snorted stanch Republican Louis Lurie.

Important Question

There's been a lot of discussion over whether Senator Nixon did or did not use his expense fund for personal matters and how he was able to buy two houses at once, one of them requiring $21,000 down payment.

However, the really important question is: "Did the millionaires club, who put up the expense money, get value returned through the senator's vote?"

The answer lies in the senator's voting record and the business interests of his donors. Here are both:

Eleven of the Nixon donors are big real-estate men, including such powerful operators as:

Fred H. Bixby—Whose family owns tremendous areas in Long Beach; president of Alamitos Land Co.; director Security-First National Bank; Founders Fire and Marine Insurance; Jotham Bixby Co., and A. M. E. Bixby Co.

J. Benton Van Nuys—President of the Van Nuys Building Co., Van Nuys Investment Co., La Hacienda Co., First Safe Deposit Co., director Tojon Co., and Farmers and Merchants National Bank.

The real-estate men who donated to Nixon's secret fund were active in trying to obtain the removal of rent controls and blocking Taft public housing for slum clearance in Los Angeles. Here is how their man, Senator Nixon, voted on these questions:

June 20, 1951—Nixon voted to cut public housing from 50,000 to 5,000 units. On June 4, 1952 he voted to shorten rent controls by four months, on June 4, 1952 he voted for Senator Cain's amendment to give localities the say-so on imposing rent control in critical areas. On June 12 he and Senator Knowland introduced an amendment to the defense bill aimed at sidetracking public housing.

Secret Donors

Fifteen of Senator Nixon's secret donors were also oilmen or oil-equipment manufacturers, including some with government contracts:

Herbert Hoover, Jr., one of the largest donors, is president of United Geophysical, a director of Union Oil and of Southern California Edison. His company has an important contract with the navy for exploring and drilling in northern Alaska, reputedly rich in oil.

Others are Earle M. Jorgensen—chairman of the Jorgensen Oil Co., director of the Citizens National Trust Co.; Rodney S. Burkee, president of the Lane-Wells Co., Petro-Tech Service Co., Lane-Wells Canadian Co.; also director of Petroleum Equipment Suppliers Association and of Sells Surveys Inc.

Earl B. Gilmore, president of the A. F. Gilmore Co., Kerman Cattle Co., director of Technical Crafts Co., and Gilmore and Nolan, Inc.; William B. Hubbard, president Anselma Oil Co., Realitos Oil Co., director of Cherry Rivet Co.

Thomas P. Pike, president of Pike Drilling Co., and Casualty Insurance Co.; Frank Seaver, president of Hydril Co., Doheny Stone Drill Co., and Texford Manf. Co., Leland K. Whittier, vice-president Belrigde Oil, Rodeo Land and Water, director Western Oil and Gas Assn.; Farmers and Merchants National Bank.

Edward R. Valentine, vice-pres. Fullerton Oil, director California Portland Cement; J. W. Robinson Co.; Security-First National Bank; Arthur Crites, who has both oil and real-estate interests at Bakersfield; R. R. Bush, a Pasadena oilman.

Senator Nixon's record in regard to oil follows: On Aug. 21, 1951 he voted for the Basing-Point Bill which the oil companies favored. In September 1951 he voted against the oil-depletion allowance from 27½ per cent to 14 per cent. But his most active work for oil companies was his vigorous, consistent championship of Tidelands Oil. Nixon even sent copies of tidelands oil literature out under his own frank, despite the fact that he claimed he used the secret expense fund to mail letters and thus save the taxpayers expense.

Votes Favored Contributors

Another group of Nixon subsidizers were milk-products executives, including Thorkild Knudsen, president of the Knudsen Creamery; Alford Ghormley, vice president of Carnation Milk and president of the Carnaco Equipment Co., a subsidiary; J. W. McKenzie of Arden's Milk and Valley Maid; together with the Bixby family which has big milk-products investments.

When the question of restricting cheese and dairy products from France and other NATO countries came up for a vote in the Senate, Nixon voted with the dairy interests. The amount of cheese coming in from western Europe was relatively small, and the State Department pleaded that in order to combat communism we had to buy something from Europe—or else continue to subsidize the battle against communism in cash.

But Nixon voted with the milk-products men who contributed to his fund.

In doing so he voted against California orange growers. For France had worked out a deal to buy 400 tons of California oranges, using dollar exchange from the sale of blue cheese to finance the deal. When the sale of blue cheese was restricted by the Senate however, the purchase of California oranges went by the board.

This is only a part of the voting record of the junior senator from California who may become become just one heartbeat removed from the presidency. More on this record and the legislative interests of the Nixon Club will follow soon.

Acceptance of Truman's Help in Campaign Is Seen Damaging to Stevenson

By DAVID LAWRENCE

Washington, Oct. 8—The Presidential campaign has crystallized to the point where it now is evident that a vote for Stevenson is a vote to approve and uphold the Truman administration.

The active campaign undertaken by President Truman, in which he seeks from the people approval of the policies of the last four years, has given the voters of the country a simple choice. Up to now the impression conveyed by Gov. Stevenson himself was that he disapproved of certain policies or methods of the Truman administration and that he was promising the people a "change." Now Gov. Stevenson's tactics have been reversed. He has embraced the Truman regime and is welcoming the aggressive support given him on the stump by Mr. Truman.

The Illinois Governor is disappointing many of the independent voters who have condemned corruption in government and who dislike the laxity of the Truman "methods." The independents had hopes that Mr. Stevenson would not surrender to President Truman and the Democratic "old guard" but would blaze an independent trail. The exigencies of practical politics, however, dictated a difference course, and Mr. Stevenson, supported by the advice of the experienced politicians, is now accepting wholeheartedly the Truman support. Some advisers think he will make up among the Democratic rank and file the votes he loses among independents.

Just as Sen. McCarthy was presumably a millstone around the neck of Gen. Eisenhower, so President Truman has supposedly become a real handicap to Gov. Stevenson. Just as the Republican nominee, however, felt is was wise to indorse Sen. McCarthy's candidacy, so Gov. Stevenson feels it is wise to accept the support of Mr Truman, even though it is quite apparent that a high-minded individual like the Illinois governor can hardly condone the reckless and irresponsible charges implying disloyalty which President Truman is directing toward Gen. Eisenhower. The "character assassination" job being done by Mr. Truman against Gen. Eisenhower is bound to arouse the independents.

All hope that Gov. Stevenson would repudiate the false charges being made by Mr. Truman against the general has about vanished, and it must be recorded that early in October of 1952, in a desperate effort to win votes, the Illinois governor abandoned his high professions of independence of last summer and followed the traditional rules of campaigning.

So far as the nation is concerned, if it wants to approve Trumanism, then a vote for Gov. Stevenson is logical. The exposures of corruption are overlooked anyway by the partisans of the New Deal and Fair Deal, who really feel that responsible administration is secondary and that materialistic rewards in the pay envelope are attributable solely to the Democratic administrtion and hence are more important and than any other consideration.

It is nevertheless the right of those citizens who feel the Truman regime should be applauded and upheld to cast their ballots for Stevenson in order to record their approval.

Conversely, the people who want to vote against Trumanism will find it logical to vote for Gen. Eisenhower and will not be diverted from that purpose by the Democratic outcry, that the general will be a "captive" of the "old guard" or that his party cannot possibly harmonize the differences of opinion between the Republican presidential nominee and the senators, for instance, who would become chairmen of important committees in the event of a Republican majority in the Senate.

What the line of argument about Congress overlooks is the fact that President Truman never has had control of either House of Congress and that the committee chairmen who are Democrats will be as much opposed to Stevenson's policies as they are to Truman's. The Southern Senators will defeat any attempt to put over the Truman civil-rights program which Stevenson has embraced. On foreign policy, the Republicans plus their Democratic brethren will continue international co-operation, though there may be a pruning of unwise expenditures in both the domestic and foreign categories.

The United States has been saved from an era of radicalism and the destruction of the private enterprise system by a Republican-Democratic coalition in Congress which has fought successfully against the confiscationist proposals of the President. In recent weeks he has reiterated his espousal of the cause of government ownership. If the idea is to let the government own all the drugstores all the grocery stores and all the department stores and all the small as well as large businesses, union labor will find that wages will have to be held down or else the government will have to supply capital out of tax levies.

What the campaign is clearly pointing out is that, if Stevenson is elected, the public ownership or state-capitalism school of thought will receive its greatest impetus, whereas if the Truman-Stevenson combination is defeated, the present era of liberal-conservatism—which is the fundamental philosophy of a majority in both Houses of Congress—will continue. It's the Stevenson-Truman ticket that really proposes a basic change so far as Congress is concerned. Hence, if there is a Republican majority in Congress, it will be due to victories in the northern states over those Democratic nominees who propose to follow the Truman line of governmental ownership.

AS PEGLER SEES IT

By WESTBROOK PEGLER

James P. McGranery, our attorney general, must not mind if I sit on my hands, withholding applause for his determination to deport alien criminals until he does something to justify at least a hope that he is an improvement on that line of predecessors which began with Homer Cummings and continued down a roster of unmitigated sameness, if not worse, through Murphy, Jackson, Biddle, Clark and McGrath.

McGranery's program amounts to no more than a statement that he intends to enforce the law which is what he swore to do but a great deal more than we have learned to expect. I find it easy to restrain my seidlitz powder psyche because I note the proximity of this announcement to election day and I choke back hosannahs that I might regret a long time. I will never forget that I trusted Roosevelt.

I have no line on McGranery other than an item of $5,000 which seemed at loss for a legal owner during the little vanilla squabble over his confirmation by the judiciary committee. But the guy is a Democrat and was a Roosevelt man and you are never ill-advised to presume that that kind are up to mischief until they prove they ain't.

My suspicions say McGranery will not deport anybody, but he can kindle a spark of confidence by proceeding at once against two of the most flagrant examples on the eligible list, to wit Harry Bridges and Allen Smiley.

Now I will just blow Bridges a kiss and let him be because his case long ago left the plane of honest understanding and took off into the realm of legal esoterics, trailing tendils of cant, hypocrisy and casuistical obscenity like the vapors of a fighter in the wild blue yonder. Bridges' citizenship has been revoked and he is now an undesirable alien. Many of the rascals of the Roosevelt-CIO cult who bemoaned man's inhumanity to rats the first time he was laid by the heels, have turned their backs on Bridges who couldn't do the same to Alger Hiss.

Even Phil Murray has denied him thrice, who once yowled like a gangster's widow in the same set of circumstances, but some influence has contrived to keep him with us and I dare say McGranery knows all about that and will do nothing at all about it. I will bet him $100 to $1, lawful currency, that Harry Bridges will still be in the United States when he goes out of office and count that single as money in the bank.

My man is Allen Smiley, a Hollywood beau who was born Aaron Smickoff or Smeehoff, in Belitz, Russia, was taken to Canada by his parents who endowed him with derivative citizenship by getting naturalized in Winnepeg in 1921, sneaked into the United States by way of Windsor-Detroit in 1923, and never followed any occupation but crime nor sought any company but that of crooks, cut-throats and hoodlums until after the murder of Buggsby Siegal at which he was, so to speak, best man. That is, Smiley was sitting with Buggsby in the home of Virginia Hill, that wide-eyed elf from Buzzard's Breath, Ala., with whom Siegal maintained interesting relations, when someone drew a bead on Siegal with a rifle and blowed him plum through.

It is not the custom of Beverly Hills to fan scandal, so the police were resolutely baffled, but I had been muddling a stick in the Hollywood Haut Monde ever since I found Willie Bioff, the old Chicago Mackerel, licking caviar off his fingers in circles that I could only observe with my cold little nose pressed against the windows of the mansions of the great.

So with a zeal which I hope you would not think ill of me for, I

GOVERNMENT AND SECRECY

The Central Intelligence Agency, to be effective, must be a secret, secure organization. It is the agency which gathers information and data on political and military matters. In fact, C.I.A. is a combined espionage and counter-espionage organization, representing Army, Navy, Air Force and the State Department.

There are differences of opinion in all countries as to how best to operate such an organization. Involved is the best overt and covert procedure for gathering data on a world-wide basis and the competence of those who evaluate the data. Usually, the covert agencies are separated from the overt. Similarly, it is usual to maintain numerous agencies for gathering data and one agency for evaluating data. In our country, everything is housed in the C.I.A., which some experts say is sound, while others contend that when everything is concentrated under one roof, the peril is that policy may influence the gathering and evaluation of data. That would be unfortunate.

General Walter Bedell Smith heads the C.I.A. and is generally regarded as an able man. His statement, off-the-cuff, that all security agencies, including his own, have been infiltrated by Communists, is frightening. It is often practice in intelligence organizations to use enemy personnel to gather data. The "double spy" is not unusual; he sells to both sides. A competent evaluator would know how to appraise such data.

Therefore the evaluators are of the greatest importance. If any enemy agent should get a job as an evaluator, he could wreck our policy and its implementation by eliminating useful data and distorting all data. Alger Hiss was in a position to do that in the State Department.

Therefore, General Smith's testimony on the subject cannot be taken lightly. He is an important official, a man of high integrity, and what he says on such a subject does matter. His off-the-cuff reaction to a question is even more significant than a formal statement. The C.I.A. cannot be made a political football without destroying its usefulness, but no agency of government may be permitted to be sacrosanct and not subject to Congressional scrutiny with due regard to national security.

It has been the policy of the Truman Administration to employ means for secrecy unusual among a free people. The worst step in this direction was Executive Order 9835, issued March 21, 1947. By this order, executive officers of the government were instructed to withhold information from Congressional Committees and to place all Executive Agencies under censorship. This order, together with Executive Order 10290, September 24, 1951, has been employed to protect subversive as well as corrupt officials. John P. Davies, a high State Department official, who recommended such persons as Agnes Smedley, Benjamin W. Schwartz, Edgar Snow, Anna Louise Strong and others to the C.I.A., claimed the right to withhold data from the McCarran Committee on grounds of security, where obviously security was in no manner involved.

It is dangerous for this country when the term "security" is used as a cover-up by errant officials. When national security is actually involved, all should stand by the country and even the Administration. When the word, "security," is cheapened and abused, when it is employed falsely, the danger is that the term will lose it specific meaning and become synonymous with alibi. That danger is imminent.

President Roosevelt was often careless in his statements, as, for instance, when after the Atlantic Conference he stated that no new commitments had been made between himself and Winston Churchill; it was subsequently established that new commitments had been made. Senator Ferguson has stated that even in the Pearl Harbor investigation facts were withheld. He said:

"I shall never forget the experience nor the road blocks that were put in our way. Hearings were held for 70 days and a record of 10 million words was accumulated, but from beginning to end vital documents were withheld, crucial witnesses declined to appear, and, under pressure, other witnesses altered their testimony—everywhere secrecy and suppression."

When secrecy is used to cloak failure, when its object is to evade the proper scrutiny by the people into their own affairs, when high officials say what only too soon turns out to be untrue and use the word, security, to deceive—then faith in the Administration is lost by the people. It can be worse, because faith in our system of government can be weakened.

That Body of Yours

TUBERCULOSIS NOT YET CONQUERED

When Drs. Banting and Best discovered insulin and the lives of diabetic children were being saved, many of us thought that a cure for diabetes had been discovered and there would be no more deaths. The truth of the matter is that with the discovery of insulin, there need be no more deaths from diabetes if treatment by diet and insulin is followed intelligently.

Of course, there are just as many cases of diabetes as before insulin was discovered and also many deaths because diabetes is as prevalent as ever, new cases developing constantly. However, insulin can control diabetes and allows the diabetic to live a full or complete life.

A few years ago a number of sanatoriums for tuberculosis were closed down for lack of patients and perhaps many of us thought that tuberculosis was stamped out from our midst. However, while it is true that new drugs, particularly streptomycin, kill T.B. germs, there are some germs that build up a resistance against these new "wonder" drugs and the treatment by rest in a sanatorium becomes necessary.

From the Bureau of Public Information, Duke University, Durham, N. C., Earl W. Porter, Director, we learn: "Despite medicine's giant steps in the right direction, tuberculosis has not been conquered. The public has the impression, because of the new wonder drugs, that T.B. can be cured "as simply, cheaply, and efficiently as pneumonia," says Dr. David T. Smith, professor of bacteriology at Duke University Medical School. Nothing can be further from the truth. These patients still require long periods of sanatorium treatment."

Unfortunately, because streptomycin was called the wonder drug for tuberculosis, tubercular patients refused medical advice for hospital or sanatorium care and insisted on home injections. While these new drugs have definite advantages, as they kill most tubercle bacilli, they work better with other drugs and, as stated above, they fail to kill these T.B. organisms in some cases.

"People think T.B. has been conquered because figures show—and truthfully so—a great reduction in the death rates from T.B. However, there has not been an accompanying decrease in the rate of newly diagnosed cases."

The new drugs cannot be used until the cause of T.B. has been discovered. With all of our modern discoveries, new cases of T.B. will continue to appear.

As with other things in life, then, "eternal vigilance is the price of safety" and all should take advantage of these free chest surveys, as T.B. discovered early can be controlled and cured.

The Time Is Bound to Come

The Washington Merry-Go-Round

By DREW PEARSON

San Francisco—Judge Homer Bone of the U. S. Court of Appeals was lunching with friends in San Francisco. The question of the Nixon "expense" fund came up.

"There's been a lot of sickness in my family," remarked the judge, "and I've had a hard time living on my salary. Perhaps I should take a thousand dollars from the Santa Fe Railroad, another from the American Presidents Line, and another thousand from the Dollar Line.

"I suppose, in view of the Nixon precedent," continued Judge Bone, keeping a straight face. "It wouldn't make any difference, would it?"

"They'd run you off the bench," snorted stanch Republican Louis Lurie.

Important Question

There's been a lot of discussion over whether Senator Nixon did or did not use his expense fund for personal matters and how he was able to buy two houses at once, one of them requiring $21,000 down payment.

However, the really important question is: "Did the millionaires club, who put up the expense money, get value returned through the senator's vote?"

The answer lies in the senator's voting record and the business interests of his donors. Here are both:

Eleven of the Nixon donors are big real-estate men, including such powerful operators as:

Fred H. Bixby—Whose family owns tremendous areas in Long Beach; president of Alamitos Land Co.; director Security-First National Bank; Founders Fire and Marine Insurance; Jotham Bixby Co., and A. M. E. Bixby Co.

J. Benton Van Nuys—President of the Van Nuys Building Co., Van Nuys Investment Co., La Hacienda Co., First Safe Deposit Co., director Tojon Co., and Farmers and Merchants National Bank.

The real-estate men who donated to Nixon's secret fund were active in trying to obtain the removal of rent controls and blocking Taft public housing for slum clearance in Los Angeles. Here is how their man, Senator Nixon, voted on these questions:

June 20, 1951—Nixon voted to cut public housing from 50,000 to 5,000 units. On June 4, 1952 he voted to shorten rent controls by four months, on June 4, 1952 he voted for Senator Cain's amendment to give localities the say-so on imposing rent control in critical areas. On June 12 he and Senator Knowland introduced an amendment to the defense bill aimed at sidetracking public housing.

Secret Donors

Fifteen of Senator Nixon's secret donors were also oilmen or oil-equipment manufacturers, including some with government contracts:

Herbert Hoover, Jr., one of the largest donors, is president of United Geophysical, a director of Union Oil and of Southern California Edison. His company has an important contract with the navy for exploring and drilling in northern Alaska, reputedly rich in oil.

Others are Earle M. Jorgensen—chairman of the Jorgensen Oil Co., director of the Citizens National Trust Co.; Rodney S. Burkee, president of the Lane-Wells Co., Petro-Tech Service Co., Lane-Wells Canadian Co.; also director of Petroleum Equipment Suppliers Association and of Sells Surveys Inc.

Earl B. Gilmore, president of the A. F. Gilmore Co., Kerman Cattle Co., director of Technical Crafts Co., and Gilmore and Nolan, Inc.; William B. Hubbard, president Anselma Oil Co., Realitos Oil Co., director of Cherry Rivet Co.

Thomas P. Pike, president of Pike Drilling Co., and Casualty Insurance Co.; Frank Seaver, president of Hydril Co., Doheny Stone Drill Co., and Texford Manf. Co., Leland K. Whittier, vice-president Belrigde Oil, Rodeo Land and Water, director Western Oil and Gas Assn.; Farmers and Merchants National Bank.

Edward R. Valentine, vice-pres. Fullerton Oil, director California Portland Cement; J. W. Robinson Co.; Security-First National Bank; Arthur Crites, who has both oil and real-estate interests at Bakersfield; R. R. Bush, a Pasadena oilman.

Senator Nixon's record in regard to oil follows: On Aug. 21, 1951 he voted for the Basing-Point Bill which the oil companies favored. In September 1951 he voted against the oil-depletion allowance from 27½ per cent to 14 per cent. But his most active work for oil companies was his vigorous, consistent championship of Tidelands Oil. Nixon even sent copies of tidelands oil literature out under his own frank, despite the fact that he claimed he used the secret expense fund to mail letters and thus save the taxpayers expense.

Votes Favored Contributors

Another group of Nixon subsidizers were milk-products executives, including Thorkild Knudsen, president of the Knudsen Creamery; Alford Ghormley, vice president of Carnation Milk and president of the Carnaco Equipment Co., a subsidiary; J. W. McKenzie of Arden's Milk and Valley Maid; together with the Bixby family which has big milk-products investments.

When the question of restricting cheese and dairy products from France and other NATO countries came up for a vote in the Senate, Nixon voted with the dairy interests. The amount of cheese coming in from western Europe was relatively small, and the State Department pleaded that in order to combat communism we had to buy something from Europe—or else continue to subsidize the battle against communism in cash.

But Nixon voted with the milk-products men who contributed to his fund.

In doing so he voted against California orange growers. For France had worked out a deal to buy 400 tons of California oranges, using dollar exchange from the sale of blue cheese to finance the deal. When the sale of blue cheese was restricted by the Senate however, the purchase of California oranges went by the board.

This is only a part of the voting record of the junior senator from California who may become become just one heartbeat removed from the presidency. More on this record and the legislative interests of the Nixon Club will follow soon.

The Chained Tower of Samarkand

The leaning minaret of Samarkand surmounts the University of Ulug-Beg built in the 15th century by the grandson of Tamerlane. It leans so far out of the perpendicular that it would have toppled long ago but for the wires and chains with which it is lashed to the main building. The natives believe that if the tower ever crashed to the ground it would result in the destruction of the ancient city.

Acceptance of Truman's Help in Campaign Is Seen Damaging to Stevenson

By DAVID LAWRENCE

Washington, Oct. 8—The Presidential campaign has crystallized to the point where it now is evident that a vote for Stevenson is a vote to approve and uphold the Truman administration.

The active campaign undertaken by President Truman, in which he seeks from the people approval of the policies of the last four years, has given the voters of the country a simple choice. Up to now the impression conveyed by Gov. Stevenson himself was that he disapproved of certain policies or methods of the Truman administration and that he was promising the people a "change." Now Gov. Stevenson's tactics have been reversed. He has embraced the Truman regime and is welcoming the aggressive support given him on the stump by Mr. Truman.

The Illinois Governor is disappointing many of the independent voters who have condemned corruption in government and who dislike the laxity of the Truman "methods." The independents had hopes that Mr. Stevenson would not surrender to President Truman and the Democratic "old guard" but would blaze an independent trail. The exigencies of practical politics, however, dictated a difference course, and Mr. Stevenson, supported by the advice of the experienced politicians, is now accepting wholeheartedly the Truman support. Some advisers think he will make up among the Democratic rank and file the votes he loses among independents.

Just as Sen. McCarthy was presumably a millstone around the neck of Gen. Eisenhower, so President Truman has supposedly become a real handicap to Gov. Stevenson. Just as the Republican nominee, however, felt is was wise to indorse Sen. McCarthy's candidacy, so Gov. Stevenson feels it is wise to accept the support of Mr Truman, even though it is quite apparent that a high-minded individual like the Illinois governor can hardly condone the reckless and irresponsible charges implying disloyalty which President Truman is directing toward Gen. Eisenhower. The "character assassination" job being done by Mr. Truman against Gen. Eisenhower is bound to arouse the independents.

All hope that Gov. Stevenson would repudiate the false charges being made by Mr. Truman against the general has about vanished, and it must be recorded that early in October of 1952, in a desperate effort to win votes, the Illinois governor abandoned his high professions of independence of last summer and followed the traditional rules of campaigning.

So far as the nation is concerned, if it wants to approve Trumanism, then a vote for Gov. Stevenson is logical. The exposures of corruption are overlooked anyway by the partisans of the New Deal and Fair Deal, who really feel that responsible administration is secondary and that materialistic rewards in the pay envelope are attributable solely to the Democratic administrtion and hence are more important than any other consideration.

It is nevertheless the right of those citizens who feel the Truman regime should be applauded and upheld to cast their ballots for Stevenson in order to record their approval.

Conversely, the people who want to vote against Trumanism will find it logical to vote for Gen. Eisenhower and will not be diverted from that purpose by the Democratic outcry, that the general will be a "captive" of the "old guard" or that his party cannot possibly harmonize the differences of opinion between the Republican presidential nominee and the senators, for instance, who would become chairmen of important committees in the event of a Republican majority in the Senate.

What the line of argument about Congress overlooks is the fact that President Truman never has had control of either House of Congress and that the committee chairmen who are Democrats will be as much opposed to Stevenson's policies as they are to Truman's. The Southern Senators will defeat any attempt to put over the Truman civil-rights program which Stevenson has embraced. On foreign policy, the Republicans plus their Democratic brethren will continue international co-operation, though there may be a pruning of unwise expenditures in both the domestic and foreign categories.

The United States has been saved from an era of radicalism and the destruction of the private enterprise system by a Republican-Democratic coalition in Congress which has fought successfully against the confiscationist proposals of the President. In recent weeks he has reiterated his espousal of the cause of government ownership. If the idea is to let the government own all the drugstores all the grocery stores and all the department stores and all the small as well as large businesses, union labor will find that wages will have to be held down or else the government will have to supply capital out of tax levies.

What the campaign is clearly pointing out is that, if Stevenson is elected, the public ownership or state-capitalism school of thought will receive its greatest impetus, whereas if the Truman-Stevenson combination is defeated, the present era of liberal-conservatism—which is the fundamental philosophy of a majority in both Houses of Congress—will continue. It's the Stevenson-Truman ticket that really proposes a basic change so far as Congress is concerned. Hence, if there is a Republican majority in Congress, it will be due to victories in the northern states over those Democratic nominees who propose to follow the Truman line of governmental ownership.

AS PEGLER SEES IT

By WESTBROOK PEGLER

James P. McGranery, our attorney general, must not mind if I sit on my hands, withholding applause for his determination to deport alien criminals until he does something to justify at least a hope that he is an improvement on that line of predecessors which began with Homer Cummings and continued down a roster of unmitigated sameness, if not worse, through Murphy, Jackson, Biddle, Clark and McGrath.

McGranery's program amounts to no more than a statement that he intends to enforce the law which is what he swore to do but a great deal more than we have learned to expect. I find it easy to restrain my seidlitz powder psyche because I note the proximity of this announcement to election day and I choke back hosannahs that I might regret a long time. I will never forget that I trusted Roosevelt.

I have no line on McGranery other than an item of $5,000 which seemed at loss for a legal owner during the little vanilla squabble over his confirmation by the judiciary committee. But the guy is a Democrat and was a Roosevelt man and you are never ill-advised to presume that that kind are up to mischief until they prove they ain't.

My suspicions say McGranery will not deport anybody, but he can kindle a spark of confidence by proceeding at once against two of the most flagrant examples on the eligible list, to wit Harry Bridges and Allen Smiley.

Now I will just blow Bridges a kiss and let him be because his case long ago left the plane of honest understanding and took off into the realm of legal esoterics, trailing tendils of cant, hypocrisy and casuistical obscenity like the vapors of a fighter in the wild blue yonder. Bridges' citizenship has been revoked and he is now an undesirable alien. Many of the rascals of the Roosevelt-CIO cult who bemoaned man's inhumanity to rats the first time he was laid by the heels, have turned their backs on Bridges who couldn't do the same to Alger Hiss.

Even Phil Murray has denied him thrice, who once yowled like a gangster's widow in the same set of circumstances, but some influence has contrived to keep him with us and I dare say McGranery knows all about that and will do nothing at all about it. I will bet him $100 to $1, lawful currency, that Harry Bridges will still be in the United States when he goes out of office and count that single as money in the bank.

My man is Allen Smiley, a Hollywood beau who was born Aaron Smickoff or Smeehoff, in Belitz, Russia, was taken to Canada by his parents who endowed him with derivative citizenship by getting naturalized in Winnepeg in 1921, sneaked into the United States by way of Windsor-Detroit in 1923, and never followed any occupation but crime nor sought any company but that of crooks, cut-throats and hoodlums until after the murder of Buggsby Siegal at which he was, so to speak, best man. That is, Smiley was sitting with Buggsby in the home of Virginia Hill, that wide-eyed elf from Buzzard's Breath, Ala., with whom Siegal maintained interesting relations, when someone drew a bead on Siegal with a rifle and blowed him plum through.

It is not the custom of Beverly Hills to fan scandal, so the police were resolutely baffled, but I had been muddling a stick in the Hollywood Haut Monde ever since I found Willie Bioff, the old Chicago Mackerel, licking caviar off his fingers in circles that I could only observe with my cold little nose pressed against the windows of the mansions of the great.

So with a zeal which I hope you would not think ill of me for, I

Questions Fluoridation

October 6, 1952

Editor, The Freeman:

(The following are excerpts taken from an article in the Catholic Mirror, January, 1952, written by Dr. E. H. Bronner, manufacturing research chemist, Los Angeles, Calif.)

A favorite strategy of our enemy is the quick mass liquidation of all opposition in countries they invade. We know, too, that a favorite and powerful weapon is the poisoning of drinking water systems if they can effect it. Our Civil Defense seems to be awake to the peril but are they awake to the perils of water poisoning by fluoridation? Its use has been tragically recorded in other countries.

Careful, bona fide laboratory experimentations and actual medical experiences have revealed that instead of preserving or promoting dental health fluoridated drinking water destroys teeth by the destructive mottling and other disease conditions it actually causes in them—also creating many very grave pathological conditions in the internal organisms of bodies consuming it. How can it be called a 'health plan'? What is behind it?

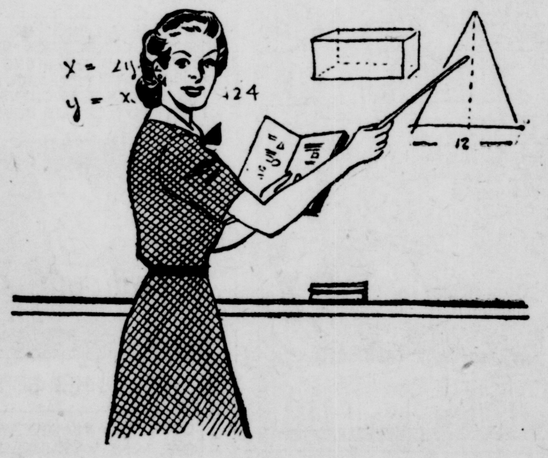

Even in small quantities, sodium fluoride, which is the most effective rat killer known to chemists, being colorless, odorless and tasteless, is a deadly poison to which no effective antidote has been found. That any so-called "human beings" would persuade a civilized nation to add voluntarily a deadly poison to its drinking water systems is unbelievable. It is the height of criminal insanity.

In over 125 American cities this devilish fluoridation equipment is already installed. Hundreds of others are to be lined up, coaxed in, "voted" in, maybe sneaked in.

It is common knowledge that our enemies have stolen, betrayed and sold our military secrets and infiltrated into essential governmental, military and industrial positions. One turn, on one valve, by one traitor in each city, and millions of Americans could be quickly paralyzed from fluorine poisoned water.

Fantastic? No, not at all. Such a plan for fluoridation is now being considered by our Kingston water commissioners. What are you and your neighbors doing to prevent it?

Sincerely,
WARREN J. SUSSIN.

Reds Ignore Red Cross

Saigon, Indo-China (AP) — The International Red Cross is meeting only stony silence in its efforts to send representatives into prisoner-of-war camps of the Communist-led Vietminh in Indo-China. Repeated appeals have been made to permit the organization to deliver much-needed medicines to French Union soldiers held by the Vietminh. French Union captives of the Vietminh long have been reported suffering because of a shortage of food and medicines.

MT. TREMPER

Mt. Tremper, Oct. 7 — Mrs. Charlotte Carle and children, Linda and Alan, are spending several days in New York and Long Island where they are visiting friends and relatives.

The next regular meeting of Mt. Tremper Grange 1468 will be held in the Grange Hall Monday evening, Oct. 13. Movies will be shown during the lecturer's hour and all members are urged to attend.

The Community Association of Mount Tremper and Mount Pleasant will hold an old-fashioned game party Saturday evening, Oct. 11, in the Grange Hall. Refreshments will be served and everything will be free.

Mrs. Francis Lane plans to leave Sunday for a visit to her daughter and grandchildren in Scottsburg, Ind. She will be there until after Christmas. Her daughter and son-in-law, Mr. and Mrs. Reese Smith, will drive her to Indiana and then return to the village.

Mr. and Mrs. Joseph Sauer of Elizabeth, N. J., were recent weekend guests of Mrs. Martha Pulz. Mrs. Pulz is an aunt of Mrs. Sauer, who is the former Claire Hannon of Mount Tremper and Woodside, L. I.

Mr. and Mrs. John Callaghan of Brooklyn and Mt. Tremper are spending a vacation at their newly-completed home on the Wittenberg road.

This is registration week for new voters, new residents and other citizens who did not vote last year. Anyone in the foregoing categories must register if they wish to vote in November. All other voters were automatically registered when they voted at the elections last November. There is only one day left for local residents to register. That will be Saturday, Oct. 11, from 1 p. m. to 10 p. m. either in the Town Hall at Allaben or the Phoenicia movie house.

Mt. Tremper, Oct. 6—Mr. and Mrs. Donald Schuhose of Seaford, L. I., and their children, Diane and Donald, Jr., recently spent a week's vacation at the Wittenberg road home of Mr. Schuhose's parents, Mr. and Mrs. Anthony Schuhose.

Mr. and Mrs. Robert Sanzi of Ridgewood and Mt. Tremper are vacationing at their home on Mt. Tremper Heights. Sanzi is a New York policeman.

Mr. and Mrs. Reginald Every and Mr. and Mrs. Bernard Brinks have returned from two weeks in Canada. They caught some nice trout.

Mr. and Mrs. John Velardi spent the weekend at their home on the Wittenberg road. They reside in Mamaroneck.

The Community Association of Mt. Tremper and Mt. Pleasant will hold an old-fashioned game party October 11 in the Mt. Tremper Grange Hall. Refreshments will be served free.

Mr. and Mrs. Barney Mellevold are visiting their daughter in Port Washington, L. I.

The position of postmaster for the Mt. Tremper post office is now open. Applications for the Civil Service examination for this position must be made by October 16. An application may be obtained at the post office. Burton Lane is acting postmaster until the position is filled.

Mrs. Agnes McGrath has returned from a tour of the southern states.

Mrs. Ruth Riseley is reported to be recuperating from a recent operation at Kingston Hospital. She came home last week.

Mrs. Edwin Franko Goldman is preparing to move from her former estate, Maidstone. The new owner, George Reeves, takes possession Oct. 15.

Mrs. Barney Epstein is a patient at Kingston Hospital.

Mrs. Wilson Stephens of Weehawken, N. J., was the recent guest of her sister, Mrs. Charles Gustafson.

Pfc. Elwyn Slocum is still a patient at the U. S. Army Hospital at Fort Campbell, Ky. He has been there since he was injured in a parachute jump July 15. Slocum is the son of Mrs. James Pymm of Mt. Tremper. He would like to hear from some of his friends and neighbors. His address is Pfc. Elwyn Slocum, No. 12370809, Ward 10 A.B., U. S. Army Hospital, Fort Campbell, Ky.

Questions Fluoridation

October 6, 1952

Editor, The Freeman:

(The following are excerpts taken from an article in the Catholic Mirror, January, 1952, written by Dr. E. H. Bronner, manufacturing research chemist, Los Angeles, Calif.)

A favorite strategy of our enemy is the quick mass liquidation of all opposition in countries they invade. We know, too, that a favorite and powerful weapon is the poisoning of drinking water systems if they can effect it. Our Civil Defense seems to be awake to the peril but are they awake to the perils of water poisoning by fluoridation? Its use has been tragically recorded in other countries.

Careful, bona fide laboratory experimentations and actual medical experiences have revealed that instead of preserving or promoting dental health fluoridated drinking water destroys teeth by the destructive mottling and other disease conditions it actually causes in them—also creating many very grave pathological conditions in the internal organisms of bodies consuming it. How can it be called a 'health plan'? What is behind it?

Even in small quantities, sodium fluoride, which is the most effective rat killer known to chemists, being colorless, odorless and tasteless, is a deadly poison to which no effective antidote has been found. That any so-called "human beings" would persuade a civilized nation to add voluntarily a deadly poison to its drinking water systems is unbelievable. It is the height of criminal insanity.

In over 125 American cities this devilish fluoridation equipment is already installed. Hundreds of others are to be lined up, coaxed in, "voted" in, maybe sneaked in.

It is common knowledge that our enemies have stolen, betrayed and sold our military secrets and infiltrated into essential governmental, military and industrial positions. One turn, on one valve, by one traitor in each city, and millions of Americans could be quickly paralyzed from fluorine poisoned water.

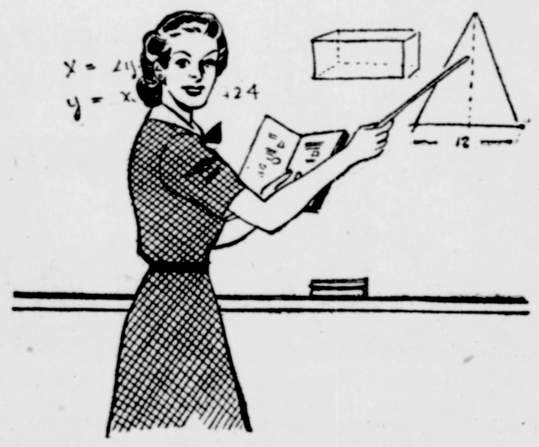

Fantastic? No, not at all. Such a plan for fluoridation is now being considered by our Kingston water commissioners. What are you and your neighbors doing to prevent it?

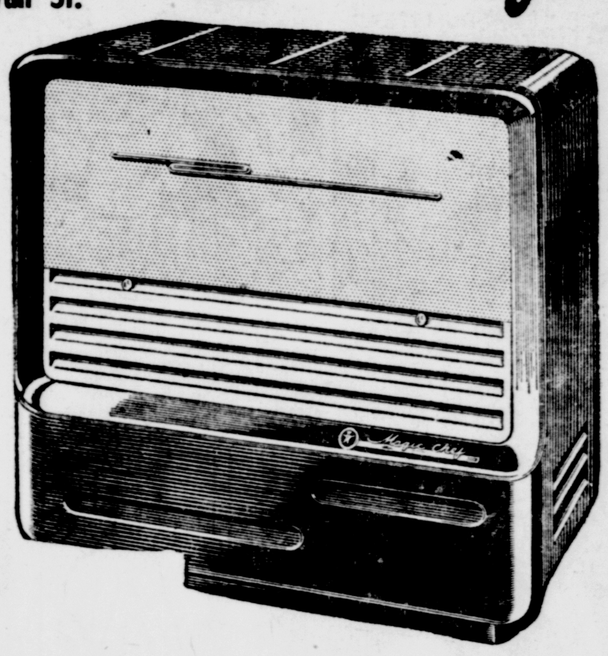

Sincerely,
WARREN J. SUSSIN.

Kingston Hospital Auxiliary Annual Report Submitted

At the recent annual meeting of the Kingston Hospital Auxiliary in the nurses' home, Mrs. Peter D. Corsones was re-elected president. The annual report was submitted by Mrs. Elbert F. MacFadden, recording secretary. There are 177 members including 25 new members, enrolled.

Other officers elected included Mrs. Parker K. Brinnier, 1st vice-president; Mrs. Joseph Jacobson, 2nd vice-president; Mrs. Elbert F. MacFadden, recording secretary; Mrs. Fred S. Carr, corresponding secretary, and Mrs. Arthur W. Hazenbush, treasurer. Mrs. Corsones will appoint all committee chairmen at the next meeting.

A call for volunteers is planned by Mrs. Robert S. Russell, chairman of the volunteer X-ray program, with a view to re-organizing the present schedule. Auxiliary members who have not taken an active part in the program, may do so, by contacting Mrs. Russell or Mrs. T. R. Smalldon.

Reports of all standing committee chairmen were given. Mrs. James M. Norton presented the slate of officers which were unanimously elected.

Over 150 members and guests enjoyed the fashion show presented by the Weisberg Specialty Shop. Mrs. Weisberg was commentator. Casual and more formal types of clothes were included in the show. Background music was played by Mrs. Morton D. Zucker at the piano.

The meeting was followed by a social hour when refreshments were served. Mrs. Parker K. Brinnier poured. Hostesses were Mrs. Peter D. Corsones, Mrs. Austin Boyd Jr., and Mrs. Timothy P. House.

The next meeting is scheduled for Tuesday, Oct. 28 at 7:45 p. m. in the nurses' home.

Annual report submitted by Mrs. MacFadden follows:

"During the past year the various committees of the auxiliary have accomplished many things. At Thanksgiving time, as in other years, each patient received a rose on his tray. The roses were donated by Mr. A. B. Shufeldt in memory of his wife.

"During the Christmas season, a beautifully deocrated tree was placed in the children's ward, and many colorful wreaths and flowers helped to lend a cheerful holiday spirit to the hospital. Mrs. James Norton was in charge of this project. In addition to the decorations, Mrs. Chester B. VanGaasbeek and Mrs. Mortimer Downer headed a committee which provided a Christmas gift for each ward patient.

"The annual dance of the Auxiliary was held February 2, in the Crystal Room of the Governor Clinton Hotel. Everyone was cordially invited to attend, and the dance was a great success both socially and financially. Chairman of the committee was Mrs. Frederic W. Holcomb, Sr.

"In March, the auxiliary began a new project of volunteer aid in the X-Ray department of the hospital. The duties of this program involve taking patients to and from the X-Ray department for routine chest X-Rays, and by so doing, the auxiliary has helped relieve nurses for other duties. This has proved to be one of the most successful and rewarding programs we have attempted. Mrs. Robert Russell was chairman of the project, and approximately 50 members have enthusiastically participated.

"The auxiliary took charge of a charity booth at the Lions Club Exposition in April, with Mrs. Timothy P. House serving as chairman. With members and student nurses in attendance at the booth, a movie depicting a typical hospital and its numerous services to the public was shown several times each evening. A pamphlet on the work of the Kingston Hospital Auxiliary was prepared by Mrs. Peter D. Corsones and Mrs. George Rifenbary, and was distributed at the booth, along with booklets describing the School of Nursing.

"On September 16, a dinner was held at Leherb's restaurant for the graduating class of the School of Nursing. Each graduate was presented with a gold pencil and yellow roses, the class flower. Many auxiliary members and members of the Board of Trustees of the Kingston Hospital were also present for the very enjoyable evening, which was planned by Mrs. Lester E. Sanford.

"The sewing committee, under the leadership of Mrs. Boyd Williams, arranged for the members to take home different articles to work on, to be used in the hospital. These articles included bassinet spreads, crib sheets, dresser scarves, and many other things requested by Mrs. Mack of the housekeeping department.

"The good cheer committee was busy all through the year, bringing candy, fruit, cigarettes and many other articles to the patients in the wards and semi-private rooms, and toys and candy to the children's ward. Every week an auxiliary member has brought the gifts around in the familiar basket, which has done much for the welfare and happiness of hospital patients. Members on this committee, which was headed by Mrs. Alfred W. Harder, were Mrs. Ted Smalldon, Mrs. George Rifenbary, Mrs. Fred Carr, Mrs. Robert Russell, Mrs. Joseph Garland, Mrs. Herman Knaust, and Mrs. Vincent Carputo.

"The hospitality committee did a fine job during the year, providing and serving delicious refreshments after each auxiliary meeting. This service, under the chairmanship of Mrs. Fred Carr, was greatly appreciated by us all, and helped to make each meeting most enjoyable.

"The programs presented at the meetings were planned by Mrs. Ted R. Smalldon, and were both instructive and entertaining. William B. Sheldon, superintendent of the Kingston Hospital spoke about the work performed by the hospital and the various ways in which auxiliary members could help. He presented some of the problems encountered in running the hospital and the need for volunteer aid.

"Mrs. Eileen Mack, head of the housekeeping department, talked to the members about the operation and problems in that department of the hospital and the ways in which the auxiliary could be of assistance.

"At another meeting Dr. Ted R. Smalldon, roentgenologist of the hospital, told the auxiliary of the great need for volunteer aid in taking patients to and from that department for routine chest X-Rays. In this way undetected TB can be spotted, and both patients and hospital personnel protected.

"Frank White, director of the Children's Home, spoke to the auxiliary about the purpose and set-up of that organization, which cares for children of broken homes.

"Jacob Tremper, secretary of the board of trustees of the Kingston Hospital, told of the workings of the public relations committee of the board of the hospital, which is set up to hear, adjudge, and attempt to settle any grievances connected with or directed toward the hospital. Mrs. George Rifenbary was appointed as representative from the auxiliary to that committee.

"The resolutions committee, with Mrs. N. LeVan Haver and Mrs. John Hathmaker as chairmen, presented an amendment that was voted in by the members, 'that no person is to hold the same office for more than two successive terms.'

"Mrs. Lester E. Sanford was chairman of the nurses activities committee, which provides information on any matter pertaining to the nurses. This committee also will provide corsages for each graduating nurse.

"The cancer committee, with Mrs. Conrad Heiselman as chairman, worked on a survey for the American Cancer Society, concerning smoking and lung cancer.

"Mrs. Joseph Jacobson was chairman of the purchasing and decorating committee, which had a placque placed in one of the hospital rooms in memory of Mrs. Howell.

"Mrs. Arthur Hazenbush was appointed as representative to the Ulster County Society of Social Agencies.

"The auxiliary decided to meet in the evening instead of the afternoon during the current year, to see if the members would find it more convenient to attend. A letter of appreciation was received from Miss Dolores Van Benschoten, recipient of the nurse's scholarship provided by the auxiliary.

"It was voted by the members to put the money left by Mrs. Hamilton in a savings account to be used when the new hospital is built.

"We are most grateful to The Kingston Daily Freeman, the Ulster County News, and station WKNY for their help in publicizing the activities of the auxiliary, which has done much toward furthering the success of our organization. Our thanks also go to the Lions Club for the booth we had at their exposition, giving us a chance to invite anyone interested in the welfare of the Kingston Hospital to join the auxiliary.

"The cooperation of our members, Mr. Sheldon, and Miss Almena Porter, superintendent of nurses, made this one of our most successful years. We hope to continue to add many new members, and look forward to a new year of opportunity to serve our community through our service to the Kingston Hospital."

Hard on Fire Violators

New York, Oct. 8 (AP)—Announcing a new "get-tough" policy to eliminate fire hazards throughout the city, Chief Magistrate John M. Murtagh said yesterday the new program will include "very strict enforcement." Imposition of "substantial fines" and threat of jail sentences to assure compliance and a block-by-block inspection of buildings in "bad areas," are included, he said. Murtagh announced the new policy and program following an hour-long meeting with Frederick Weaver, a deputy commissioner in charge of the housing division of the department of housing and buildings.

U. S. Railroad Mileage

With less than 6 per cent of the world's land area and about 6 per cent of the world's population, the United States has about 29 per cent of the world's railroad mileage.

As Pegler Sees It

looked up Smiley's personal history. He and Siegal had been, you might wish to know, associates of Hank Greenspun, a registered ex-convict and underworld fellow of note, who is the current hero of the New York political underworld in its conspiracy to get Senator Pat McCarran, of Nevada.

Smiley's business was to strike fear of exposure, broken leg, multiple contusions, abrasions and lacerations or sudden death into persons who left rubber checks at Siegal's gambling palace, the Flamingo, in Las Vegas. Mr. Greenspun, an alumnus of the law office of ex-Congressman Vito Marcantonio, who will never have to hang his head in shame before Joe Stalin, was the press agent for the mob which built Flamingo and a worthy member of a coterie which included Longie Zwillman, Meyer Lansky, the Fischettis of Chicago and Miami, Monk Shafer and Phil Kastel.

I have no more facts than most others who inevitably throw in the name of Frank Costello, but Barney Ruditzky, a retired New York cop, who ran a regular collection bureau for Mr. Siegal, under the droll name of Mr. Dett, did implicate him in a statement to the Los Angeles police and you may place whatever value you will on that.

But how I gabble on when I start reminiscing!

To get to the point, Allen Smiley, having just finished a year at McNeil Island prison, is now in Houston, Texas, the guest of a rich oil man with gamey taste in proteges. The deportation order is still good and awaiting execution.

Kingston Hospital Auxiliary Annual Report Submitted

At the recent annual meeting of the Kingston Hospital Auxiliary in the nurses' home, Mrs. Peter D. Corsones was re-elected president. The annual report was submitted by Mrs. Elbert F. MacFadden, recording secretary. There are 177 members including 25 new members, enrolled.

Other officers elected included Mrs. Parker K. Brinnier, 1st vice-president; Mrs. Joseph Jacobson, 2nd vice-president; Mrs. Elbert F. MacFadden, recording secretary; Mrs. Fred S. Carr, corresponding secretary, and Mrs. Arthur W. Hazenbush, treasurer. Mrs. Corsones will appoint all committee chairmen at the next meeting.

A call for volunteers is planned by Mrs. Robert S. Russell, chairman of the volunteer X-ray program, with a view to re-organizing the present schedule. Auxiliary members who have not taken an active part in the program, may do so, by contacting Mrs. Russell or Mrs. T. R. Smalldon.

Reports of all standing committee chairmen were given. Mrs. James M. Norton presented the slate of officers which were unanimously elected.

Over 150 members and guests enjoyed the fashion show presented by the Weisberg Specialty Shop. Mrs. Weisberg was commentator. Casual and more formal types of clothes were included in the show. Background music was played by Mrs. Morton D. Zucker at the piano.

The meeting was followed by a social hour when refreshments were served. Mrs. Parker K. Brinnier poured. Hostesses were Mrs. Peter D. Corsones, Mrs. Austin Boyd Jr., and Mrs. Timothy P. House.

The next meeting is scheduled for Tuesday, Oct. 28 at 7:45 p. m. in the nurses' home.

Annual report submitted by Mrs. MacFadden follows:

"During the past year the various committees of the auxiliary have accomplished many things. At Thanksgiving time, as in other years, each patient received a rose on his tray. The roses were donated by Mr. A. B. Shufeldt in memory of his wife.

"During the Christmas season, a beautifully deocrated tree was placed in the children's ward, and many colorful wreaths and flowers helped to lend a cheerful holiday spirit to the hospital. Mrs. James Norton was in charge of this project. In addition to the decorations, Mrs. Chester B. VanGaasbeek and Mrs. Mortimer Downer headed a committee which provided a Christmas gift for each ward patient.

"The annual dance of the Auxiliary was held February 2, in the Crystal Room of the Governor Clinton Hotel. Everyone was cordially invited to attend, and the dance was a great success both socially and financially. Chairman of the committee was Mrs. Frederic W. Holcomb, Sr.

"In March, the auxiliary began a new project of volunteer aid in the X-Ray department of the hospital. The duties of this program involve taking patients to and from the X-Ray department for routine chest X-Rays, and by so doing, the auxiliary has helped relieve nurses for other duties. This has proved to be one of the most successful and rewarding programs we have attempted. Mrs. Robert Russell was chairman of the project, and approximately 50 members have enthusiastically participated.

"The auxiliary took charge of a charity booth at the Lions Club Exposition in April, with Mrs. Timothy P. House serving as chairman. With members and student nurses in attendance at the booth, a movie depicting a typical hospital and its numerous services to the public was shown several times each evening. A pamphlet on the work of the Kingston Hospital Auxiliary was prepared by Mrs. Peter D. Corsones and Mrs. George Rifenbary, and was distributed at the booth, along with booklets describing the School of Nursing.

"On September 16, a dinner was held at Leherb's restaurant for the graduating class of the School of Nursing. Each graduate was presented with a gold pencil and yellow roses, the class flower. Many auxiliary members and members of the Board of Trustees of the Kingston Hospital were also present for the very enjoyable evening, which was planned by Mrs. Lester E. Sanford.

"The sewing committee, under the leadership of Mrs. Boyd Williams, arranged for the members to take home different articles to work on, to be used in the hospital. These articles included bassinet spreads, crib sheets, dresser scarves, and many other things requested by Mrs. Mack of the housekeeping department.

"The good cheer committee was busy all through the year, bringing candy, fruit, cigarettes and many other articles to the patients in the wards and semi-private rooms, and toys and candy to the children's ward. Every week an auxiliary member has brought the gifts around in the familiar basket, which has done much for the welfare and happiness of hospital patients. Members on this committee, which was headed by Mrs. Alfred W. Harder, were Mrs. Ted Smalldon, Mrs. George Rifenbary, Mrs. Fred Carr, Mrs. Robert Russell, Mrs. Joseph Garland, Mrs. Herman Knaust, and Mrs. Vincent Carputo.

"The hospitality committee did a fine job during the year, providing and serving delicious refreshments after each auxiliary meeting. This service, under the chairmanship of Mrs. Fred Carr, was greatly appreciated by us all, and helped to make each meeting most enjoyable.

"The programs presented at the meetings were planned by Mrs. Ted R. Smalldon, and were both instructive and entertaining. William B. Sheldon, superintendent of the Kingston Hospital spoke about the work performed by the hospital and the various ways in which auxiliary members could help. He presented some of the problems encountered in running the hospital and the need for volunteer aid.

"Mrs. Eileen Mack, head of the housekeeping department, talked to the members about the operation and problems in that department of the hospital and the ways in which the auxiliary could be of assistance.

"At another meeting Dr. Ted R. Smalldon, roentgenologist of the hospital, told the auxiliary of the great need for volunteer aid in taking patients to and from that department for routine chest X-Rays. In this way undetected TB can be spotted, and both patients and hospital personnel protected.

"Frank White, director of the Children's Home, spoke to the auxiliary about the purpose and set-up of that organization, which cares for children of broken homes.

"Jacob Tremper, secretary of the board of trustees of the Kingston Hospital, told of the workings of the public relations committee of the board of the hospital, which is set up to hear, adjudge, and attempt to settle any grievances connected with or directed toward the hospital. Mrs. George Rifenbary was appointed as representative from the auxiliary to that committee.

"The resolutions committee, with Mrs. N. LeVan Haver and Mrs. John Hathmaker as chairmen, presented an amendment that was voted in by the members, 'that no person is to hold the same office for more than two successive terms.'

"Mrs. Lester E. Sanford was chairman of the nurses activities committee, which provides information on any matter pertaining to the nurses. This committee also will provide corsages for each graduating nurse.

"The cancer committee, with Mrs. Conrad Heiselman as chairman, worked on a survey for the American Cancer Society, concerning smoking and lung cancer.

"Mrs. Joseph Jacobson was chairman of the purchasing and decorating committee, which had a placque placed in one of the hospital rooms in memory of Mrs. Howell.

"Mrs. Arthur Hazenbush was appointed as representative to the Ulster County Society of Social Agencies.

"The auxiliary decided to meet in the evening instead of the afternoon during the current year, to see if the members would find it more convenient to attend. A letter of appreciation was received from Miss Dolores Van Benschoten, recipient of the nurse's scholarship provided by the auxiliary.

"It was voted by the members to put the money left by Mrs. Hamilton in a savings account to be used when the new hospital is built.

"We are most grateful to The Kingston Daily Freeman, the Ulster County News, and station WKNY for their help in publicizing the activities of the auxiliary, which has done much toward furthering the success of our organization. Our thanks also go to the Lions Club for the booth we had at their exposition, giving us a chance to invite anyone interested in the welfare of the Kingston Hospital to join the auxiliary.

"The cooperation of our members, Mr. Sheldon, and Miss Almena Porter, superintendent of nurses, made this one of our most successful years. We hope to continue to add many new members, and look forward to a new year of opportunity to serve our community through our service to the Kingston Hospital."

looked up Smiley's personal history. He and Siegal had been, you might wish to know, associates of Hank Greenspun, a registered ex-convict and underworld fellow of note, who is the current hero of the New York political underworld in its conspiracy to get Senator Pat McCarran, of Nevada.

Smiley's business was to strike fear of exposure, broken leg, multiple contusions, abrasions and lacerations or sudden death into persons who left rubber checks at Siegal's gambling palace, the Flamingo, in Las Vegas. Mr. Greenspun, an alumnus of the law office of ex-Congressman Vito Marcantonio, who will never have to hang his head in shame before Joe Stalin, was the press agent for the mob which built Flamingo and a worthy member of a coterie which included Longie Zwillman, Meyer Lansky, the Fischettis of Chicago and Miami, Monk Shafer and Phil Kastel.

Hard on Fire Violators

New York, Oct. 8 (AP)—Announcing a new "get-tough" policy to eliminate fire hazards throughout the city, Chief Magistrate John M. Murtagh said yesterday the new program will include "very strict enforcement." Imposition of "substantial fines" and threat of jail sentences to assure compliance and a block-by-block inspection of buildings in "bad areas," are included, he said. Murtagh announced the new policy and program following an hour-long meeting with Frederick Weaver, a deputy commissioner in charge of the housing division of the department of housing and buildings.

JACOBY ON BRIDGE

Proper Bid of Kings Brings Many Points

By OSWALD JACOBY
Written for NEA Service

Probably the average person thinks of a college professor as a timid sort of chap who wears glasses and a thoughtful frown, who plays a nice snappy game of solitaire but wouldn't dream of going in for any other card game.

Actually, I know several college professors who play a very robust brand of contract bridge, and the hero of today's hand is one of them.

The West cards in today's hand were held by Professor Ivar Stakgold, of the Harvard mathematics faculty. The professor bid his two kings as though they had hair on their chest, and the result was a swing of more than three thousand points in his favor.

When Stakgold doubled four hearts, he had the impression that the opponents were struggling with a misfit hand. Actually, South would have won all thirteen tricks at four hearts doubled, for a score of 1390. (At match point the honors in hearts would not count.)

Instead of standing his ground, North ran to four spades, and East promptly doubled. East was no professor, but his double was very much like his partner's; North would have made at least eleven tricks and might well have made all thirteen at four spades doubled.

Once again North couldn't stand prosperity. He ran to five clubs, and East doubled once more on the assumption that his partner had good clubs. This was the only sound choice of the lot, and it reaped a rich harvest.

West opened the king of diamonds, and South ruffed with the five of clubs. Declarer saw that he had been talked out of a good score in either hearts or spades, so he decided to play the hand wide open to make five clubs doubled.

Acting on this theory, South led the seven of clubs to dummy's ace and returned a low club from the dummy. When East discarded a low heart, South moaned a powerful moan.

Professor Stakgold promptly took three trump tricks, after which the defenders ran five diamond tricks. Down six netted the East-West pair 1700 points on a hand in which they had earlier stood to lose 1390 points!

Probably the average person thinks of a college professor as a timid sort of chap who wears glasses and a thoughtful frown, who plays a nice snappy game of solitaire but wouldn't dream of going in for any other card game.

Actually, I know several college professors who play a very robust brand of contract bridge, and the hero of today's hand is one of them.

The West cards in today's hand were held by Professor Ivar Stakgold, of the Harvard mathematics faculty. The professor bid his two kings as though they had hair on their chest, and the result was a swing of more than three thousand points in his favor.

When Stakgold doubled four hearts, he had the impression that the opponents were struggling with a misfit hand. Actually, South would have won all thirteen tricks at four hearts doubled, for a score of 1390. (At match point the honors in hearts would not count.)

Instead of standing his ground, North ran to four spades, and East promptly doubled. East was no professor, but his double was very much like his partner's; North would have made at least eleven tricks and might well have made all thirteen at four spades doubled.

Once again North couldn't stand prosperity. He ran to five clubs, and East doubled once more on the assumption that his partner had good clubs. This was the only sound choice of the lot, and it reaped a rich harvest.

West opened the king of diamonds, and South ruffed with the five of clubs. Declarer saw that he had been talked out of a good score in either hearts or spades, so he decided to play the hand wide open to make five clubs doubled.

Acting on this theory, South led the seven of clubs to dummy's ace and returned a low club from the dummy. When East discarded a low heart, South moaned a powerful moan.

Professor Stakgold promptly took three trump tricks, after which the defenders ran five diamond tricks. Down six netted the East-West pair 1700 points on a hand in which they had earlier stood to lose 1390 points!

Mt. Fuji, sacred Japanese mountain, which has erupted 17 times in recorded Japanese history, was last active in 1708.

Reunion Is Held By Rondout Lodge

Rondout Lodge 343, F & AM, held a successful Old Timer's Reunion in the Masonic Temple, Albany avenue, Monday night in honor of those who have been members for 25 years or longer.

Every class from 1893 to 1927 was represented including members from Red Bank, N. J., Groton, Conn., Nichols, Conn., New York, Yonkers, Fishkill, Newburgh, Poughkeepsie, Highland, Lynbrook, Hunter, Albany and Troy. One member also was present from St. Petersburg, Fla.

A large delegation also was on hand from Newburgh Lodge, 309, F & AM, in honor of the guest speaker, William G. Marsden of Syracuse, a past master of Newburgh Lodge, 309.

Gives Interesting Talk

Marsden is superintendent of the Onondaga County Penitentiary, Jamesville. He has been an honorary member of Rondout Lodge since 1922.

The speaker's topic, Where Do We Go From Here, proved interesting not only to the older members but the younger ones as well.

Marsden was introduced by Alfred W. Tongue, past master of Rondout Lodge, and secretary for many years. Tongue has been a member of the lodge for 56 years.

Lionel B. Herrington, master of the lodge, received and welcomed the honored guests and turned the meeting over to Frank J. Strobel, past master of Rondout Lodge and past assistant grand lecturer of the Greene-Ulster Masonic District, who had charge of the program.

A number of old time songs were sung and the Rev. Herbert Killinder, chaplain of Rondout Lodge, offered prayer for the deceased members.

Documents on Display

Of particular interest was the display of many old and valuable documents, the minute books from 1854 when the lodge was first organized, the first visitor's register and numerous relics from the archives of the lodge of interest to the fraternity.

Following the meeting refreshments were served in the dining room and a social hour enjoyed which gave many the opportunity of renewing old friendships.

Pension Advice Is Given Korea Vets

Discharged Korean veterans with service connected disabilities or service aggravated ailments should file federal claims immediately to protect their interests and those of their families.

This advice comes from State Veteran Counselor Donald Moore and Director Howard Shurter of the Ulster County Veterans Service Agency, 32 Main street, where both are available for information concerning filing claims.

Veterans may also visit the branch offices Ellenville, Highland, Kerhonkson and Saugerties for advice.

"Korean veterans should profit by the experience of veterans from World Wars 1 and 2," Shurter said. "Perhaps a disability is of little importance today. Perhaps the amount of pension they would receive is inconsequential today, but if the veteran of the Korean conflict establishes a claim now and gets a C number assigned to him, he will be protected in later days when he may need the pension."

Testimony Concluded In Ellenville Case

Shoppers Asked To Give Tips on Business Areas

Everybody is invited to send suggestions and criticisms to the Kingston Chamber of Commerce relative to making business areas more attractive.

The Retail Merchants Committee will receive the communications then discuss at an open public forum in the future how something can be done about improving the business areas of the city.

"We want to know how the interests of the public can best be served," a spokesman said for the retail committee which held a special meeting Tuesday night.

It was decided at the meeting to talk over plans for winter citywide sales days, then present them to members on October 28, for final approval.

Noting that Friday and Saturday are the final days of registration, the retail committee urged all citizens to go to the polls to sign for voting on November 4.

Rural area residents were asked to check with officials in their election districts to make sure their names are listed.

Clyde Wonderly, Jr., and Lewis Jones were elected as co-chairmen of the Retail Merchants Committee.

It was the consensus of the committee that citywide retail activities should be handled through the Chamber of Commerce, but that Christmas decorations should be arranged for by district or regional groups of businessmen.

In 1952 Greece and Turkey agreed to permit citizens to cross the border between the two countries without passport.

SHOKAN NEWS

Shokan, Oct. 8—James Aldrich who was employed as chef on a Cornell tug, now has similar work at the Wayside Inn, Ellenville.

Mrs. A. J. Didier, the former Lillian Longyear of Shokan, returned to her home in Flushing last month following a visit with relatives in San Francisco. Mrs. Didier later flew to Rockford, Ill., to attend the funeral, September 27, of her niece, June Howson.

Joan Terhune and Anne Nardozzi, Mt. Vernon girls who spent several weeks in the village center last summer, called on friends here Saturday.

Callers at the corner store antique shop Friday included Mary Martin of Norwalk, O., who had been on a motor trip to Maine in search of collectors' itms for next season's business. Dealers in antiques constitute a not inconsiderable part of the Empire State's great fall influx of tourists, many of whom make it a point to pick up stuff while en route to their homes from a collecting trip to Canada and the New England States. Maine especially is reputed to be good hunting grounds for old lamps and other scarce things of the long ago.

Abram Longyear, who died September 29 in Kingston, had many friends in the reservoir country where he was a regular visitor for more than 30 years. Abe, member of one of the oldest Shandaken families, was a brother of Mrs. James H. Shurter who with her husband resided in Shokan for a time before removing to Texas.

The Ladies' Aid of the Shokan Reformed Church will sponsor a turkey supper Thursday evening, Oct. 9, in the church basement.

Wedding anniversaries falling October 6 included that of Harley Keator, Thomson Laundry driver in these parts for many years, and his wife who was Gertrude Shader. They were married 21 years ago in Kingston.

Jerry Phillips and Gould Personeus are currently employed on road work on the south side of the reservoir.

The Olive public health nursing committee will meet at the Ashokan schoolhouse Tuesday evening, October 7 at 7:30 o'clock. Dr. Paul Le Paige of Ashokan at this meeting will deliver a lecture and demonstrate the volunteer fire department resuscitator.

Echo of Waterworks Days: Oct. 8, 1910—The deer season in Ulster this year is October 16-31, inclusive. "No person shall take more than two deer and no fawns in spotted or red coat may be taken." This is the first time in many years, except 1907, when deer hunting has been permitted here.

Local Death Record

Miss Norma Cassell

Funeral services for Miss Norma Cassell of 56 Staples street, who died October 5, were held Tuesday at 2 p. m. from the parlors of A. Carr & Son, 1 Pearl street. The Rev. J. Dean Dykstra, pastor of Fair Street Reformed Church, officiated. Burial took place in Trinity Cemetery, Saugerties.

Donald F. McCausland

Donald F. McCausland, 34, a former resident of Kingston, died Tuesday in Muhlenberg Hospital, Plainfield, N. J., following a long illness. Mr. McCausland, a resident of 1370 Randolph road, Plainfield, had been a member of the personnel department of the Standard Oil Development Company in Linden, N. J., since 1947. Born in Kingston the son of Frank J. and Helen McCausland, Mr. McCausland also is survived by his wife, Helen Dacier McCausland; two daughters, Helen and Patricia; five sons, Donald, William, Robert, James and Richard; two sisters, Mrs. George Hill, Rochelle Park, N. J., and Mrs. Henry Thayer, Macon, Ga. He was a veteran of World War 2 service with the navy. Funeral services will be held Friday at 2 p. m. from the Miller Funeral Home, 310 Main street, Poughkeepsie. Burial will take place in Montrepose Cemetery, Kingston. Friends may call at the funeral home Thursday afternoon and night.

Fair, Cool Is Forecast

(By The Associated Press)

Generally fair and rather cool weather was the outlook again today for most of the eastern half of the country. Fairly mild weather continued in the far western states. Some warming was on the way for the midwest after several days of an early October cool spell. The warmer air extended from the Rockies to the Mississippi river and headed eastward. However, early morning temperatures were below freezing in some north central areas. It also was cooler today along the Atlantic and Gulf coasts. Showers hit the New England states and in parts of the southeast.

Kennan Takes Office

Bonn, Germany, Oct. 8 (AP)—George F. Kennan, the American ambassador whose recall has been demanded by Moscow, has taken an office in the U. S. high commission headquarters here and will work there temporarily as a State Department adviser on Russian affairs. Kennan has decided to remain in government service and Bonn appears the likeliest place to resume his work as an analyst of Soviet affairs, which he did in Washington before he was sent to Moscow. He said he would do this until he received further orders from Secretary of State Dean Acheson.

M. G. Fitzpatrick Dies

Olean, N. Y., Oct. 8 (AP)—Malachy G. Fitzpatrick, 84, publisher of the Olean Times and president of the Times Herald Publishing Co., Inc., died today at his home after an illness of several months. Fitzpatrick had published the newspaper for 41 years. He was active in the Republican party, having served as Cattaraugus county GOP chairman, and was a delegate to the 1932 national convention.

Reports Arm Fracture

Ruth Lawlor, of Shokan was admitted to Kingston Hospital late this morning for treatment of a fracture of the right arm. She reported at the hospital that the injury was suffered in a fall in an uptown store.

Dewey Will Make Call That Sparkman Quit

Albany, N. Y., Oct. 8 (AP)—Gov. Thomas E. Dewey will call on the Democrats tonight to remove Sen. John J. Sparkman of Alabama as the party's vice presidential candidate on the ground Sparkman is a "Jim Crow" candidate.

Dewey's office said the governor also would demand that Gov. Adlai Stevenson "withdraw from the Alabama ballot."

Dewey's acting secretary, Harry J. O'Donnell, said in a statement that "Gov. Dewey will disclose documentary evidence in a telecast tonight that both Gov. Stevenson and Sen. Sparkman are running for president and vice president of the United States on a 'Jim Crow' ticket."

Dewey is campaigning for the Republican candidate, Gen. Dwight D. Eisenhower.

High Tension Wire Melts Pavement

A high tension wire of 1,300 volts fell in the DeWitt street area early today, melted pavement and set fire to tar on the street.

Firemen were called at 12:37 a. m., shortly after which a bell alarm was sounded from Box 3631 at Abeel and Bernard streets.

Men and equipment from Cornell station responded and remained at the scene pending arrival of a crew from Central Hudson Gas and Electric Corp., which repaired the line.

Another call at 6:35 p. m., yesterday was for a fire in sawdust and debris at the bottom of two kilns of the Maple Block Corp., on Deyo street. A hydrant pump stream was used to quench the blaze.

A furnace blowback in the home of John Sahloff, 33 Furnace street, was the cause of another call at 9:21 a. m., today.

Psychologists Study Socks

Albuquerque, N. M. (AP) — Do you call a psychologist when you change your sox? The Army does, especially when it concerns climate. Dr. Robert F. Utter, of the University of New Mexico psychology department, has just returned from a year's leave of absence during which time he's been working on how to keep a soldier happy when he changes his clothes. Utter, who was head of the psychology unit of the Quartermaster Climatic Research Laboratory at Lawrence, Mass., said that "Among other things, I was testing the reactions of the men to new types of clothing materials. Since these materials feel different, we wanted to find out how long it took a soldier to get used to them." This can have a definite effect on the job the man does.

Police Raid Brokers

Paris, Oct. 8 (AP)—The Paris office of the big American brokerage firm of Bache and Company said today that French police had raided their office, taken most of their records and clamped a censorship on their cable messages, making it impossible for them to operate. E. Bates McKee, a partner of the New York (36 Wall street) firm, said no formal charges have been filed against the company but that the French evidently suspected violations of France's rigid exchange controls.

Gross Says He Was Told

New York, Oct. 8 (AP)—Harry Gross, jailed former Brooklyn bookie king, testified today he was informed in advance of police transfers affecting his gambling locations. Gross, serving a 12-year term on bookmaking charges, was a witness at a police departmental trial of 30 suspended plainclothes men accused of taking graft from him.

Mines Are Seized

La Paz, Bolivia, Oct. 8 (AP)—The national revolutionary government of President Victor Paz Estenssoro has seized the rich tin mines of Bolivia's three biggest companies. The takeover was the first step in nationalization of the country's biggest industry.

Steel, glass and chemical industries use about 20 per cent of U. S. coal production.

Seeks Volunteers To Help Promote Yule Seal Drive

James L. Rowe, county chairman of the 1952 Christmas Seal Sale, today issued a call for volunteers to help immediately with preparations for the campaign. This year's Christmas Seal Sale will be conducted from Nov. 17 to Jan. 1 and proceeds will be used for the support of the 1953 tuberculosis control program of the Ulster County Tuberculosis and Health Association.

Working on the central committee with Rowe are Herbert DeKay, Augustus P. Modjeska, Louis R. Netter, Howard St. John and Mrs. Ira Saxe.

"It would be impossible to conduct the Christmas Seal Sale without the valuable help of volunteers," Rowe said. "Volunteer workers from among the county residents help with various phases of the association's program the year round. But we need additional volunteers during the Christmas Seal Sale because of the many additional tasks involved in conducting the sale."

Many Helpers Needed

Rowe said that volunteers with all types of talents and abilities could find jobs they could do at Christmas Seal headquarters.

"For example, we need people to fold Christmas Seals, to type addresses on envelopes, and to sort mail," he explained. "We also need speakers and writers to help with the Christmas Seal Sale information program. Those who volunteer their services for the Christmas Seal Sale will have the satisfaction of knowing that they are helping make this community a healthier one in which to live," Rowe said. He emphasized that any time that anyone could give during the day or evening would be deeply appreciated.

It's Worth $2,000

New Britain, Conn., Oct. 8 (AP)—Edward Guillaro said today it will cost him about $2,000 for something he "wouldn't swap for a million." Guillaro, who operated a restaurant here before he retired, flew in yesterday from Naples, Italy, to (1) vote in the November presidential election, and (2) renew his visa. After the election he says he'll return for a while to Italy where he has been vacationing since his retirement. "I wouldn't give up my American citizenship for a million," said Guillaro, who maintains a legal residence in this city.

Murder, Suicide Reported

Angola, N. Y., Oct. 8 (AP)—A U. S. postal clerk and his wife were found fatally wounded in the bedroom of their home in this Erie county village. Angola Police Chief Alwin Pauli said there was no doubt that it was a case of murder and suicide. The victims were Peter J. Schuman, 63, and his wife, Meta, 65. Pauli said Schuman was clutching a .38 caliber revolver. Pauli said a note addressed to an adopted daughter was found. It read: "We are both washed up and there is no need of our suffering any longer."

Wendy Barrie Sues

New York, Oct. 8 (AP)—Actress Wendy Barrie is suing her former husband for $250,000 for alleged slander. She charges he gossiped that she was living immorally with a man and supporting him. Miss Barrie denied the charges in a complaint filed yesterday in Federal Court against David L. Meyer. She said he slandered her thrice last spring by telling various persons here and in Florida that she was "openly living with 'Cappy' Smith as man and wife without being married, and is supporting him." Smith was not identified in the suit.

Policeman's Body Found

New York, Oct. 8 (AP)—The mangled body of a policeman was found early today on Independent subway tracks near the Lafayette avenue station in Brooklyn. Police tentatively identified the victim as Patrolman Thomas B. McCormack, 36, assigned to the Classon avenue precinct, Brooklyn. The body was found when a train was stalled by an automatic tripper that cut off the power supply. Traffic between the Hoyt-Schermerhorn and Kingston-Throop stations was halted for an hour.

Branca Fined $200

New York, Oct. 8 (AP)—Baseball Commissioner Ford Frick today fined Brooklyn pitcher Ralph Branca $200 for heckling Umpire Larry Goetz in yesterday's final game of the World Series. Goetz, the plate umpire yesterday, turned to the Brooklyn bench in the eighth inning and then ejected Branca. The pitcher said it was a case of mistaken identity. "It was Rocky Nelson at the time," said Branca, "but I got the thumb. Nobody was cursing. The whole bench was hollering to Goetz to keep his eyes on the ball, that this game meant a lot."

Cotton Crop Estimated

Washington, Oct. 8 (AP)—The Agriculture Department, in a harvest-time report, today estimated this year's cotton crop at 14,413,000 bales of 500 pounds gross weight. This figure is 524,000 bales more than last month's forecast of 13,889,000 bales. It compares with 15,144,000 produced last year and 11,775,000 for the ten-year (1941-50) average.

About the Folks

Mrs. Joseph Simpson of Bloomington is a patient in Albany Hospital.

John L. MacKinnon, chiropractor, and Mrs. MacKinnon, of 181 North Manor avenue, are spending the weekend in New York. He is attending Dr. M. B. deJarnette's class in advanced chiropractics. They will return Monday evening.

Financial and Commercial

New York, Oct. 8 (AP)—Railroad strength powered an advance today in the stock market.

Railroads displayed excellent gains running in many cases from 1 to a little past 2 points. The rest of the market, however, was content with fractional gains. Losses throughout were scattered and small.

Volume ran at a rate well above a million shares for the entire day. That contrasts sharply with yesterday meager showing of 950,000 shares.

Buying in the rails started in the second hour and evoked a response in a dozen or so individual issues. Among major groups the steels showed some activity at higher prices, while most other groups were higher without especial emphasis on activity.

Among railroads up from 1 to more than 2 points were Atlantic Coast Line, Northern Pacific, Santa Fe, Southern Railway, Union Pacific, and Nickel Plate.

82 Persons Killed

on the first death list issued by the state-owned British Railways. His name was given as Donald G. Woodvale, U. S. Air Force Serial Number 19372075, stationed at the USAF Maintenance Depot in the United Kingdom.

It was Britain's worst wreck in 37 years. A dozen coaches were in a pile of wreckage in the heart of the Harrow station.

The crash occurred only three miles from headquarters of the U. S. Eighth Air Force at South Ruislip. Few airmen living there normally use the trains involved. No reports had been received that any of them were among the dead or injured. An American passport was found in a wrecked car, but police declined to give the owner's name pending a check of the dead and injured.

Similar to L. I. Railroad

"Just the same setup as the Long Island Railroad, commented Col. Alexander R. McMillan of the U. S. Third Air Force on surveying the wreckage. He said the layout of the tracks on the approach to London was remarkably similar to approaches to New York which have been the scene of Long Island Railroad disasters.

McMillan came to Harrow to watch about 20 American staff surgeons and medical technicians who were rushed to the scene and were credited with saving many lives by being the first to arrive with blood plasma. The Americans are attached to the 7th Air Division and the Third Air Force. American Air Force stations at West Drayton and Bushey Park sent all their available personnel and equipment to join eight doctors and 35 medical orderlies from South Ruislip at the scene.

A giant railway crane was brought in to lift the coaches apart. A rescue official said it would be hours before the full extent of the casualties was known.

B-29 Vanishes After

belching black smoke, crashed into the sea near Nemuro, northeast Hokkaido, at about 2:20 p. m. yesterday. They said the plane hit in Russian controlled territory.

The spokesman refused comment on that.

The air force said the Japan-based superfort was on a routine flight at 15,000 feet and "was under the customary U. S. radar observation." The radar plot showed it was heading east.

Search Underway

The spokesman said it was possible for two planes in the same general area to merge on a radar scope if they are close together. He said it was possible for a plane to go below the range of the radar line of sight. This could account for the disappearance of the unidentified plane.

Thunderjet fighters and an SA-16 twin engine amphibian search plane yesterday sighted an oil slick two miles east of Ochiishi on the southern shore of the Nemuro Peninsula, the Air Force said.

The hunt was resumed today but a 200-foot ceiling hampered searchers.

Lutzel Runs Afoul

cidental shooting he had no recollection of what happened as he drove to New York and abandoned the car.

Later he gave himself up to New York police officers and was returned to Ulster county to stand trial. Lutzel denied any quarrel between himself and Miss Bergemann or that he intended to shoot her.

Lorin Clearwater Found Guilty in Coin Theft Case

A city court jury last night brought in a verdict of guilty following trial of Lorin Clearwater, 18, of Brook street, on a petit larceny charge arising of the theft of a coin collection valued at $90 from Walter Glennon, of Abeel street last month.

Charles Saccoman, attorney for the defendant, moved to dismiss the verdict on the grounds that there was no corroborative evidence indicating the defendant was a participant in the crime, and that the information was not an affidavit or deposition, but a mere statement. Assistant City Judge Harry Gold reserved decision on the motion.

Three others, Richard Bell, 17, of 61 Broadway; Victor J. Komasa, Jr., of 47 Murray street, and Duane Hamilton, 17, of 177 Murray street, were arrested in conjunction with the theft.

Two Pleaded Guilty

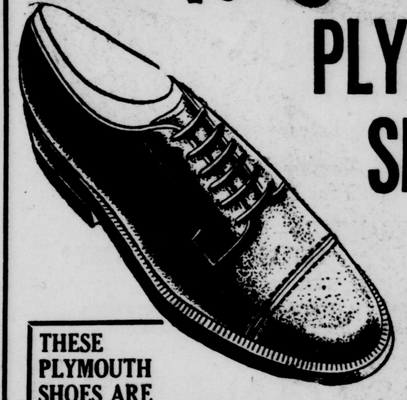

Bell and Komasa, pleaded guilty and made restitution some time ago, and their cases were disposed of. Hamilton pleaded not guilty and his case is scheduled for trial.

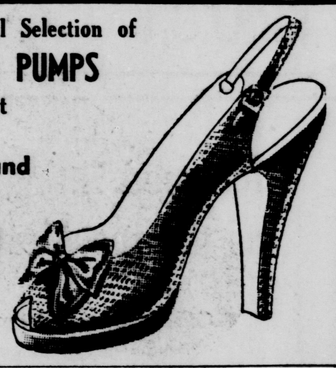

Attorney Saccoman held that the testimony of two accomplices in the alleged theft was insufficient evidence against the defendant. Attorney John Larkin appeared for the district attorney's office.

The four were arrested early last month following an investigation by Detective Clarence Brophy.

Shoppers Asked To Give Tips on Business Areas

Everybody is invited to send suggestions and criticisms to the Kingston Chamber of Commerce relative to making business areas more attractive.

The Retail Merchants Committee will receive the communications then discuss at an open public forum in the future how something can be done about improving the business areas of the city.

"We want to know how the interests of the public can best be served," a spokesman said for the retail committee which held a special meeting Tuesday night.

It was decided at the meeting to talk over plans for winter citywide sales days, then present them to members on October 28, for final approval.

Noting that Friday and Saturday are the final days of registration, the retail committee urged all citizens to go to the polls to sign for voting on November 4.

Rural area residents were asked to check with officials in their election districts to make sure their names are listed.

Clyde Wonderly, Jr., and Lewis Jones were elected as co-chairmen of the Retail Merchants Committee.

It was the consensus of the committee that citywide retail activities should be handled through the Chamber of Commerce, but that Christmas decorations should be arranged for by district or regional groups of businessmen.

In 1952 Greece and Turkey agreed to permit citizens to cross the border between the two countries without passport.

SHOKAN NEWS

Shokan, Oct. 8—James Aldrich who was employed as chef on a Cornell tug, now has similar work at the Wayside Inn, Ellenville.

Mrs. A. J. Didier, the former Lillian Longyear of Shokan, returned to her home in Flushing last month following a visit with relatives in San Francisco. Mrs. Didier later flew to Rockford, Ill., to attend the funeral, September 27, of her niece, June Howson.

Joan Terhune and Anne Nardozzi, Mt. Vernon girls who spent several weeks in the village center last summer, called on friends here Saturday.

Callers at the corner store antique shop Friday included Mary Martin of Norwalk, O., who had been on a motor trip to Maine in search of collectors' itms for next season's business. Dealers in antiques constitute a not inconsiderable part of the Empire State's great fall influx of tourists, many of whom make it a point to pick up stuff while en route to their homes from a collecting trip to Canada and the New England States. Maine especially is reputed to be good hunting grounds for old lamps and other scarce things of the long ago.

Abram Longyear, who died September 29 in Kingston, had many friends in the reservoir country where he was a regular visitor for more than 30 years. Abe, member of one of the oldest Shandaken families, was a brother of Mrs. James H. Shurter who with her husband resided in Shokan for a time before removing to Texas.

The Ladies' Aid of the Shokan Reformed Church will sponsor a turkey supper Thursday evening, Oct. 9, in the church basement.

Wedding anniversaries falling October 6 included that of Harley Keator, Thomson Laundry driver in these parts for many years, and his wife who was Gertrude Shader. They were married 21 years ago in Kingston.

Jerry Phillips and Gould Personeus are currently employed on road work on the south side of the reservoir.

The Olive public health nursing committee will meet at the Ashokan schoolhouse Tuesday evening, October 7 at 7:30 o'clock. Dr. Paul Le Paige of Ashokan at this meeting will deliver a lecture and demonstrate the volunteer fire department resuscitator.

Echo of Waterworks Days: Oct. 8, 1910—The deer season in Ulster this year is October 16-31, inclusive. "No person shall take more than two deer and no fawns in spotted or red coat may be taken." This is the first time in many years, except 1907, when deer hunting has been permitted here.

Friends may call at the funeral home Thursday afternoon and night.

Fair, Cool Is Forecast

(By The Associated Press)

Generally fair and rather cool weather was the outlook again today for most of the eastern half of the country. Fairly mild weather continued in the far western states. Some warming was on the way for the midwest after several days of an early October cool spell. The warmer air extended from the Rockies to the Mississippi river and headed eastward. However, early morning temperatures were below freezing in some north central areas. It also was cooler today along the Atlantic and Gulf coasts. Showers hit the New England states and in parts of the southeast.

Kennan Takes Office

Bonn, Germany, Oct. 8 (AP)—George F. Kennan, the American ambassador whose recall has been demanded by Moscow, has taken an office in the U. S. high commission headquarters here and will work there temporarily as a State Department adviser on Russian affairs. Kennan has decided to remain in government service and Bonn appears the likeliest place to resume his work as an analyst of Soviet affairs, which he did in Washington before he was sent to Moscow. He said he would do this until he received further orders from Secretary of State Dean Acheson.

M. G. Fitzpatrick Dies

Olean, N. Y., Oct. 8 (AP)—Malachy G. Fitzpatrick, 84, publisher of the Olean Times and president of the Times Herald Publishing Co., Inc., died today at his home after an illness of several months. Fitzpatrick had published the newspaper for 41 years. He was active in the Republican party, having served as Cattaraugus county GOP chairman, and was a delegate to the 1932 national convention.

Reports Arm Fracture

Ruth Lawlor, of Shokan was admitted to Kingston Hospital late this morning for treatment of a fracture of the right arm. She reported at the hospital that the injury was suffered in a fall in an uptown store.

Dewey Will Make Call That Sparkman Quit

Albany, N. Y., Oct. 8 (AP)—Gov. Thomas E. Dewey will call on the Democrats tonight to remove Sen. John J. Sparkman of Alabama as the party's vice presidential candidate on the ground Sparkman is a "Jim Crow" candidate.

Dewey's office said the governor also would demand that Gov. Adlai Stevenson "withdraw from the Alabama ballot."

Dewey's acting secretary, Harry J. O'Donnell, said in a statement that "Gov. Dewey will disclose documentary evidence in a telecast tonight that both Gov. Stevenson and Sen. Sparkman are running for president and vice president of the United States on a 'Jim Crow' ticket."

Dewey is campaigning for the Republican candidate, Gen. Dwight D. Eisenhower.

High Tension Wire Melts Pavement

A high tension wire of 1,300 volts fell in the DeWitt street area early today, melted pavement and set fire to tar on the street.

Firemen were called at 12:37 a. m., shortly after which a bell alarm was sounded from Box 3631 at Abeel and Bernard streets.

Men and equipment from Cornell station responded and remained at the scene pending arrival of a crew from Central Hudson Gas and Electric Corp., which repaired the line.

Another call at 6:35 p. m., yesterday was for a fire in sawdust and debris at the bottom of two kilns of the Maple Block Corp., on Deyo street. A hydrant pump stream was used to quench the blaze.

A furnace blowback in the home of John Sahloff, 33 Furnace street, was the cause of another call at 9:21 a. m., today.

Psychologists Study Socks

Albuquerque, N. M. (AP) — Do you call a psychologist when you change your sox? The Army does, especially when it concerns climate. Dr. Robert F. Utter, of the University of New Mexico psychology department, has just returned from a year's leave of absence during which time he's been working on how to keep a soldier happy when he changes his clothes. Utter, who was head of the psychology unit of the Quartermaster Climatic Research Laboratory at Lawrence, Mass., said that "Among other things, I was testing the reactions of the men to new types of clothing materials. Since these materials feel different, we wanted to find out how long it took a soldier to get used to them." This can have a definite effect on the job the man does.

Police Raid Brokers

Paris, Oct. 8 (AP)—The Paris office of the big American brokerage firm of Bache and Company said today that French police had raided their office, taken most of their records and clamped a censorship on their cable messages, making it impossible for them to operate. E. Bates McKee, a partner of the New York (36 Wall street) firm, said no formal charges have been filed against the company but that the French evidently suspected violations of France's rigid exchange controls.

Gross Says He Was Told

New York, Oct. 8 (AP)—Harry Gross, jailed former Brooklyn bookie king, testified today he was informed in advance of police transfers affecting his gambling locations. Gross, serving a 12-year term on bookmaking charges, was a witness at a police departmental trial of 30 suspended plainclothes men accused of taking graft from him.

Mines Are Seized

La Paz, Bolivia, Oct. 8 (AP)—The national revolutionary government of President Victor Paz Estenssoro has seized the rich tin mines of Bolivia's three biggest companies. The takeover was the first step in nationalization of the country's biggest industry.

Steel, glass and chemical industries use about 20 per cent of U. S. coal production.

Seeks Volunteers To Help Promote Yule Seal Drive

James L. Rowe, county chairman of the 1952 Christmas Seal Sale, today issued a call for volunteers to help immediately with preparations for the campaign. This year's Christmas Seal Sale will be conducted from Nov. 17 to Jan. 1 and proceeds will be used for the support of the 1953 tuberculosis control program of the Ulster County Tuberculosis and Health Association.

Working on the central committee with Rowe are Herbert DeKay, Augustus P. Modjeska, Louis R. Netter, Howard St. John and Mrs. Ira Saxe.

"It would be impossible to conduct the Christmas Seal Sale without the valuable help of volunteers," Rowe said. "Volunteer workers from among the county residents help with various phases of the association's program the year round. But we need additional volunteers during the Christmas Seal Sale because of the many additional tasks involved in conducting the sale."

Many Helpers Needed

Rowe said that volunteers with all types of talents and abilities could find jobs they could do at Christmas Seal headquarters.

"For example, we need people to fold Christmas Seals, to type addresses on envelopes, and to sort mail," he explained. "We also need speakers and writers to help with the Christmas Seal Sale information program. Those who volunteer their services for the Christmas Seal Sale will have the satisfaction of knowing that they are helping make this community a healthier one in which to live," Rowe said. He emphasized that any time that anyone could give during the day or evening would be deeply appreciated.

It's Worth $2,000

New Britain, Conn., Oct. 8 (AP)—Edward Guillaro said today it will cost him about $2,000 for something he "wouldn't swap for a million." Guillaro, who operated a restaurant here before he retired, flew in yesterday from Naples, Italy, to (1) vote in the November presidential election, and (2) renew his visa. After the election he says he'll return for a while to Italy where he has been vacationing since his retirement. "I wouldn't give up my American citizenship for a million," said Guillaro, who maintains a legal residence in this city.

Murder, Suicide Reported

Angola, N. Y., Oct. 8 (AP)—A U. S. postal clerk and his wife were found fatally wounded in the bedroom of their home in this Erie county village. Angola Police Chief Alwin Pauli said there was no doubt that it was a case of murder and suicide. The victims were Peter J. Schuman, 63, and his wife, Meta, 65. Pauli said Schuman was clutching a .38 caliber revolver. Pauli said a note addressed to an adopted daughter was found. It read: "We are both washed up and there is no need of our suffering any longer."

Wendy Barrie Sues

New York, Oct. 8 (AP)—Actress Wendy Barrie is suing her former husband for $250,000 for alleged slander. She charges he gossiped that she was living immorally with a man and supporting him. Miss Barrie denied the charges in a complaint filed yesterday in Federal Court against David L. Meyer. She said he slandered her thrice last spring by telling various persons here and in Florida that she was "openly living with 'Cappy' Smith as man and wife without being married, and is supporting him." Smith was not identified in the suit.

Policeman's Body Found

New York, Oct. 8 (AP)—The mangled body of a policeman was found early today on Independent subway tracks near the Lafayette avenue station in Brooklyn. Police tentatively identified the victim as Patrolman Thomas B. McCormack, 36, assigned to the Classon avenue precinct, Brooklyn. The body was found when a train was stalled by an automatic tripper that cut off the power supply. Traffic between the Hoyt-Schermerhorn and Kingston-Throop stations was halted for an hour.

Branca Fined $200

New York, Oct. 8 (AP)—Baseball Commissioner Ford Frick today fined Brooklyn pitcher Ralph Branca $200 for heckling Umpire Larry Goetz in yesterday's final game of the World Series. Goetz, the plate umpire yesterday, turned to the Brooklyn bench in the eighth inning and then ejected Branca. The pitcher said it was a case of mistaken identity. "It was Rocky Nelson at the time," said Branca, "but I got the thumb. Nobody was cursing. The whole bench was hollering to Goetz to keep his eyes on the ball, that this game meant a lot."

Cotton Crop Estimated

Washington, Oct. 8 (AP)—The Agriculture Department, in a harvest-time report, today estimated this year's cotton crop at 14,413,000 bales of 500 pounds gross weight. This figure is 524,000 bales more than last month's forecast of 13,889,000 bales. It compares with 15,144,000 produced last year and 11,775,000 for the ten-year (1941-50) average.

Financial and Commercial

New York, Oct. 8 (AP)—Railroad strength powered an advance today in the stock market.

Railroads displayed excellent gains running in many cases from 1 to a little past 2 points. The rest of the market, however, was content with fractional gains. Losses throughout were scattered and small.

Volume ran at a rate well above a million shares for the entire day. That contrasts sharply with yesterday meager showing of 950,000 shares.

Buying in the rails started in the second hour and evoked a response in a dozen or so individual issues. Among major groups the steels showed some activity at higher prices, while most other groups were higher without especial emphasis on activity.

Among railroads up from 1 to more than 2 points were Atlantic Coast Line, Northern Pacific, Santa Fe, Southern Railway, Union Pacific, and Nickel Plate.

82 Persons Killed

on the first death list issued by the state-owned British Railways. His name was given as Donald G. Woodvale, U. S. Air Force Serial Number 19372075, stationed at the USAF Maintenance Depot in the United Kingdom.

It was Britain's worst wreck in 37 years. A dozen coaches were in a pile of wreckage in the heart of the Harrow station.

The crash occurred only three miles from headquarters of the U. S. Eighth Air Force at South Ruislip. Few airmen living there normally use the trains involved. No reports had been received that any of them were among the dead or injured. An American passport was found in a wrecked car, but police declined to give the owner's name pending a check of the dead and injured.

Similar to L. I. Railroad

"Just the same setup as the Long Island Railroad, commented Col. Alexander R. McMillan of the U. S. Third Air Force on surveying the wreckage. He said the layout of the tracks on the approach to London was remarkably similar to approaches to New York which have been the scene of Long Island Railroad disasters.

McMillan came to Harrow to watch about 20 American staff surgeons and medical technicians who were rushed to the scene and were credited with saving many lives by being the first to arrive with blood plasma. The Americans are attached to the 7th Air Division and the Third Air Force. American Air Force stations at West Drayton and Bushey Park sent all their available personnel and equipment to join eight doctors and 35 medical orderlies from South Ruislip at the scene.

A giant railway crane was brought in to lift the coaches apart. A rescue official said it would be hours before the full extent of the casualties was known.

B-29 Vanishes After

belching black smoke, crashed into the sea near Nemuro, northeast Hokkaido, at about 2:20 p. m. yesterday. They said the plane hit in Russian controlled territory.

The spokesman refused comment on that.

The air force said the Japan-based superfort was on a routine flight at 15,000 feet and "was under the customary U. S. radar observation." The radar plot showed it was heading east.

Search Underway

The spokesman said it was possible for two planes in the same general area to merge on a radar scope if they are close together. He said it was possible for a plane to go below the range of the radar line of sight. This could account for the disappearance of the unidentified plane.

Thunderjet fighters and an SA-16 twin engine amphibian search plane yesterday sighted an oil slick two miles east of Ochiishi on the southern shore of the Nemuro Peninsula, the Air Force said.

The hunt was resumed today but a 200-foot ceiling hampered searchers.

cidental shooting he had no recollection of what happened as he drove to New York and abandoned the car.

Later he gave himself up to New York police officers and was returned to Ulster county to stand trial. Lutzel denied any quarrel between himself and Miss Bergemann or that he intended to shoot her.

Lorin Clearwater Found Guilty in Coin Theft Case

A city court jury last night brought in a verdict of guilty following trial of Lorin Clearwater, 18, of Brook street, on a petit larceny charge arising of the theft of a coin collection valued at $90 from Walter Glennon, of Abeel street last month.

Charles Saccoman, attorney for the defendant, moved to dismiss the verdict on the grounds that there was no corroborative evidence indicating the defendant was a participant in the crime, and that the information was not an affidavit or deposition, but a mere statement. Assistant City Judge Harry Gold reserved decision on the motion.

Three others, Richard Bell, 17, of 61 Broadway; Victor J. Komasa, Jr., of 47 Murray street, and Duane Hamilton, 17, of 177 Murray street, were arrested in conjunction with the theft.

Two Pleaded Guilty

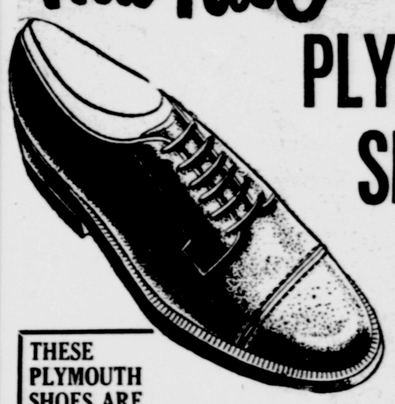

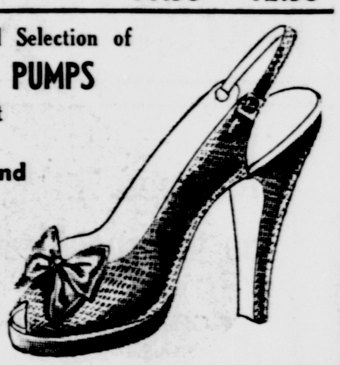

Bell and Komasa, pleaded guilty and made restitution some time ago, and their cases were disposed of. Hamilton pleaded not guilty and his case is scheduled for trial.

Attorney Saccoman held that the testimony of two accomplices in the alleged theft was insufficient evidence against the defendant. Attorney John Larkin appeared for the district attorney's office.

The four were arrested early last month following an investigation by Detective Clarence Brophy.

Jacoby on Canasta

LEARN FROM PREVIOUS ERRORS

By OSWALD JACOBY
Written for NEA Service

"Please settle an argument over a Canasta hand," requests a Pittsburgh correspondent.

"Both sides needed 120 points to go down. Our score was 4800 and the opponents had 3800. The pack grew very large, with natural canastas of all the small cards.

"Finally my partner went down with three queens, joker and deuce; and a separate meld of two jacks and a deuce. The next player promptly froze the pack, and I assumed that she did so in order to prevent our side from taking the pack with one natural card and one wild card.

"I held two queens, one jack, four tens, two deuces, and three odd cards. I didn't know just what to do, but decided to throw one of my four tens.

"My discard got by safely enough, but my partner discarded an eight at her next turn, and the pack was picked up. As a result, the opponents scored several natural canastas and won the game.

"Had I made the canasta of queens at once (by adding my two queens to my partner's meld) and had I also melded my tens, my partner could have gone out at her next turn. We would have won by a very handsome score.

"With so little on the board, just queens and jacks, I didn't think she had a chance to go out so quickly and I hated to lose my chance to win the pack.

"Was my play unlucky or unskillful?"

I am sorry to say that my correspondent made an unskilled play. Let us hope that this disaster will teach her a lesson from which she can profit the next time she plays.

Her partner melded only queens and jacks, but it is important to note that the partner was left with only three cards in her hand. Obviously, a hand with only three cards cannot be terribly far from melding out. Equally important, a hand with only three cards cannot be expected to defend the discard pile effectively.

My correspondent should have resigned herself immediately to eventual loss of the discard pile. Her only hope was that her partner could meld out before the opponents could take the pile.

The correct play was to meld the two queens and three tens and to discard a deuce. This would combine maximum safety with the maximum chance for melding out.

Mr. Jacoby is unable to answer individual questions on Canasta from readers. However, he will include the most frequently asked questions in his column.

U. S. Has 400 'Strads'

Los Angeles (AP) — There are 30 Stradivari violins in Los Angeles county, according to the latest tabulation by musicologists. Of the 550 known Strads, 400 of them are in the United States. The heavy concentration in the Los Angeles area is the result of lucrative motion picture work which has drawn many top violinists. Most famous Strad owner here is Jascha Heifetz, who owns the instrument once belonging to Ferdinand David, 19th century violin expert. Others include Sascha Jacobson, ex-concertmaster, and David Frisina, present concertmaster of the Los Angeles Philharmonic; Eudice Shapiro, RKO studio orchestra; Israel Baker, Los Angeles Chamber Symphony, and Toscha Seidel, Paramount studio concertmaster. The maker of these instruments was Antonio Stradivari, best known of the Cremona, Italy, violin-making family. A Stradivari violin today is worth from $20,000 to $75,000.

WALLKILL

Wallkill, Oct. 8 — On Sunday, Sept. 21, at 2 p. m., Miss Irene McLinden, daughter of Mrs. James J. McLinden and the late Mr. McLinden became the bride of Angelo S. Ruggiero, son of Mrs. G. Domenicucci and the late Joseph Ruggiero of Plattekill at the St. Benedict's Church in Wallkill. The church was decorated with white gladioli and white pompons. The Rev. William O'Brien officiated at the double ringe ceremony and Mrs. Harold Adams, organist played Ave Maria and other wedding selections.

The bride walked unescorted to the altar attired in an ivory satin, strapless, ballerina-length wedding gown with a cascade back of nylon tulle and matching long, pointed sleeve jacket. She wore a finger-tip veil to which was attached a crown of seed pearls and rhinestones and carried a cascade bouquet of white roses and stephanotis in which a silver rosary was entwined.

Miss Helen R. Harrigan of Westwood, N. J., was maid of honor. She wore a deep violet gown with velvet bodice and nylon net over a taffeta skirt. She carried a lily and talisman rose bouquet.

Joseph Marra of Hillsdale, N. J., was best man. Carl Piperato of Wallkill and Anthony Piperator of Newburgh were ushers.

A reception for 100 guests was held at The Fireplace, Walden, with John DeSantis of Maybrook providing the organ music. The guests were present from Ohio, Wallkill, Brooklyn, Long Island and New Jersey.

Mrs. Ruggiero was employed at the Wallkill Post Office until July of this year. She is a graduate of Wallkill Central School and a member of St. Benedict's Church in Wallkill. Her husband is a student in electrical engineering at New York University. He is a graduate of Wallkill Central School and a member of St. Mary's Church, Newburgh, and Delta Chapter, Psi Upsilion of New York University. He has served four years in the U. S. Marines and is at this time a member of the Reserve Officers Training Corps.

After a trip through the New England states and northern New York, the couple are at home in their newly decorated apartment on Main street.

Jacoby on Canasta

LEARN FROM PREVIOUS ERRORS

By OSWALD JACOBY
Written for NEA Service

"Please settle an argument over a Canasta hand," requests a Pittsburgh correspondent.

"Both sides needed 120 points to go down. Our score was 4800 and the opponents had 3800. The pack grew very large, with natural canastas of all the small cards.

"Finally my partner went down with three queens, joker and deuce; and a separate meld of two jacks and a deuce. The next player promptly froze the pack, and I assumed that she did so in order to prevent our side from taking the pack with one natural card and one wild card.

"I held two queens, one jack, four tens, two deuces, and three odd cards. I didn't know just what to do, but decided to throw one of my four tens.

"My discard got by safely enough, but my partner discarded an eight at her next turn, and the pack was picked up. As a result, the opponents scored several natural canastas and won the game.

"Had I made the canasta of queens at once (by adding my two queens to my partner's meld) and had I also melded my tens, my partner could have gone out at her next turn. We would have won by a very handsome score.

"With so little on the board, just queens and jacks, I didn't think she had a chance to go out so quickly and I hated to lose my chance to win the pack.

"Was my play unlucky or unskillful?"

I am sorry to say that my correspondent made an unskilled play. Let us hope that this disaster will teach her a lesson from which she can profit the next time she plays.

Her partner melded only queens and jacks, but it is important to note that the partner was left with only three cards in her hand. Obviously, a hand with only three cards cannot be terribly far from melding out. Equally important, a hand with only three cards cannot be expected to defend the discard pile effectively.

My correspondent should have resigned herself immediately to eventual loss of the discard pile. Her only hope was that her partner could meld out before the opponents could take the pile.

The correct play was to meld the two queens and three tens and to discard a deuce. This would combine maximum safety with the maximum chance for melding out.

Mr. Jacoby is unable to answer individual questions on Canasta from readers. However, he will include the most frequently asked questions in his column.

U. S. Has 400 'Strads'

Los Angeles (AP) — There are 30 Stradivari violins in Los Angeles county, according to the latest tabulation by musicologists. Of the 550 known Strads, 400 of them are in the United States. The heavy concentration in the Los Angeles area is the result of lucrative motion picture work which has drawn many top violinists. Most famous Strad owner here is Jascha Heifetz, who owns the instrument once belonging to Ferdinand David, 19th century violin expert. Others include Sascha Jacobson, ex-concertmaster, and David Frisina, present concertmaster of the Los Angeles Philharmonic; Eudice Shapiro, RKO studio orchestra; Israel Baker, Los Angeles Chamber Symphony, and Toscha Seidel, Paramount studio concertmaster. The maker of these instruments was Antonio Stradivari, best known of the Cremona, Italy, violin-making family. A Stradivari violin today is worth from $20,000 to $75,000.

WALLKILL

Wallkill, Oct. 8 — On Sunday, Sept. 21, at 2 p. m., Miss Irene McLinden, daughter of Mrs. James J. McLinden and the late Mr. McLinden became the bride of Angelo S. Ruggiero, son of Mrs. G. Domenicucci and the late Joseph Ruggiero of Plattekill at the St. Benedict's Church in Wallkill. The church was decorated with white gladioli and white pompons. The Rev. William O'Brien officiated at the double ringe ceremony and Mrs. Harold Adams, organist played Ave Maria and other wedding selections.

The bride walked unescorted to the altar attired in an ivory satin, strapless, ballerina-length wedding gown with a cascade back of nylon tulle and matching long, pointed sleeve jacket. She wore a finger-tip veil to which was attached a crown of seed pearls and rhinestones and carried a cascade bouquet of white roses and stephanotis in which a silver rosary was entwined.

Miss Helen R. Harrigan of Westwood, N. J., was maid of honor. She wore a deep violet gown with velvet bodice and nylon net over a taffeta skirt. She carried a lily and talisman rose bouquet.

Joseph Marra of Hillsdale, N. J., was best man. Carl Piperato of Wallkill and Anthony Piperator of Newburgh were ushers.

A reception for 100 guests was held at The Fireplace, Walden, with John DeSantis of Maybrook providing the organ music. The guests were present from Ohio, Wallkill, Brooklyn, Long Island and New Jersey.

Mrs. Ruggiero was employed at the Wallkill Post Office until July of this year. She is a graduate of Wallkill Central School and a member of St. Benedict's Church in Wallkill. Her husband is a student in electrical engineering at New York University. He is a graduate of Wallkill Central School and a member of St. Mary's Church, Newburgh, and Delta Chapter, Psi Upsilon of New York University. He has served four years in the U. S. Marines and is at this time a member of the Reserve Officers Training Corps.

After a trip through the New England states and northern New York, the couple are at home in their newly decorated apartment on Main street.

THE FORMER MISS MARY THERESA HOWARD

(Kinkade and Hutton photo)

Mary Theresa Howard Bruce A. Winchell, Wed in St. Joseph's

The marriage of Miss Mary Theresa Howard, daughter of Mr. and Mrs. F. Lemuel Howard, Jr., 37 Henry street, to Bruce A. Winchell, son of Mr. and Mrs. Harry Winchell, 43 Wiltwyck avenue, took place at 1:30 p. m. Sunday, Oct. 5, in St. Joseph's Church. The Rev. John D. Simmons, assistant pastor, officiated at the ceremony. A reception for 150 guests was held at Rose Marie Cabins.

Yellow and white chrysanthemums and white gladioli were used to decorate the church. Traditional wedding selections were played by the organist, Mrs. Frank W. Rafferty, who also accompanied the soloist, William Reilly, in the Ave Maria and Mother Beloved.

Escorted by her father, the bride wore a white satin and lace gown, styled with a fitted bodice, long pointed sleeves, a standing collar, and full length skirt having insets of lace, and terminating in a cathedral train. Her three-quarter length French illusion veil was secured to a shell-type bridal cap. She carried white orchids on a white prayer book, with white satin streamers and green leaves.

Miss Janice Goodrich of 43 Valentine avenue, was the maid-of-honor. With her emerald green gown of velveteen and nylon net, fashioned with an Empire style bodice, and a ballerina length bouffant skirt, she wore a Spencer jacket of velveteen and a matching velvet headpiece with an afternoon veil, and carried roses and pale yellow daisy pompons.

The four bridesmaids wore gowns identically styled like the honor attendant's, in jewel tones. They carried autumn colored daisy pompons and yellow roses. The Misses Carol Smith of Morgan Hill and Mary O'Donnell of this city wore garnet gowns and accessories; while the Misses Stella Raymond of this city, and Frances Sykes of New London, Conn. wore sapphire blue gowns with matching accessories.

Miss Carole Anne Winchell, the bridegroom's sister, was the flower girl. She wore a gown of lime green satin and headpiece of matching leaves and carried pale yellow roses.

Jack Tremper of Connelly was his cousin's best man. Serving as ushers were Vincent Lawrence of Syracuse, the bridegroom's brother-in-law; Frank McMahon Jr. and Gilbert Smith of this city; and William Brutsman of Canisteo.

Upon their return from a wedding trip to Niagara Falls, Montreal and Quebec, Canada, the couple will reside at 51 Summer street. For traveling the bride was attired in a gray suit with navy blue accessories and a white orchid corsage.

Mrs. Winchell was graduated from Kingston High School, class of '50, and is employed by the New York Telephone Company.

Kosloff Discusses History of Ballet

At a recent meeting of the YWCA Music Appreciation Group at the George Washington school auditorium, Alexis Kosloff of Woodstock, formerly of the Metropolitan Opera House, New York, and Imperial Russian Ballet, Moscow, discussed and demonstrated the history of ballet.

"Ballet dates back to very ancient times, even to the time before man knew the love of God," Mr. Kosloff told his large audience. He continued, "Ballet first became popularized when King Charles wanted something spectacular and sensational for his daughter's wedding. This happened in 1571, and established ballet as a new dancing form."

Mr. Kosloff, who before coming to America was a teacher in the Russian Imperial Ballet and visited Berlin, Paris, and London in performances, expressed the hope that the modernization of ballet will not be attempted. "The dancing world has always sought things new and sensational, and to let the modern trend change this form of dancing (ballet), would be fatal," he observed.

The dances presented were the Swan by Genia Cooney; Flight of the Bumblebee, Martha Martin; Gypsy Flames, Genia Cooney; The Enchanted Butterfly, Mary Ann Solay; Parade of the Wooden Soldiers, Martha Martin; Tambourine Dance, Judith Lipgar; and Pas de Deux Romance, Alexis Kosloff and Genia Cooney.

Mrs. Henry Millonig and Mrs. Willard Burke arranged the program, and Mrs. John Sterley supervised the tea which followed.

The next meeting of the group will take place on Thursday, Oct. 16, in the home of Mrs. Charles Brandt.

Junior League Names Delegates to State Regional Conference

The Junior League of Kingston elected Mrs. Arthur A. Davis and Mrs. Roger Baer as delegates to the annual state regional convention to be held in Rochester on November 12 and 13. Mrs. George L. Chilson and Mrs. Herbert B. Johnson, were elected as alternates, at the first fall meeting on Monday evening in the Governor Clinton Hotel.

Presiding during the business meeting, Mrs Sherwood Davis, president, requested committee reports and then turned the meeting over by Mrs. Edward DeGroff, chairman of the education committee.

Must Justify Membership

A discussion relative to improving the local League was led by Mrs. DeGroff, who explained that the organization "is first of all a service organization and every girl must justify her membership by contributing to the life of her community through volunteer service."

The Junior League contributes in a financial way to many of the local agencies and groups. To continue to sponsor and maintain its projects, it is necessary to raise funds. A rummage sale is planned under League sponsorship and will be held at the Dutch Reformed Church on Fair street, Friday, Oct. 17.

Many suggestions were offered to further the accomplishments of the League, and were taken under consideration.

Mrs. John McGrath and Mrs. Edward Schrowang were hostesses for the evening.

Children's Parents' Problems Outlined By Bard Professor

Children's problems, and those of parents' were pondered at the annual Honor All Fathers' Night held recently by the Parents and Teachers Organization of School 5. Howard P. Smith assistant professor of psychology, Bard College, Annandale-on-Hudson, was the principal speaker.

The Social Development of Children was the topic for Mr. Smith's discourse, during which he touched upon numerous phases pertaining to the relationship between children and parents.

Warning against extreme anxiousness over a child's behavior, Professor Smith said, "Parents need helpful information as a guide. However, of far greater importance is the parent's own personality and his relationship to the child." He advised taking a "middle of the road" attitude.

On the question of progressive schools, the speaker mentioned "many prevalent misconceptions concerning them." He continued, "Progressive education does not advocate letting the child do as he pleases. Rather, it develops within the child his own creative abilities and a fine spirit of cooperation and loyalty to the group," he concluded.

A special tribute was given to the fathers within the organization by John J. Finerty, principal of School 5, and he welcomed the large group of parents, teachers and guests in attendance.

Mrs. Raymond Gilkey, president, presided at a short business session, during which plans were formulated for sponsoring a children's play to be presented during the early spring.

An active member of the father's group, Arthur Moak, presented the speaker. An informal reception was held following the meeting and refreshments were served

Kosloff Discusses History of Ballet

At a recent meeting of the YWCA Music Appreciation Group at the George Washington school auditorium, Alexis Kosloff of Woodstock, formerly of the Metropolitan Opera House, New York, and Imperial Russian Ballet, Moscow, discussed and demonstrated the history of ballet.

"Ballet dates back to very ancient times, even to the time before man knew the love of God," Mr. Kosloff told his large audience. He continued, "Ballet first became popularized when King Charles wanted something spectacular and sensational for his daughter's wedding. This happened in 1571, and established ballet as a new dancing form."

Mr. Kosloff, who before coming to America was a teacher in the Russian Imperial Ballet and visited Berlin, Paris, and London in performances, expressed the hope that the modernization of ballet will not be attempted. "The dancing world has always sought things new and sensational, and to let the modern trend change this form of dancing (ballet), would be fatal," he observed.

The dances presented were the Swan by Genia Cooney; Flight of the Bumblebee, Martha Martin; Gypsy Flames, Genia Cooney; The Enchanted Butterfly, Mary Ann Solay; Parade of the Wooden Soldiers, Martha Martin; Tambourine Dance, Judith Lipgar; and Pas de Deux Romance, Alexis Kosloff and Genia Cooney.

Mrs. Henry Millonig and Mrs. Willard Burke arranged the program, and Mrs. John Sterley supervised the tea which followed.

The next meeting of the group will take place on Thursday, Oct. 16, in the home of Mrs. Charles Brandt.

HIGHLAND NEWS

Highland, Oct. 7 — Councilor Sarah Wildrick presided at the meeting of Ida McKinley Council, Daughters of America, Wednesday night in Odd Fellows hall. Quarterly reports were read by Mrs. Mary Bond, treasurer, Mrs. Daisy Mackey, financial secretary, and Mrs. Florence E. Cotant, trustee. Greetings were received from the new state councilor, Mrs. Katherine Merkle. Warrants appointing Mrs. Hattie Hopps, Poughkeepsie, district deputy state councilor and Mrs. Louise Sherow, Poughkeepsie, deputy of Ida McKinley council for the year 1952-53 were accepted and invitations for a visit to Highland will be sent them. Mrs. Mary Brown, New Paltz, Mrs. Olive Thompson and Mrs. Carrie Atkins are on the sick list, and Richard Petersen is a patient in Vassar Hospital. W. Herman Jordan and Emma Paltridge are improving. The sum of $18 was realized from the food sale held following the previous meeting. Plans were completed for a card party to be held after the meeting Wednesday, Oct. 15 for the public.

A short business meeting will be held at 7 p. m. and the party will start at 8:15. Mrs. Wildrick is in charge of tickets and Mrs. Gertrude Therrien, prizes. Refreshments will be served by Mrs. Hazel Palmer and Mrs. Grace Relyea. An interesting report was given by Mrs. Minnie Pape who was representative to the state sesison in Albany in September. A covered dish supper was served with Mrs. Hazel Pape, chairman, in charge. An understanding of atomic energy begins with the atom, smallest unit of any element. Like a solar system, the atom is mostly empty space. In its center is a nucleus, or "sun," composed of tiny particles called protons and neutrons. The number of protons determines the element's chemical nature.

Around the nucleus revolve electrically negative particles called electrons which counterbalance the positive charge of the protons. Neutrons, which are electrically neutral, can, under certain conditions, become protons. Similarly, a proton can lose its positive charge and become a neutron.

Employer Upheld For Firing Printer On Pro-Red Issue

New York, Oct. 8 (AP)—A court-appointed arbitrator has upheld an employer who fired a union printer on the grounds he neglected duty by participating in pro-Communist propaganda during a vacation in Europe.

The arbitrator, Theodore W. Kheel, ruled yesterday in a dispute involving the Publishers Printing Co. and linotype operator Arthur Deutsch, a member of the AFL New York Typographical Union.

Kheel found that Deutsch toured Europe early this year, visited Moscow with a group of trade unionists, and upon his return repeated anti-American propaganda of the Communists in speeches before labor groups.

Deutsch harmed the company that employed him by his alleged activities, Kheel said as he quoted a document tending to show the firm might lose its eligibility to handle federal government printing.

The union argued that Deutsch was thousands of miles away from the United States and on his vacation and, therefore, could not be found neglectful of duty. He was fired last April 23, the day he reported back to work.

Deutsch could not be reached for comment at his Mamaroneck, home.

Mrs. Andrew Terwilliger and Miss Ida May Whitaker motored to New Jersey Wednesday.

Mr. and Mrs. Van Dyke Churchwell of Poughkeepsie visited here Saturday.

Francis Atkins of the U. S. Army, stationed in Georgia, is visiting his parents in Napanoch.

Mrs. John Coombs, Jr., and children left this week to join her husband in Austria where he is stationed with the army. Coombs is a former resident of Kerhonkson.

Mr. and Mrs. B. H. Wright entertained relatives from Washington, D. C., and Napanoch last week.

Mental Patient Is Seized in Court

New York, Oct. 8 (AP)—An escaped mental patient was seized in a Queens courtroom yesterday where he had gone after reportedly vowing to "kill a judge."

Screaming and struggling, the six-and-a-half-foot, 220-pound Negro, Francis Redmond, 23, was hustled handcuffed into a detention cell, and later put in a straitjacket after he broke a windowpane and tried to slash his wrists.

District attorney officers said Redmond earlier this year had been a patient at Creedmoor State Hospital in Queens Village, and had fled after being returned there Sunday for recommitment.

Mother Phoned

They said his mother called the hospital, and reported her son "told me he's got a gun and that he's going to kill a judge." She also said he was due to appear in Queens County Court today on a bookmaking charge.

Officers spotted Redmond, wearing a red checkered cap and a blue suit, sitting among spectators in Special Sessions Court on the county courthouse's first floor. As they seized him, they said, he began yelling "I'm going to kill the doctor."

An eight-inch carving knife was found strapped to one of his legs, and a small paring knife to the other, police said.

He later was returned to Creedmoor Hospital.

The chips are down in a stock-car race. Claims mean nothing. Results alone count. Here America's cars publicly compete on an equal basis, one against the other. How does the car you drive make out?

These unbiased tests prove which car is best!

Hudson's all-time record on world's toughest proving grounds helps you choose your family car

A STOCK-CAR race is equal to 50,000 miles of ordinary driving. It requires power and lightning-like acceleration. But it also demands absolute *safety*.

To date this year, Hudsons, just like those you can buy from us, have won 38 out of 45 stock-car races—a record never approached by any other make. How does this help *you* choose *your* next car? That's easy . . .

Hudson's victories prove that its exclusive "step-down" design (with America's lowest center of gravity) gives you road-hugging safety no other car can touch.

These grueling grinds prove Hudson's Monobilt body-and-frame* is the safest, most durable construction used in any car. Again, safety for you and your family.

Finally, this record shows Hudson's high-compression engine has more power than you'll ever need—to get you out of tight spots, to send you smoothly up any hill you'll ever take. So, stop in and see us. Learn how it feels to drive America's stock-car champion!

*Trade-mark. Patents pending.

Power's important. But safety's vital. The same brute strength that protects stock-car drivers also protects you and your family on your daily trips in your Hudson.

With all its power, its safety, its stamina—Hudson is a lovely car to look at, too. Modern streamlining and design delights the eye. Drop in and see us today, or a telephone call will bring a Hudson to your door this very evening.

Employer Upheld For Firing Printer On Pro-Red Issue

New York, Oct. 8 (AP)—A court-appointed arbitrator has upheld an employer who fired a union printer on the grounds he neglected duty by participating in pro-Communist propaganda during a vacation in Europe.

The arbitrator, Theodore W. Kheel, ruled yesterday in a dispute involving the Publishers Printing Co. and linotype operator Arthur Deutsch, a member of the AFL New York Typographical Union.

Kheel found that Deutsch toured Europe early this year, visited Moscow with a group of trade unionists, and upon his return repeated anti-American propaganda of the Communists in speeches before labor groups.

Deutsch harmed the company that employed him by his alleged activities, Kheel said as he quoted a document tending to show the firm might lose its eligibility to handle federal government printing.

The union argued that Deutsch was thousands of miles away from the United States and on his vacation and, therefore, could not be found neglectful of duty. He was fired last April 23, the day he reported back to work.

Deutsch could not be reached for comment at his Mamaroneck, home.

New York, Oct. 8 (AP)—An escaped mental patient was seized in a Queens courtroom yesterday where he had gone after reportedly vowing to "kill a judge."

Screaming and struggling, the six-and-a-half-foot, 220-pound Negro, Francis Redmond, 23, was hustled handcuffed into a detention cell, and later put in a straitjacket after he broke a windowpane and tried to slash his wrists.

District attorney officers said Redmond earlier this year had been a patient at Creedmoor State Hospital in Queens Village, and had fled after being returned there Sunday for recommitment.

Mother Phoned

They said his mother called the hospital, and reported her son "told me he's got a gun and that he's going to kill a judge." She also said he was due to appear in Queens County Court today on a bookmaking charge.

Officers spotted Redmond, wearing a red checkered cap and a blue suit, sitting among spectators in Special Sessions Court on the county courthouse's first floor. As they seized him, they said, he began yelling "I'm going to kill the doctor."

An eight-inch carving knife was found strapped to one of his legs, and a small paring knife to the other, police said.

He later was returned to Creedmoor Hospital.

FOR RESULTS — ADVERTISE IN THE FREEMAN

The chips are down in a stock-car race. Claims mean nothing. Results alone count. Here America's cars publicly compete on an equal basis, one against the other. How does the car you drive make out?

These unbiased tests prove which car is best!

Hudson's all-time record on world's toughest proving grounds helps you choose your family car

A STOCK-CAR race is equal to 50,000 miles of ordinary driving. It requires power and lightning-like acceleration. But it also demands absolute *safety*.

To date this year, Hudsons, just like those you can buy from us, have won 38 out of 45 stock-car races—a record never approached by any other make. How does this help *you* choose *your* next car? That's easy . . .

Hudson's victories prove that its exclusive "step-down" design (with America's lowest center of gravity) gives you road-hugging safety no other car can touch.

These grueling grinds prove Hudson's Monobilt body-and-frame* is the safest, most durable construction used in any car. Again, safety for you and your family.

Finally, this record shows Hudson's high-compression engine has more power than you'll ever need—to get you out of tight spots, to send you smoothly up any hill you'll ever take. So, stop in and see us. Learn how it feels to drive America's stock-car champion!

*Trade-mark. Patents pending.

Power's important. But safety's vital. The same brute strength that protects stock-car drivers also protects you and your family on your daily trips in your Hudson.

With all its power, its safety, its stamina—Hudson is a lovely car to look at, too. Modern streamlining and design delights the eye. Drop in and see us today, or a telephone call will bring a Hudson to your door this very evening.

Standard trim and other specifications and accessories subject to change without notice.

Surprise Birthday Party Given Friday

Woodstock, Oct. 6—Mr. and Mrs. John Wolven were hosts at a surprise birthday party Friday night for their daughter, Marilyn, at the Zena Country Club. Marilyn, whose 10th birthday was Saturday, Oct. 4, enjoyed an evening of square dancing with the following school chums who attended her party: Jean Cousins, Danny Perlman, Bonnie Wilber, Robert Foster, Jean Wilson, Drew Elwyn, Doris Mellin, Wayne Underhill, Carol Hefty, Tommy Huffine, Barbara Longyear, Cathy Foster, Pixie Mecklem, Ira Deutsch, Lynn Kins, Pierre Angiel, Sandra Lock, Richard Kullman, Lynn Herbert, Atlee Rapp, Judy Rapp, Marie Klippel, Louis Berryan, Valorie Fischer, Marsha Underhill, Julie Holumzer, Albert and David Holumzer, Carol and Stewart DeWitt. Also attending were Marilyn's grandparents Mr. and Mrs. A. S. Holumzer, and other relatives including Mr. and Mrs. Albert Holumzer, Mr. and Mrs. Erwin Holumzer, Mr. and Mrs. Montcena DeWitt, and Mr. and Mrs. Fred Janson.

Music for the square dancing was provided by Everett Wolven, accordion, Harold Holumzer, accordion and Lola Holumzer, guitar.

Cagers Hold Initial Drill of Campaign

Woodstock, Oct. 7—Walter Van Wagenen, coach of the Woodstock basketball team, held his first practice at the Woodstock School Monday night. The following players were on last year's varsity team: Ken Harder, Billy Waterous, Joe Holdridge, Jr., and Billy Klein. The three new members on the varsity are Joe Hilton, Carl Van Wagenen, and Jack Gosan.

The two men from last year's Jayvees who will be on the team this season are Joe Hilton and Robert Kaiser. The new men on the Jayvee team are Louis Ostrander, Andy Lee, Allen Van Wagenen, Werner Pollack and Renninger.

Practice will be held every Monday and Friday night.

President's Dinner To Be Held Oct. 18

Woodstock, Oct. 6—The annual president's dinner of the Woodstock Country Club will be held at Deanies Saturday, Oct. 18, at 8 p. m. At that time club prizes will be distributed and the club champion will receive the president's cup.

According to Anthony DeLisio, who has been re-elected president of the club for five terms, this has been the most successful year so far as memberships are concerned, in the history of the club. He said that the indications are that there will be many new members next season.

Michael Taradash will act as master of ceremonies at the annual dinner.

Agapaes to Install

Woodstock, Oct. 7—The regular meeting of Agapae Rebekah Lodge was held Wednesday night at the Bearsville Lodge Hall. Regular business was transacted and plans made for the installation of officers at the next meeting. All new officers as well as retiring officers are asked to wear white. Refreshments were served after the meeting. Members are invited to attend installation of officers at Phoenicia tonight, and at Atharhacton Rebekah Lodge, Kingston, Oct. 9.

Christmas Exhibit

Woodstock, Oct. 7—Mrs. Gladys Mitchell has announced that there is a Christmas exhibition sale currently at her gallery on Tinker street. Most of the paintings and watercolors are by Mrs. Mitchell, and lithographs by Marion Huse. There are also ten lithographs by Converse.

Fire Is Extinguished

Woodstock, Oct. 7—Woodstock Fire Company No. 1 responded to a call Sunday at 2:40 p. m. from the house on Byrdcliffe owned by Mrs. Sylvia Cross. George Compton who is the present tenant of the house called the fire department when an oil stove in the living room of the cottage became overheated and caused a minor chimney fire. Two engines were sent to the scene and the fire was immediately extinguished with slight damage to the dwelling.

Dress Rehearsal Held for Annual Foundation Play

Woodstock, Oct. 7—With the arrival of the costumes from New York late Monday, the first dress rehearsal got off to a lively start at the Woodstock Playhouse in the evening, for the Woodstock Foundation's benefit play, Ten Nights In a Bar Room which will be presented Friday and Saturday, Oct. 10 and 11. When the scenic crew arrived to finish painting the sets for the play, the cast moved to the Dutch Reformed Church where rehearsal continued.

Posters, depicting the evils of drink as expounded in this grand old play which is almost 100 years old, carried its serious message of its day. Today, despite its corny scenes, it's still good theatre, packed with laughs and surprises. Directed by Houston Richards, who selected the play, it is easy to hiss the villain, to weep with Little Mary who pleads with her drunken father to come home, and to writhe with anguish over the woes of his wife.

The cast is local and studded with stars of other Woodstock productions. When the leading actor, Alan Gilbert was called recently to return to his role in South Pacific, the problem was overcome without having to send to New York for a professional actor. The emergency was met by Jules Villon who learned his part almost overnight. His experience this summer with the Woodstock Playhouse has stood him and this village in good stead. He plays the role of the drunken father, Joe Morgan. His wife, in spite of what you will read in the program, is played by Louise Brokenshaw. Katherine Burgevin enacts the part of the innkeeper's wife, Mrs. Slade. Simon Slade, said innkeeper, is played by Erwin L. Ruff and his son, Frank, by George Crampton. Mary Morgan who pleads with her father to come home, is Fritzi Striebel. Carl Hubbell is seen in the role of a town tippler, Sample Switchell; William W. Stifler is the rich young man about town, Willie Hammond. Vasco L. Pini appears throughout the show in the role of a philanthropist, with an eye on reform. Alice Gilbert is a sentimental Yankee girl and James B. Pond, is the villain, Harvey Green.

The ushers for the two performances have been assembled by Pat Boswell. They are as follows: Sugie Bared, Beverly Buley, Anita Dickhuth, Judith Gilligan, Barbara Hastie, Cayla Hitzig, Saartje Hitzig, Patience Hutty, Jo Anne Lee, Toni McClelland, Lola Torres, Hetty Vox, Betsy Wagenfohr, Nancy Wilson. Eileen Cramer will be an usher de luxe at large.

Kaj Klitgaard has rounded up a set of Singing Waiters and Bar Maids who will serve refreshments before curtain time. The vocal waiters are Charles Boswell, "Brock" Brokenshaw, Roland d'Albis, "Chuck" Lang, Henry V. V. Mattson, John Pike, Joe (the Barber) Riela, Gordon Taylor, Bill Tucker, Bert Wrangler. Their feminine assistants will be Gertie Ahrens, Frances Ceiki, Rosalind d'Albis, Marguerite Hauley, Edith Heckeroth, Marge Huffine, Helen Hugh and Jane Lloyd Jones.

Others Rate Bow

Many who will not be seen have labored valiantly to make the production a success. Al Bare, who designed the sets, has been ably assisted by Marianne Appel and Richard Chambers. Jan Marasek will be in charge of the lighting; Zella Pike will be wardrobe mistress in charge of costumes, Julia Stifler is property manager. Anita Stallforth is assistant stage manager, while Margo Cramer King, ticket chairman, will preside in the box-office during the week.

The box-office at the Playhouse will be open from 2 to 5 p. m. all week. Phone orders will be taken by calling Woodstock 2015. Tickets, however, may be purchased at almost any shop in this village. In Kingston tickets are on sale at Dederick's Drug Store. Joseph DeNapoli will serve in the box-office. Einer's Radio Service is providing the loud-speakers.

Attendance Is Small At Cub Scout Meeting

Woodstock, Oct. 7—Although a large number of letters had been sent to parents of boys of Cub Scout age, from eight through 10, last week, urging their assistance with the Cub program in this village, only seven people, including Scout executives came to the meeting at the Woodstock School Monday night.

Francis Teel, field scout executive of the Rip Van Winkle Council, of Kingston, attended the meeting to present an outline of the work to interested parents of Cub Scouts and boys eligible to be in the group. Teel had gone to considerable trouble to obtain slides to illustrate his talk, and was prepared to answer many questions on the subject of the urgently needed parent participation in Cub Scouting.

Extreme disappointment in the parent response to the appeal for assistance was expressed by the Rev. Harvey I. Todd, Harold Mellin and Charles E. Rapp, chairman of the committee for Pack 34, sponsored by the Square Club of this village.

"This is a serious situation," Rapp commented after the meeting, "and if Cubbing is to survive we must have the active help of the parents."

Another meeting is being called for next Monday, at the Dutch Reformed Church basement at 7:30. This will be a regular Cub Pack meeting, and both boys and interested parents are invited to attend.

To Hold Dinner

Woodstock, Oct. 6—A turkey dinner will be held at the Odd Fellows Hall in Bearsville Thursday, Oct. 23 at 5:30 p. m.

Contractor Refuses Data on Sewer Job

New York, Oct. 8 (AP)—With ten contractors under subpoena to produce books and records at the Department of Investigation in an inquiry into Laurelton, Queens, sewer construction work, the Andrew Catapano Company, of 88-43 76th avenue, Glendale, has balked, Commissioner James H. Sheils said yesterday.

In all, Sheils issued subpoenas to 16 contractors to submit account books and records from January 1941, to date, in the first three days of this week. Six are due today.

Catapano, accompanied by his attorney, Henry Albert, appeared at the department Monday and declined to produce the requested data on the ground that compliance might tend to degrade or incriminate him, according to Sheils.

Five Million Involved

Sheils said he had no knowledge of why the information was refused. The subpoena on the Catapano firm involved about five million dollars in city work in Queens and Richmond under nine contracts.

Sheils said the refusal will be referred to the corporation counsel to determine whether legal steps should be taken to require the contractor to comply or have him cited for contempt.

The balk was the second the commissioner has encountered in his probe. On Sept. 11, Victor Clemente, whose sewer construction work in Laurelton has been under criticism, refused to comply with a subponena to turn over his records for examination.

Attendance Is Small At Cub Scout Meeting

Woodstock, Oct. 7—Although a large number of letters had been sent to parents of boys of Cub Scout age, from eight through 10, last week, urging their assistance with the Cub program in this village, only seven people, including Scout executives came to the meeting at the Woodstock School Monday night.

Francis Teel, field scout executive of the Rip Van Winkle Council, of Kingston, attended the meeting to present an outline of the work to interested parents of Cub Scouts and boys eligible to be in the group. Teel had gone to considerable trouble to obtain slides to illustrate his talk, and was prepared to answer many questions on the subject of the urgently needed parent participation in Cub Scouting.

Extreme disappointment in the parent response to the appeal for assistance was expressed by the Rev. Harvey I. Todd, Harold Mellin and Charles E. Rapp, chairman of the committee for Pack 34, sponsored by the Square Club of this village.

"This is a serious situation," Rapp commented after the meeting, "and if Cubbing is to survive we must have the active help of the parents."

Another meeting is being called for next Monday, at the Dutch Reformed Church basement at 7:30. This will be a regular Cub Pack meeting, and both boys and interested parents are invited to attend.

Contractor Refuses Data on Sewer Job

New York, Oct. 8 (AP)—With ten contractors under subpoena to produce books and records at the Department of Investigation in an inquiry into Laurelton, Queens, sewer construction work, the Andrew Catapano Company, of 88-43 76th avenue, Glendale, has balked, Commissioner James H. Sheils said yesterday.

In all, Sheils issued subpoenas to 16 contractors to submit account books and records from January 1941, to date, in the first three days of this week. Six are due today.

Catapano, accompanied by his attorney, Henry Albert, appeared at the department Monday and declined to produce the requested data on the ground that compliance might tend to degrade or incriminate him, according to Sheils.

Five Million Involved

Sheils said he had no knowledge of why the information was refused. The subpoena on the Catapano firm involved about five million dollars in city work in Queens and Richmond under nine contracts.

Sheils said the refusal will be referred to the corporation counsel to determine whether legal steps should be taken to require the contractor to comply or have him cited for contempt.

The balk was the second the commissioner has encountered in his probe. On Sept. 11, Victor Clemente, whose sewer construction work in Laurelton has been under criticism, refused to comply with a subponena to turn over his records for examination.

Series Batting Exploits Hint Baseball Greatness for Mickey Mantle

Brooklyn, Oct. 8 (AP)—Two main conclusions may be drawn from the World Series which ended yesterday with Brooklyn in mourning again for the sixth time.

The first is that Mickey Mantle, a 20-year-old from Oklahoma, is destined to become recognized within a few more seasons as the greatest baseball player in the history of the game. The kid can't miss. There's no defense against him.

The second, equally inescapable, is that Casey Stengel, the bemused manager of the New York Yankees, gets advance information from the elves before he makes each move. It would be difficult to prove that he isn't the smartest pilot the game has seen. His coaches are convinced that he is.

Mantle's contributions to his club's 4 to 2 series clincher yesterday at Ebbets Field were more spectacular than Stengel's. Everyone in the arena saw the "pheenom" clout the home run and the single in successive innings— the first lefthanded, the second righthanded—to put victory beyond reach of the Dodgers.

Kuzava Brilliant

Nobody saw the wheels whirring in Casey's head when he waved in Bob Kuzava, to pitch to Duke Snider, the hottest of the Dodgers, with the bases filled and only one out in the seventh inning. But they were whirring, all right, and it is almost certain that Stengel knew the blond southpaw from Wyandotte, Mich., would stop the National Leaguers from there on.

Of course, the Yankee sage might only have reasoned that in Kuzava he had the only pitcher on either club whose arm wasn't about to drop off, and that the introduction of such a hurler at that stage would prove a paralyzing shock to the Brooks, as it did. But we prefer to think that Stengel knew precisely what Kuzava would do.

Providing he does not go into the service, Mantle will be still better next year, and a team which numbers such a tremendous performer seems to draw fire from him. In only his second season the kid has done everything for the Yanks that Joe DiMaggio did, in an inspirational way.

Mantle or Mize?

There was some debate last night whether Mantle or Johnny Mize, the old codger, was the outstanding Yankee in the series. In this spectator's opinion, it was no contest. Mize, it is true, came in when things were not looking too good midway of the series and made a number of tremendous contributions to the Yankee cause. In fact, he put them back in the contention when they appeared to be licked.

But Mantle was in there all the way, scaring Brooklyn pitchers to death and fielding like an angel. He led the assault which enabled the Yanks to tie it at 1-1 behind Vic Raschi on Thursday. He provided the insurance second run in Allie Reynolds' Saturday shutout by tripling in the ninth and scoring on Pee Wee Reese's error. His home run on Monday proved the winning run in the 3-2 Yankee victory which sent the playoff to the seventh game, and he killed the Dodgers completely dead with his two big hits yesterday.

In all, the Mick propelled 10 hits in 29 appearances for an average of .345. By an amazing coincidence, this was exactly what Reese and Snider did for the Brooklyn cause. Snider, for a time, looked like the hero of the series. But in the end he had to yield honors to Mantle.

Kingston High Faces Powerful Curtis of Staten Island Here Friday

Island Indians Are Rated Among Best in Met Area

Maroon May Use Passes For 1st Time

Unbeaten Kingston High, moving toward the inevitable day when it tangles with the Newburgh Academy powerhouse, meets Curtis High of Staten Island, one of the metropolitan district's best teams, Friday night at municipal stadium.

This will be the second and last nocturnal outing for the Maroon. The 1952 schedule is daylight the rest of the way.

Metropolitan scholastic observers tabbed Curtis among the top drawer elevens in the area at the start of the season but the Indians lost some gloss in a 6-6 tie with Flushing in its opener.

The Curtis eleven, however, is known to have a standout backfield headed by Davey O'Brien, son of John J. O'Brien, president of the American Basketball League.

Coach Burke, who has had no scouting reports on Curtis, envisions a rugged battle.

"Next to Newburgh this looks like our toughest game of the season," he said. "We know that Curtis was rough last year and they have moved in among the best in their area. Our squad is in shape however, and we're ready for them.

Team Moving Well

For a team with only fair prospects for the season when the 1952 campaign opened, Kingston has come along surprisingly well.

Newburgh's 26-6 conquest of Mont Pleasant took some of the glamor off Kingston's 6-6 tie with Red Raiders, but the deadlock gave Kingston morale a good boost at that stage of the season. What happens against Newburgh later is something else again.

Although Kingston has established itself as a good running squad, the aerial arm is still something of an unknown quantity but Burke hints "we have a passing attack and will use it if we have to."

Kingston's aerials were kept at a minimum against all three previous opponents because of the general trend of the contests. Against Poughkeepsie, the Burkemen grabbed an early lead and then held off Sam Kalloch's Blues by sticking on the ground. The same thing against Highland.

Scouts Disappointed

The Maroon's persistence in disdaining the aerial arm disappointed DUSO scouts in the stands last Saturday, among them C. Everett Stevens and Stan Hemingway of NFA and Al Chase of Port Jervis. A Middletown scout must have been lurking somewhere in that maze of wood and concrete. Those little passes that were missing Saturday may show up to haunt them later on.

All four Kingston backs played exceptionally well against Poughkeepsie. Giles, Massa, Billings and Manfro galloped for key gains when the opportunistic Maroons struck pay dirt. Giles, who has become a spectacular man on punt returns and the key long gainer for Kingston, had one 55-yard romp called back because of a clipping penalty against Kingston.

The pre-game estimate for Friday is this. On paper Curtis High figures to be the roughest opponent of the season. If Burke realizes early in the game that Kingston can't move against the ponderous Curtis forward wall, look for the air to be filled with passes.

"We Just Couldn't Handle Mickey Mantle" Says Robinson; Kuzava Tamed Duke Snider in Clutch and That Was It

Brooklyn, Oct. 8 (AP)—Moon faced Johnny Mize grinned:

"It's on ice."

The good natured 39-year-old slugger of the perennial world champion New York Yankees was massaging his aching feet in the dressing room and listening to the radio when Gene Woodling hauled in Pee Wee Reese's fly for the final out of the thrilling 1952 World Series. Mize, who batted .400 in the series, had been replaced by Joe Collins for defensive purposes in the seventh.

While the Yanks boisterously celebrated the winning of their fourth straight championship the vanquished Brooklyn Dodgers were bemoaning the loss of their club's sixth fall classis in as many attempts.

Blame It on Mantle

Damp eyed Jackie Robinson expressed the general opinion of the crestfallen National League standard bearers.

"It was that Mantle, that Mickel Mantle killed us.

"If it hadn't been for him I think this would have been a very different series.

"We came so close, we had so many opportunities. But Mantle was the difference."

Joe Black, Brooklyn brilliant rookie righthander who started three of the games, winning the first and losing two including yesterday's 4-2 clincher, gloomily observed:

"It gnaws at you. It tears you inside. We got so many men on base. We kept saying to ourselves 'this is it' and then there was that let down.

"It would have been better if we had our brains knocked out, lost 10-0. We would have felt better about it."

THE STOPPER

Mantle Thrilled

Mantle, surrounded by well wishers, was uncertain over the type of pitches he belted that decided the issue.

"I hit a curve or slider for my home run (in the sixth) and a similar pitch for my single (in the seventh)." The home run broke a 2-2 tie and the single drove in an insurance run.

"Winning the series was a greater thrill than my homers, yes even greater than my grand-slammer against the White Sox during the regular season," Mantle said.

Jubilant Casey Stengel, at the Yankee helm the past four seasons, held court all over the room.

Old Case praised Mantle and relief pitcher Bob Kuzava, assured one and all that he was not retiring and then launched into a description of the game.

"Our first pitcher (Ed Lopat) he did real good but they crossed us up on a couple of bunts (Jackie Robinson and Roy Campanella bunted in succession in the fourth after a single by Duke Snider).

"Then our next pitcher (Allie Reynolds) pitched real good but he got a little tired and so did our next one (Vic Raschi) and that fella (Kuzava) came in there and really took me out of a jam.

Kuzava entered the seventh inning with the bases loaded and one out. He retired Duke Snider and Robinson on pop flys and held the Dodgers hitless the rest of the way.

The fire-balling lefthander said he was lucky getting Snider, who tied a record by hitting four home runs during the series, to pop out.

"I fed him a fast one straight down the middle on the 3 and 2 pitch. I was lucky that he got just a piece of the ball."

Dodger skipper Chuck Dressen said Brooklyn's inability to hit with men on base was the turning point of the deciding game.

White Plains, N. Y.—Sal Di Guardia, 136, New York, outpointed Joe Morell, 132¾, Puerto Rico, 8.

Navy Flashes Rock Defense

New York, Oct. 8 (AP)—Navy's opponents are finding out this year that when it comes to giving up yardage, the Middies are a bunch of misers.

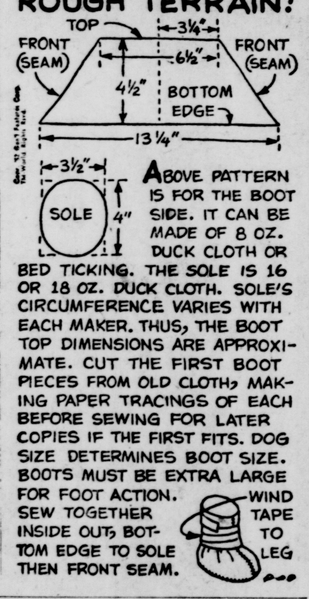

In games so far this season, Navy's two rivals, Yale and Cornell, together averaged only 3½ inches per try at the Blue and Gold's rock-ribbed line.

As a result, Navy tops the nation's major college football teams in total defense (125 yards against per game) and rushing defense (four yards per game), according to figures released today by the NCAA's Service Bureau.

Yale was able to gain only six yards against Navy on the ground while Cornell had to settle for two measly yards. The two Ivy schools piled up a total of 250 yards against Navy through the air.

Series Batting Exploits Hint Baseball Greatness for Mickey Mantle

Brooklyn, Oct. 8 (AP)—Two main conclusions may be drawn from the World Series which ended yesterday with Brooklyn in mourning again for the sixth time.

The first is that Mickey Mantle, a 20-year-old from Oklahoma, is destined to become recognized within a few more seasons as the greatest baseball player in the history of the game. The kid can't miss. There's no defense against him.

The second, equally inescapable, is that Casey Stengel, the bemused manager of the New York Yankees, gets advance information from the elves before he makes each move. It would be difficult to prove that he isn't the smartest pilot the game has seen. His coaches are convinced that he is.

Mantle's contributions to his club's 4 to 2 series clincher yesterday at Ebbets Field were more spectacular than Stengel's. Everyone in the arena saw the "pheenom" clout the home run and the single in successive innings— the first lefthanded, the second righthanded—to put victory beyond reach of the Dodgers.

Kuzava Brilliant

Nobody saw the wheels whirring in Casey's head when he waved in Bob Kuzava, to pitch to Duke Snider, the hottest of the Dodgers, with the bases filled and only one out in the seventh inning. But they were whirring, all right, and it is almost certain that Stengel knew the blond southpaw from Wyandotte, Mich., would stop the National Leaguers from there on.

Of course, the Yankee sage might only have reasoned that in Kuzava he had the only pitcher on either club whose arm wasn't about to drop off, and that the introduction of such a hurler at that stage would prove a paralyzing shock to the Brooks, as it did. But we prefer to think that Stengel knew precisely what Kuzava would do.

Providing he does not go into the service, Mantle will be still better next year, and a team which numbers such a tremendous performer seems to draw fire from him. In only his second season the kid has done everything for the Yanks that Joe DiMaggio did, in an inspirational way.

Mantle or Mize?

There was some debate last night whether Mantle or Johnny Mize, the old codger, was the outstanding Yankee in the series. In this spectator's opinion, it was no contest. Mize, it is true, came in when things were not looking too good midway of the series and made a number of tremendous contributions to the Yankee cause. In fact, he put them back in the contention when they appeared to be licked.

But Mantle was in there all the way, scaring Brooklyn pitchers to death and fielding like an angel. He led the assault which enabled the Yanks to tie it at 1-1 behind Vic Raschi on Thursday. He provided the insurance second run in Allie Reynolds' Saturday shutout by tripling in the ninth and scoring on Pee Wee Reese's error. His home run on Monday proved the winning run in the 3-2 Yankee victory which sent the playoff to the seventh game, and he killed the Dodgers completely dead with his two big hits yesterday.

In all, the Mick propelled 10 hits in 29 appearances for an average of .345. By an amazing coincidence, this was exactly what Reese and Snider did for the Brooklyn cause. Snider, for a time, looked like the hero of the series. But in the end he had to yield honors to Mantle.

Kingston High Faces Powerful Curtis of Staten Island Here Friday

Island Indians Are Rated Among Best in Met Area

Maroon May Use Passes For 1st Time

Unbeaten Kingston High, moving toward the inevitable day when it tangles with the Newburgh Academy powerhouse, meets Curtis High of Staten Island, one of the metropolitan district's best teams, Friday night at municipal stadium.

This will be the second and last nocturnal outing for the Maroon. The 1952 schedule is daylight the rest of the way.

Metropolitan scholastic observers tabbed Curtis among the top drawer elevens in the area at the start of the season but the Indians lost some gloss in a 6-6 tie with Flushing in its opener.

The Curtis eleven, however, is known to have a standout backfield headed by Davey O'Brien, son of John J. O'Brien, president of the American Basketball League.

Coach Burke, who has had no scouting reports on Curtis, envisions a rugged battle.

"Next to Newburgh this looks like our toughest game of the season," he said. "We know that Curtis was rough last year and they have moved in among the best in their area. Our squad is in shape however, and we're ready for them.

Team Moving Well

For a team with only fair prospects for the season when the 1952 campaign opened, Kingston has come along surprisingly well.

Newburgh's 26-6 conquest of Mont Pleasant took some of the glamor off Kingston's 6-6 tie with Red Raiders, but the deadlock gave Kingston morale a good boost at that stage of the season. What happens against Newburgh later is something else again.

Although Kingston has established itself as a good running squad, the aerial arm is still something of an unknown quantity but Burke hints "we have a passing attack and will use it if we have to."

Kingston's aerials were kept at a minimum against all three previous opponents because of the general trend of the contests. Against Poughkeepsie, the Burkemen grabbed an early lead and then held off Sam Kalloch's Blues by sticking on the ground. The same thing against Highland.

Scouts Disappointed

The Maroon's persistence in disdaining the aerial arm disappointed DUSO scouts in the stands last Saturday, among them C. Everett Stevens and Stan Hemingway of NFA and Al Chase of Port Jervis. A Middletown scout must have been lurking somewhere in that maze of wood and concrete. Those little passes that were missing Saturday may show up to haunt them later on.

All four Kingston backs played exceptionally well against Poughkeepsie. Giles, Massa, Billings and Manfro galloped for key gains when the opportunistic Maroons struck pay dirt. Giles, who has become a spectacular man on punt returns and the key long gainer for Kingston, had one 55-yard romp called back because of a clipping penalty against Kingston.

The pre-game estimate for Friday is this. On paper Curtis High figures to be the roughest opponent of the season. If Burke realizes early in the game that Kingston can't move against the ponderous Curtis forward wall, look for the air to be filled with passes.

16 Records Broken, 17 More Are Tied In World Series

New York, Oct. 8 (AP)—The New York Yankees and the Brooklyn Dodgers broke 16 records and tied 17 others in the 1952 World Series. Four of the new marks were set by individuals, while 12 were team records.

Duke Snider of the Dodgers was the outstanding individual batting performer of the series, establishing new records in total bases and extra bases on long hits and equalling four others in runs batted in, home runs, two home runs in a game and long hits.

The Yankees, who won their fourth straight championship, were responsible for nine new team marks and two joint records with Brooklyn.

Records broken (based on seven game series):

Individual

Most total bases—Duke Snider, Brooklyn, 24.

Most extra bases on long hits—Duke Snider, Brooklyn (2-2b 4-HR), 14.

Most chances accepted, catcher—Yogi Berra, New York, 67.

Most putouts, catcher—Yogi Berra, New York, 59.

Team

Lowest batting percentage of club winning series—New York, .216.

Most times at bat, one club, total 19 series—New York, 3,362.

Fewest one-base hits (singles), one club—New York, 33.

Fewest two-base hits (doubles), both clubs—New York (5) vs. Brooklyn (7), 12.

Most home runs, one club—New York, 10.

Most home runs, both clubs—New York (10) vs. Brooklyn (6), 16.

"We Just Couldn't Handle Mickey Mantle" Says Robinson; Kuzava Tamed Duke Snider in Clutch and That Was It

Brooklyn, Oct. 8 (AP)—Moon faced Johnny Mize grinned:

"It's on ice."

The good natured 39-year-old slugger of the perennial world champion New York Yankees was massaging his aching feet in the dressing room and listening to the radio when Gene Woodling hauled in Pee Wee Reese's fly for the final out of the thrilling 1952 World Series. Mize, who batted .400 in the series, had been replaced by Joe Collins for defensive purposes in the seventh.

While the Yanks boisterously celebrated the winning of their fourth straight championship the vanquished Brooklyn Dodgers were bemoaning the loss of their club's sixth fall classis in as many attempts.

Blame It on Mantle

Damp eyed Jackie Robinson expressed the general opinion of the crestfallen National League standard bearers.

"It was that Mantle, that Mickel Mantle killed us.

"If it hadn't been for him I think this would have been a very different series.

"We came so close, we had so many opportunities. But Mantle was the difference."

Joe Black, Brooklyn brilliant rookie righthander who started three of the games, winning the first and losing two including yesterday's 4-2 clincher, gloomily observed:

"It gnaws at you. It tears you inside. We got so many men on base. We kept saying to ourselves 'this is it' and then there was that let down.

"It would have been better if we had our brains knocked out, lost 10-0. We would have felt better about it."

THE STOPPER

Mantle Thrilled

Mantle, surrounded by well wishers, was uncertain over the type of pitches he belted that decided the issue.

"I hit a curve or slider for my home run (in the sixth) and a similar pitch for my single (in the seventh)." The home run broke a 2-2 tie and the single drove in an insurance run.

"Winning the series was a greater thrill than my homers, yes even greater than my grand-slammer against the White Sox during the regular season," Mantle said.

Jubilant Casey Stengel, at the Yankee helm the past four seasons, held court all over the room.

Old Case praised Mantle and relief pitcher Bob Kuzava, assured one and all that he was not retiring and then launched into a description of the game.

"Our first pitcher (Ed Lopat) he did real good but they crossed us up on a couple of bunts (Jackie Robinson and Roy Campanella bunted in succession in the fourth after a single by Duke Snider).

"Then our next pitcher (Allie Reynolds) pitched real good but he got a little tired and so did our next one (Vic Raschi) and that fella (Kuzava) came in there and really took me out of a jam.

Kuzava entered the seventh inning with the bases loaded and one out. He retired Duke Snider and Robinson on pop flys and held the Dodgers hitless the rest of the way.

The fire-balling lefthander said he was lucky getting Snider, who tied a record by hitting four home runs during the series, to pop out.

"I fed him a fast one straight down the middle on the 3 and 2 pitch. I was lucky that he got just a piece of the ball."

Dodger skipper Chuck Dressen said Brooklyn's inability to hit with men on base was the turning point of the deciding game.

White Plains, N. Y.—Sal Di Guardia, 136, New York, outpointed Joe Morell, 132¾, Puerto Rico, 8.

Navy Flashes Rock Defense

New York, Oct. 8 (AP)—Navy's opponents are finding out this year that when it comes to giving up yardage, the Middies are a bunch of misers.

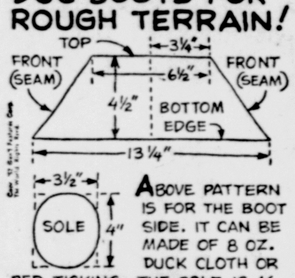

In games so far this season, Navy's two rivals, Yale and Cornell, together averaged only 3½ inches per try at the Blue and Gold's rock-ribbed line.

As a result, Navy tops the nation's major college football teams in total defense (125 yards against per game) and rushing defense (four yards per game), according to figures released today by the NCAA's Service Bureau.

Yale was able to gain only six yards against Navy on the ground while Cornell had to settle for two measly yards. The two Ivy schools piled up a total of 250 yards against Navy through the air.

BOWLING

Ben Chipman produced the first "600" series of the Good Neighbor League season last night, firing 198, 204 and 198 to hit that mark right on the nose.

Max Chirlin toppled 211—579 and Murray Greene fashioned the top solo of the night—235—and 557. S. Markowitz hit 543, M. Basch 538, Hy Arlensky 537, J. Scheinvold 534 and George Goldfarb 203—524.

Jack Struble rallied from a bad start to toss games of 214 and 224 for a league-leading 597 in the Central Rec wheel. Eddie Heins posted 220—595 and Walt Pieper knocked off 212—584; F. Bruno 201-212—580; Hank Grube 241—572; Richard Zeeh 202-210—563; F. J. Provenzano 205—538; Bill Johnson and J. J. Provenzano 526 and Jack Haber 525.

Smith Tops Federation

Harold Smith topped the Federation National with 161-197-171—529 and E. Roosa scored 503. J. Foster 474, Bill MacElveen 465 and Carlie Horne 459 rounded out the first five.

Fred Short and D. Donaldson tied for scoring honors with 514s. Donaldson embellished his series with a 231 solo after which he went into a slight slump. R. Fatum had 509, E. Dayton 475, E. Safford 460.

Hans Maylahn and J. Markle staged a close battle for high score honors in the Junior Major League, with Maylahn's 192-182-188-562 taking it by a single stick. Markle had 200-561. Tom Orr pounded 515, Nat Phillips 500, Herb Sleight 486; A. Lansprey 485 and Ed Ougheltree 480.

WILTWYCK PRESIDENT HONORED BY CLUB MEMBERS

Arthur A. Davis, center, who was recently elected president of Wiltwyck Golf Club for a fourth consecutive term, was honored at the President's Masquerade Ball at Wiltwyck Club house over the weekend. Davis is shown receiving a certificate for the purchase of a 1953 television set by Art Organtini, left, and Ike Trowbridge, right, co-chairmen of the Organbridge committee. (Freeman Photo).

Wiltwycks Trip 156th FA, 88-50; Angels Win 77-68

The power squads breezed to impressive triumphs in the Y Autumn Basketball League last night, Wiltwyck Motors thumping the 156th FA, 88-50, while Harry's Angels put on strong second half attack to outlast the 3 Bros. Farm, 77 to 68.

The Motormen ran up a 20-9 lead against the 156th FA in the first half and were in front 41-28 at halftime. Tom Morrissey unloaded 28 points and Big Bill Kleine dropped 19. Vince Peck and Cliff Schoonmaker shared 25.

Red Hinkley's 16 points paced the Guardsmen and Huyler Van Wagenen flipped 11.

Dunham Sinks 31

Ward Dunham's 31-point blast was instrumental in the Angels' conquest of the 3 Bros. Farm. The Angels, leading 20-12 at the quarter, survived a 31-point barrage by the Farms in the second period. The winners unloaded 24 and 23 point quarters in the second half.

Lafayette Holstein (16) and Bill East (16) also starred for the winners. Richie Burger led the Farms with 16 and Jack Doyle had 15.

KBA Meets Tonight

The regular monthly meeting of the executive board of the Kingston Bowling Association will be held tonight at 7:30 o'clock at the YMCA. All members are requested to attend.

Casey Will Be Back In 1953

Brooklyn, Oct. 8 (AP)—When Casey Stengel, the millionaire manager of the New York Yankees, decides to call it a career he will be best remembered for:

1. Zany antics during his career.
2. That he became the second manager in big league history to win four straight World Series.
3. That he became the third pilot in big league annals to win four consecutive pennants.

Stengel assured one and all yesterday that he would be back in 1953 following the Yanks' 4-2 victory over Brooklyn in the seventh and deciding game of the thrilling 1952 World Series.

"I'm not thinking of retiring," the Squire of Glendale, Calif., bellowed in the uproarious Yankee dressing room.

The only other manager to win four straight blue ribbon classics is Joe McCarthy, pilot of the great Yankee teams of 1936-39. McCarthy and the fiery John McGraw are the only other leaders to capture four consecutive pennants. McGraw's New York Giants won the National League Flag from 1921 through 1924.

Straight Heats

Detroit, Oct. 8 (AP)—Wilda Mary, daughter of Phonograph, sire of the Hambletonian winner Sharp Note, won both dashes of the $3,000 Ann Arbor trot last night in the opening feature of the Grand Circuit at Detroit race course.

Tigers Sold Out

Princeton, N. J., Oct. 8 (AP)—Palmer Stadium's seats—all 49,258 of them—have been sold out for Saturday's Princeton-Penn football game, R. Kenneth Fairman, Princeton's director of athletics, announced yesterday.

Charles 2-1 Choice To Beat Reynolds

Cincinnati, Oct. 8 (AP)—Ezzard Charles of Cincinnati, still hopeful of being the first man ever to regain a once-lost heavyweight boxing championship, tries again tonight to get started back on the trail to a title bout.

Charles will meet Bernie Reynolds of Fairfield, Conn., in a 12-round nationally televised bout at the Cincinnati Garden.

The 25-year-old Reynolds has 30 knockouts among his 52 victories but he has been an in-and-outer and the betting boys had made Charles a solid favorite at 2 to 1. The bout will start at 10 p. m.

Sportsmen Meet

The Ulster County Federation of Sportsmen's Clubs will meet on Thursday, Oct. 9, at 8 p. m. at the Ulster county court house in Kingston.

Pupils Get Glassy Class

New York (AP) — Because educators say the junior high school pupils in Darien, Conn., don't throw stones, the pupils have been rewarded with a new school addition that lets in daylight through floor-to-ceiling windows. The corridors are also lined with glass walls. Darian educators reported they never were bothered with the kind of vandalism that makes 100 per cent replacement of window glass necessary every two years in some metropolitan areas. The new structure was designed by a New York firm of architects (Ketchum, Gina & Sharp).

Fourth Straight

Yonkers, N. Y., Oct. 8 (AP)—Berty York racked up her fourth straight win in the feature Westchester Pace at Yonkers Raceway last night, defeating Dagsworthy York by a length. Direct Vic finished third. Before a crowd of 13,703 who braved the chilly weather, Olin Davis toook Berty York to the front at the stretch turn to win going away. The mile was timed in 2:06 with the winner paying $7.00, $5.00 and $3.70.

Get Anti-Stalling Esso Extra Gasoline
FOR FAST STARTS... QUICK WARM-UP
Anti-Stalling is another big reason Esso Extra performs best in 9 out of 10 cars all year 'round

Here's a new experience in gasoline performance... starting power that gets your engine going at a touch and keeps it going.

The only gasoline made to combat cold engine stalling... Anti-Stalling Esso Extra is also famous for quick starting, fast warm-up, high anti-knock power and long mileage. Try a tankful today for real Happy Motoring. Find out why more motorists use Esso Extra than *any* other premium gasoline in the area served by Esso Dealers!

While you're at your Esso Dealer's let him give your car a complete lubrication and careful check-up for the cold weather driving ahead.

ESSO

Detroit's Automotive Engineers say that cold-engine stalling has been a persistent problem for years. Under certain conditions, powerful gasolines required for today's high-compression engines evaporate and freeze moisture out of the air, "icing up" the carburetor and causing temporary stalling. This stalling is practically eliminated by the new Esso Extra Gasoline. (No gasoline, of course, can correct stalling caused by mechanical faults or electrical failure.)

PLEASE DRIVE CAREFULLY... THE LIFE YOU SAVE MAY BE YOUR OWN!

BOWLING

Ben Chipman produced the first "600" series of the Good Neighbor League season last night, firing 198, 204 and 198 to hit that mark right on the nose.

Max Chirlin toppled 211—579 and Murray Greene fashioned the top solo of the night—235—and 557. S. Markowitz hit 543, M. Basch 538, Hy Arlensky 537, J. Scheinvold 534 and George Goldfarb 203—524.

Jack Struble rallied from a bad start to toss games of 214 and 224 for a league-leading 597 in the Central Rec wheel. Eddie Heins posted 220—595 and Walt Pieper knocked off 212—584; F. Bruno 201-212—580; Hank Grube 241—572; Richard Zeeh 202-210—563; F. J. Provenzano 205—538; Bill Johnson and J. J. Provenzano 526 and Jack Haber 525.

Smith Tops Federation

Harold Smith topped the Federation National with 161-197-171—529 and E. Roosa scored 503. J. Foster 474, Bill MacElveen 465 and Carlie Horne 459 rounded out the first five.

Fred Short and D. Donaldson tied for scoring honors with 514s. Donaldson embellished his series with a 231 solo after which he went into a slight slump. R. Fatum had 509, E. Dayton 475, E. Safford 460.

Hans Maylahn and J. Markle staged a close battle for high score honors in the Junior Major League, with Maylahn's 192-182-188-562 taking it by a single stick. Markle had 200-561. Tom Orr pounded 515, Nat Phillips 500, Herb Sleight 486; A. Lansprey 485 and Ed Ougheltree 480.

WILTWYCK PRESIDENT HONORED BY CLUB MEMBERS

Arthur A. Davis, center, who was recently elected president of Wiltwyck Golf Club for a fourth consecutive term, was honored at the President's Masquerade Ball at Wiltwyck Club house over the weekend. Davis is shown receiving a certificate for the purchase of a 1953 television set by Art Organtini, left, and Ike Trowbridge, right, co-chairmen of the Organbridge committee. (Freeman Photo).

Wiltwycks Trip 156th FA, 88-50; Angels Win 77-68

The power squads breezed to impressive triumphs in the Y Autumn Basketball League last night, Wiltwyck Motors thumping the 156th FA, 88-50, while Harry's Angels put on strong second half attack to outlast the 3 Bros. Farm, 77 to 68.

The Motormen ran up a 20-9 lead against the 156th FA in the first half and were in front 41-28 at halftime. Tom Morrissey unloaded 28 points and Big Bill Kleine dropped 19. Vince Peck and Cliff Schoonmaker shared 25.

Red Hinkley's 16 points paced the Guardsmen and Huyler Van Wagenen flipped 11.

Dunham Sinks 31

Ward Dunham's 31-point blast was instrumental in the Angels' conquest of the 3 Bros. Farm. The Angels, leading 20-12 at the quarter, survived a 31-point barrage by the Farms in the second period. The winners unloaded 24 and 23 point quarters in the second half.

Lafayette Holstein (16) and Bill East (16) also starred for the winners. Richie Burger led the Farms with 16 and Jack Doyle had 15.

KBA Meets Tonight

The regular monthly meeting of the executive board of the Kingston Bowling Association will be held tonight at 7:30 o'clock at the YMCA. All members are requested to attend.

Straight Heats

Detroit, Oct. 8 (AP)—Wilda Mary, daughter of Phonograph, sire of the Hambletonian winner Sharp Note, won both dashes of the $3,000 Ann Arbor trot last night in the opening feature of the Grand Circuit at Detroit race course.

Tigers Sold Out

Princeton, N. J., Oct. 8 (AP)—Palmer Stadium's seats—all 49,258 of them—have been sold out for Saturday's Princeton-Penn football game, R. Kenneth Fairman, Princeton's director of athletics, announced yesterday.

Casey Will Be Back In 1953

Brooklyn, Oct. 8 (AP)—When Casey Stengel, the millionaire manager of the New York Yankees, decides to call it a career he will be best remembered for:

1. Zany antics during his career.
2. That he became the second manager in big league history to win four straight World Series.
3. That he became the third pilot in big league annals to win four consecutive pennants.

Stengel assured one and all yesterday that he would be back in 1953 following the Yanks' 4-2 victory over Brooklyn in the seventh and deciding game of the thrilling 1952 World Series.

"I'm not thinking of retiring," the Squire of Glendale, Calif., bellowed in the uproarious Yankee dressing room.

The only other manager to win four straight blue ribbon classics is Joe McCarthy, pilot of the great Yankee teams of 1936-39. McCarthy and the fiery John McGraw are the only other leaders to capture four consecutive pennants. McGraw's New York Giants won the National League Flag from 1921 through 1924.

Charles 2-1 Choice To Beat Reynolds

Cincinnati, Oct. 8 (AP)—Ezzard Charles of Cincinnati, still hopeful of being the first man ever to regain a once-lost heavyweight boxing championship, tries again tonight to get started back on the trail to a title bout.

Charles will meet Bernie Reynolds of Fairfield, Conn., in a 12-round nationally televised bout at the Cincinnati Garden.

The 25-year-old Reynolds has 30 knockouts among his 52 victories but he has been an in-and-outer and the betting boys had made Charles a solid favorite at 2 to 1. The bout will start at 10 p. m.

Sportsmen Meet

The Ulster County Federation of Sportsmen's Clubs will meet on Thursday, Oct. 9, at 8 p. m. at the Ulster county court house in Kingston.

Pupils Get Glassy Class

New York (AP) — Because educators say the junior high school pupils in Darien, Conn., don't throw stones, the pupils have been rewarded with a new school addition that lets in daylight through floor-to-ceiling windows. The corridors are also lined with glass walls. Darian educators reported they never were bothered with the kind of vandalism that makes 100 per cent replacement of window glass necessary every two years in some metropolitan areas. The new structure was designed by a New York firm of architects (Ketchum, Gina & Sharp).

Fourth Straight

Yonkers, N. Y., Oct. 8 (AP)—Berty York racked up her fourth straight win in the feature Westchester Pace at Yonkers Raceway last night, defeating Dagsworthy York by a length. Direct Vic finished third. Before a crowd of 13,703 who braved the chilly weather, Olin Davis toook Berty York to the front at the stretch turn to win going away. The mile was timed in 2:06 with the winner paying $7.00, $5.00 and $3.70.

Get Anti-Stalling Esso Extra Gasoline
FOR FAST STARTS... QUICK WARM-UP
Anti-Stalling is another big reason Esso Extra performs best in 9 out of 10 cars all year 'round

Here's a new experience in gasoline performance... starting power that gets your engine going at a touch and keeps it going.

The only gasoline made to combat cold engine stalling... Anti-Stalling Esso Extra is also famous for quick starting, fast warm-up, high anti-knock power and long mileage. Try a tankful today for real Happy Motoring. Find out why more motorists use Esso Extra than *any* other premium gasoline in the area served by Esso Dealers!

While you're at your Esso Dealer's let him give your car a complete lubrication and careful check-up for the cold weather driving ahead.

Esso

Detroit's Automotive Engineers say that cold-engine stalling has been a persistent problem for years. Under certain conditions, powerful gasolines required for today's high-compression engines evaporate and freeze moisture out of the air, "icing up" the carburetor and causing temporary stalling. This stalling is practically eliminated by the new Esso Extra Gasoline. (No gasoline, of course, can correct stalling caused by mechanical faults or electrical failure.)

PLEASE DRIVE CAREFULLY... THE LIFE YOU SAVE MAY BE YOUR OWN!

JCC Slates Series Of Foreign Pictures

The Kingston Jewish Community Center announces that, through the efforts of its program committee, a series of unusual foreign films will be presented to the public in the skylight room of the Community Center, 265 Wall street. These pictures are full length films and are noted for their plots, acting and directing.

A group of four films will be presented. The first of these, a French film, Nais, will be shown Sunday, Oct. 12, at 8:30 p. m. Nais is directed by Marcel Pagnol and stars Fernandel, one of the outstanding actors of the day. The story is adapted from Zola's Nais Micoulin and concerns itself with the authentic atmosphere of the Marseilles region where Fernandel works as a humble, deformed slate worker and is passionately devoted to the 17-year-old heroine, Nais.

The other films to be shown are Rossini on Nov. 9; The Trial, on Nov. 23; and Dream No More on Dec. 21.

The films are being sponsored by the Center because, according to a member of the program committee, "countless requests for such entertainment have been received." The selection has been made for its "popular appeal."

The Jewish people have about twice as great immunity to tuberculosis as any other group of the white race.

Eisenhower . . .

paign manager, replied that Truman "demeans himself and his office by slandering the man who saved the allied cause and his country." But Eisenhower remained silent.

However, Eisenhower's advisers studied the Truman speech carefully as this special left Oregon and headed into the Sacramento Valley for its first stop at Sacramento. They were known to be discussing whether the general should fire back at Truman himself.

The whistle-stop schedule called for talks at Suisun-Fairfield, Martinez, Crockett, Vallejo, Richmond and Berkeley. At San Francisco at 9:10 p. m. the GOP candidate will make his first big bid for California's 32 electoral votes.

Four years ago California went by the slim margin of 17,800 votes with a total presidential vote of 4,021,538. This year the GOP command is making a special drive to capture the state which is the home of Eisenhower's running mate, Sen. Richard M. Nixon.

Trip Is Canceled

For this reason, Eisenhower's headquarters canceled a flying trip to Las Vegas, Nev., tomorrow and planned instead to go to Long Beach, about 25 miles southwest of Los Angeles.

Eisenhower was shown a dispatch yesterday quoting President Truman as saying that the GOP candidate "has betrayed his principles by publicly endorsing every Republican candidate in the country, regardless of "whether that man is the blackest of reactionaries, a die-hard isolationist or even a moral scoundrel."

Eisenhower flushed and exclaimed: "Isn't that something!" But he refused to say anything further.

However, his advisors immediately arranged to get a report on the Truman speech for detailed study.

Adams said in his statement Truman was using "extravagant language" to "conceal the truth."

'Sudden Change' by HST

"A conspicuous example is his sudden change of mind regarding the qualities of Dwight D. Eisenhower," Adams said. "In Germany in 1945, Truman even offered to help him win the presidency of the United States. Dwight Eisenhower is the same man now that he was in 1945. Harry S. Truman is not."

Now that the general is running for the presidency, he said, Truman "demeans himself and his office by slandering the man who saved the allied cause and his country."

There wasn't much doubt there would be more to follow from the Eisenhower lieutenants and possibly from Eisenhower himself.

In Orgeon, Eisenhower asserted corruption in government was a direct aid to the Communists—and that "government should keep its long nose out of business."

At the Portland Civic Auditorium, he told a cheering throng of some 5,000 that government "whole hoggers" wanted to "seize upon every resource to extend the powers of federal government over our lives."

He promised an administration that would bring men who were loyal and incorruptible into government positions.

"We must keep the long nose of government out of private business," he said, adding: "We must earnestly and continuously combat the theory that the only ability in the United States is to be found among bureaucrats sitting behind desks in Washington."

Stevenson Teams

er for supporting McCarthy's bid for re-election, despite the Wisconsin senator's attack on the patriotism of Gen. George C. Marshall, the Republican nominee's old friend.

Eisenhower has said that while he will support all Republican nominees for Congress—including McCarthy who conferred with him when the general was campaigning in Wisconsin—he does not condone "besmirching the reputation of any innocent man or condemning by loose association."

Democrats' Contention

Democrats contend McCarthy has done just that. And Stevenson told an enthusiastic, overflow audience in Detroit's 4,500-seat Masonic Temple last night that McCarthy had failed to turn up a single Communist with "wild and reckless" charges.

"Catching real Communist agents, like killing poisonous snakes or tigers, is not a job for amateurs or children, especially noisy ones," he said acidly. "It is a job for professionals who know their business and their adversaries."

Stevenson's attack on McCarthy followed by only a few hours President Truman's accusation that Eisenhower had betrayed his life-long principles and his best friend by embracing "moral pigmies" like McCarthy and Sen. William E. Jenner, Indiana Republican seeking re-election.

Dogs in Pairs Spell Trouble

By JOE STETSON
(Dog Editor)

When Jack Stark came to my house that night he was both worried and excited. I had heard something of the story from one of the neighbor boys so I knew what was bothering him.

"You know Give and Take are both gentle dogs," he said plaintively. "They wouldn't even scratch a flea if they could help it, and yet they really did a job on that little terrier of Johnson's.

"The poor fellow needed a couple of dozen stitches to get him back together again. I can pay the vet's bills, but I can't make the Johnsons feel very happy about it. What bothers me most is whatever got into those dogs."

Give and Take were two young setters whose natural puppy retrieving habits of carrying shoes and slippers back and forth had gotten them their names. They were very affectionate and I'm sure didn't have a malicious bone in their bodies, but they had been allowed to roam the neighborhood together.

I had noticed their pleasant visiting, and wondered just when their inoffensive wanderings were going to take on a different complexion. Well, it happened and what I couldn't have told Jack before without being laughed at would now fall on very receptive ears.

There is one fundamental principle which many people do not realize. Dogs, just like people, conduct themselves one way while they're alone, and entirely different when in a crowd.

When there are two or more dogs together they react as a pack. They are no longer responsible as individuals. Any group of dogs travelling together is a menace to a neighborhood.

It was a bit hard for Jack to realize that his dogs could be anything but lovable clowns. It was only when he realized how human behavior changes and how violent and thoughtless mobs can be, that the possibility of dog behavior changing under similar circumstances became more likely.

"Just make certain that your dogs don't run at large together, Jack," I told him, "and you need have no fear of their future behavior. That is, of course, unless one of them takes to running with other dogs. There is no place in any neighborhood for dogs that run together.

New Yorkers Set

day and 57,146 over the second day registration of 508,129 in 1944.

Registration for the first two nights this year runs approximately 15 1/3 per cent over 1944.

A record was set that year when 3,556,377 registered in the six-day period. If the same percentage increase continues through Friday night and a day-and-night session Saturday, this year's enrollment in the predominantly Democratic city will be more than four million.

Registration upstate, where most of New York's Republican strength lies—also is showing a record-bound trend.

In the presidential year of 1948, the second-day registration in the city was 463,897, making a two-day total of 868,880.

For the 1951 off-year election, the second-day figure was 198,713 for a two-day total of 392,092.

There are 4,394 registration places in the city.

Weiber, Mathers Nuptials on Oct. 11, Parties Are Planned

Dr. and Mrs. James A. Mathers, 174 Main street, will entertain this week in honor of Miss Janet Weiber, whose marriage to their son, L. Douglas Mathers will take place at three o'clock Saturday afternoon in the St. James Methodist Church.

On Friday evening, the Mathers will be hosts at a dinner party in the Governor Clinton Hotel, for out-of-town guests who will attend the wedding. The guests will include Mr. and Mrs. Donald J. Mathers and Robert Van Hoven, Duluth, Minn.; Mr. and Mrs. Adolph Mollenhuer, Dr. and Mrs. Donald Finlayson, Mr. and Mrs. William Felder, all of Toronto, Ontario; Mrs. Herbert Parr and William Coulter, Oshawa, Ontario.

And, Mr. and Mrs. Royal Sterling, Providence, R. I.; Mr. and Mrs. Martin Tolen and Mr. and Mrs. John Hillman of Trenton, N. J.

Following the rehearsal on Friday evening, Dr. and Mrs. Mather will entertain the bridal party at Ye Nieuw Dorp in Hurley.

Dutch Church Resumes Lecture Series Thursday

You Are Mind and Not Matter will be the subject by the Rev. Arthur E. Oudemool in the opening lecture of the fall series of talks on Practical Christianity at the Old Dutch Church, corner of Wall and Main streets, Thursday at 7:30 p. m. in the sanctuary of the church.

These Thursday night meetings have occasioned considerable comment and unusual interest in past years. Problem-solving is featured. Practical demonstrations of the truth are had. Silent treatments are offered. The aim is to evidence the original power of Christ's ministry.

The meetings are non-sectarian, interracial, free to all who wish to attend.

JCC Slates Series Of Foreign Pictures

The Kingston Jewish Community Center announces that, through the efforts of its program committee, a series of unusual foreign films will be presented to the public in the skylight room of the Community Center, 265 Wall street. These pictures are full length films and are noted for their plots, acting and directing.

A group of four films will be presented. The first of these, a French film, Nais, will be shown Sunday, Oct. 12, at 8:30 p. m. Nais is directed by Marcel Pagnol and stars Fernandel, one of the outstanding actors of the day. The story is adapted from Zola's Nais Micoulin and concerns itself with the authentic atmosphere of the Marseilles region where Fernandel works as a humble, deformed slate worker and is passionately devoted to the 17-year-old heroine, Nais.

The other films to be shown are Rossini on Nov. 9; The Trial, on Nov. 23; and Dream No More on Dec. 21.

The films are being sponsored by the Center because, according to a member of the program committee, "countless requests for such entertainment have been received." The selection has been made for its "popular appeal."

The Jewish people have about twice as great immunity to tuberculosis as any other group of the white race.

Eisenhower . . .

paign manager, replied that Truman "demeans himself and his office by slandering the man who saved the allied cause and his country." But Eisenhower remained silent.

However, Eisenhower's advisers studied the Truman speech carefully as this special left Oregon and headed into the Sacramento Valley for its first stop at Sacramento. They were known to be discussing whether the general should fire back at Truman himself.

The whistle-stop schedule called for talks at Suisun-Fairfield, Martinez, Crockett, Vallejo, Richmond and Berkeley. At San Francisco at 9:10 p. m. the GOP candidate will make his first big bid for California's 32 electoral votes.

Four years ago California went by the slim margin of 17,800 votes with a total presidential vote of 4,021,538. This year the GOP command is making a special drive to capture the state which is the home of Eisenhower's running mate, Sen. Richard M. Nixon.

Trip Is Canceled

For this reason, Eisenhower's headquarters canceled a flying trip to Las Vegas, Nev., tomorrow and planned instead to go to Long Beach, about 25 miles southwest of Los Angeles.

Eisenhower was shown a dispatch yesterday quoting President Truman as saying that the GOP candidate "has betrayed his principles by publicly endorsing every Republican candidate in the country, regardless of "whether that man is the blackest of reactionaries, a die-hard isolationist or even a moral scoundrel."

Eisenhower flushed and exclaimed: "Isn't that something!" But he refused to say anything further.

However, his advisors immediately arranged to get a report on the Truman speech for detailed study.

Adams said in his statement Truman was using "extravagant language" to "conceal the truth."

'Sudden Change' by HST

"A conspicuous example is his sudden change of mind regarding the qualities of Dwight D. Eisenhower," Adams said. "In Germany in 1945, Truman even offered to help him win the presidency of the United States. Dwight Eisenhower is the same man now that he was in 1945. Harry S. Truman is not."

Now that the general is running for the presidency, he said, Truman "demeans himself and his office by slandering the man who saved the allied cause and his country."

There wasn't much doubt there would be more to follow from the Eisenhower lieutenants and possibly from Eisenhower himself.

In Orgeon, Eisenhower asserted corruption in government was a direct aid to the Communists—and that "government should keep its long nose out of business."

At the Portland Civic Auditorium, he told a cheering throng of some 5,000 that government "whole hoggers" wanted to "seize upon every resource to extend the powers of federal government over our lives."

He promised an administration that would bring men who were loyal and incorruptible into government positions.

"We must keep the long nose of government out of private business," he said, adding: "We must earnestly and continuously combat the theory that the only ability in the United States is to be found among bureaucrats sitting behind desks in Washington."

Stevenson Teams

er for supporting McCarthy's bid for re-election, despite the Wisconsin senator's attack on the patriotism of Gen. George C. Marshall, the Republican nominee's old friend.

Eisenhower has said that while he will support all Republican nominees for Congress—including McCarthy who conferred with him when the general was campaigning in Wisconsin—he does not condone "besmirching the reputation of any innocent man or condemning by loose association."

Democrats' Contention

Democrats contend McCarthy has done just that. And Stevenson told an enthusiastic, overflow audience in Detroit's 4,500-seat Masonic Temple last night that McCarthy had failed to turn up a single Communist with "wild and reckless" charges.

"Catching real Communist agents, like killing poisonous snakes or tigers, is not a job for amateurs or children, especially noisy ones," he said acidly. "It is a job for professionals who know their business and their adversaries."

Stevenson's attack on McCarthy followed by only a few hours President Truman's accusation that Eisenhower had betrayed his life-long principles and his best friend by embracing "moral pigmies" like McCarthy and Sen. William E. Jenner, Indiana Republican seeking re-election.

Dogs in Pairs Spell Trouble

By JOE STETSON
(Dog Editor)

When Jack Stark came to my house that night he was both worried and excited. I had heard something of the story from one of the neighbor boys so I knew what was bothering him.

"You know Give and Take are both gentle dogs," he said plaintively. "They wouldn't even scratch a flea if they could help it, and yet they really did a job on that little terrier of Johnson's.

"The poor fellow needed a couple of dozen stitches to get him back together again. I can pay the vet's bills, but I can't make the Johnsons feel very happy about it. What bothers me most is whatever got into those dogs."

Give and Take were two young setters whose natural puppy retrieving habits of carrying shoes and slippers back and forth had gotten them their names. They were very affectionate and I'm sure didn't have a malicious bone in their bodies, but they had been allowed to roam the neighborhood together.

I had noticed their pleasant visiting, and wondered just when their inoffensive wanderings were going to take on a different complexion. Well, it happened and what I couldn't have told Jack before without being laughed at would now fall on very receptive ears.

There is one fundamental principle which many people do not realize. Dogs, just like people, conduct themselves one way while they're alone, and entirely different when in a crowd.

When there are two or more dogs together they react as a pack. They are no longer responsible as individuals. Any group of dogs travelling together is a menace to a neighborhood.

It was a bit hard for Jack to realize that his dogs could be anything but lovable clowns. It was only when he realized how human behavior changes and how violent and thoughtless mobs can be, that the possibility of dog behavior changing under similar circumstances became more likely.

"Just make certain that your dogs don't run at large together, Jack," I told him, "and you need have no fear of their future behavior. That is, of course, unless one of them takes to running with other dogs. There is no place in any neighborhood for dogs that run together.

New Yorkers Set

day and 57,146 over the second day registration of 508,129 in 1944.

Registration for the first two nights this year runs approximately 15 1/3 per cent over 1944.

A record was set that year when 3,556,377 registered in the six-day period. If the same percentage increase continues through Friday night and a day-and-night session Saturday, this year's enrollment in the predominantly Democratic city will be more than four million.

Registration upstate, where most of New York's Republican strength lies—also is showing a record-bound trend.

In the presidential year of 1948, the second-day registration in the city was 463,897, making a two-day total of 868,880.

For the 1951 off-year election, the second-day figure was 198,713 for a two-day total of 392,092.

There are 4,394 registration places in the city.

And, Mr. and Mrs. Royal Sterling, Providence, R. I.; Mr. and Mrs. Martin Tolen and Mr. and Mrs. John Hillman of Trenton, N. J.

Following the rehearsal on Friday evening, Dr. and Mrs. Mather will entertain the bridal party at Ye Nieuw Dorp in Hurley.

Dutch Church Resumes Lecture Series Thursday

You Are Mind and Not Matter will be the subject by the Rev. Arthur E. Oudemool in the opening lecture of the fall series of talks on Practical Christianity at the Old Dutch Church, corner of Wall and Main streets, Thursday at 7:30 p. m. in the sanctuary of the church.

These Thursday night meetings have occasioned considerable comment and unusual interest in past years. Problem-solving is featured. Practical demonstrations of the truth are had. Silent treatments are offered. The aim is to evidence the original power of Christ's ministry.

The meetings are non-sectarian, interracial, free to all who wish to attend.

F. Cates, of 451 Albany avenue, who said: "If a large super market locates practically next door . . . my property along with Mr. Snead's should offer an excellent location for some business desiring a location next to so busy an area."

John W. Martin filed petition for a zoning change affecting a property at 487-89 Albany avenue, and John B. Pfleghaar asked a change for a property at 482-86 Albany avenue.

Go to Committee

All were referred to the laws and rules committee which recently held a hearing on petitions for zoning changes filed by Martin & Moran, Inc., and Halwick and Evans, owners of lands in the Albany and Madison avenue areas, on which, it is said, the super market would be built by The Grand Union Co.

The council's laws and rules committee deferred reporting on its decision following the recent hearing, until a later meeting.

Cancel Meter Ads

The council voted to cancel the contract between the city and the Outdoor Meter Advertising Devices Inc., on recommendation of Corporation Counsel James G. Connelly, who explained in a letter, that the company had ignored requests by himself and Mayor Oscar V. Newkirk to keep the meter advertising in order.

Under terms of the contract, Connelly's letter said, the company must maintain the meter signs in proper condition. This has not been done, he explained, and despite telephone calls and letters, the poor condition of the signs, was ignored.

The city had first contracted with the Parking Meter Advertising Sales Co., of New York, and the meter advertising was later assigned to the other company, which is to lose its contract.

Re-enact Law

Also on recommendation of the corporation counsel, the aldermen voted to re-enact a section of the city charter dealing with the charge of disorderly conduct.

When the City Court Act was amended recently, he said, the section was repealed, and the police department requested that it be re-enacted.

The law was given its first reading last night and will be enacted after a second and third at a later meeting.

Largest Claim

Of the claims filed, one by Anna T. Brett, of 132 Wilbur avenue was for $805. She claims that on Sept. 1 an obstruction at a catch basin caused water to flow onto the premises and caused considerable damage. The claim was filed by Attorney Thomas F. Saccoman.

Anna Jablonski and Martha Witkowski, of 187 Murray street, through the law firm of Napoletano, Kelly and Saccoman, filed a claim for $595 for damages attributed to defective city sewer pipes also on Sept. 1.

Miss Jane Glover, of 17 Jansen avenue, filed a claim for $197.50, for damages caused on the same date when sewage backed into the house. She said she was boarding children and a basement section was used as a playroom.

Complains About Log

S. Dubin of the French Dye Works Inc., filed a claim for $41.18, for damage to his car, which, he said, was caused last July 25 by a log that was "standing upright" on Stephan street, as he swerved to avoid another vehicle.

Elizabeth Satterlee, of 90 Henry street, filed a claim for $9 for damage caused by the backing of sewage into a laundry tub on Aug. 18, 19 and 20.

Mayor Newkirk's report of the reappointment of Charles O. Davis, of 94 Roosevelt avenue, to the Board of Public Works, was read and filed. The appointment expires Sept. 8, 1956.

Talks on Fluoridation

Warren J. Sussin, chiropractor of 602 Delaware avenue, who has written several letters to The Freeman on fluoridation, was granted privilege of the floor through a motion by Third Ward Alderman Edwin Radel.

Sussin held that no action should be taken locally on the proposal to fluoridate the local water supply until it is proved "beyond the shadow of a doubt" that fluorine has no harmful effects on the system.

Several sources of opposition were cited and he read from articles opposing fluoridation. Many statements favor fluoridation as a means of preventing dental caries, he said, but he has been receiving articles "from all over the country" opposing it.

Would Hold Off Action

Sussin claimed there has been no effective research as to the harm it might cause to the system and for that reason, he asked postponement of action here.

City Clerk Bernhardt S. Kramer asked if he had appeared before the water board, and when Sussin said he had not, Alderman-at-large Joseph Kelly suggested that the water commissioners would be glad to hear all arguments for and against the proposal.

A resolution sponsored by Aldermen Martin Golden, John Dolan, Robert Cullum and William Parmelee, asked that the Mayor contact the Callanan Road Improvement Co., of South Rondout and instruct the management to use smaller blasting charges. The resolution said complaints had been received and some action was necessary.

Mayor Has Acted

Alderman-at-large Kelly said that Mayor Newkirk, who has received complaints, had already contacted the company, to get them to lessen the blast charges, and he suggested that the four sponsors of the resolution, contact Corporation Counsel James G. Connelly.

Alderman Dolan asked that the 10-mile-an-hour speed limit set in the area of the George Washington School, be made effective at all other schools. The city has two types of school-zone signs he said, one merely warning "slow, school" and the other setting the 10-mile limit. Motorists have different interpretations of "slow" he said. The resolution was referred to the traffic committee.

Alderman James K. Ryan, introducted a resolution with 23 signatures, asking the repair of Henry street, which, he said, is heavily used by buses and trucks, which bounce over depressions and disturb residents. It was referred to the BPW. Ryan also asked for establishment of bus-stop zones on both sides of Henry street near Broadway, and requested police action to prevent the fast driving of buses and trucks over Henry street.

Alderman Golden asked for the repair of Summer, Sterling and Valley streets, establishment of a no-parking area at the Powell paper box factory, and that Terrance street be levelled and improved.

Alderman Wenzel asked for a traffic light at Broadway and Delaware avenue, the repair of several streets in his ward and the cleaning of sewers there.

Alderman Coughlin asked for repair of holes in streets in the seventh ward, and Alderman Cullum introduced a petition for a zoning change affecting a property at 321 Lucas avenue.

Alderman Relyea asked that a globe be placed in the light in front of 75 Fair street, that a hole be repaired in front of 15 Schryver court, and the curb and sidewalk at Marius street and Josephine avenue be repaired.

The aldermen voted to prohibit parking on the north side of Pearl street from Clinton to Washington avenue, to make Prince street and Jansen avenue two-way streets, and to prohibit parking on the north side of West O'Reilly street, from Broadway at a point 10 feet west of a hydrant to a point 135 feet from the hydrant. The changes were on recommendation of the traffic committee.

KHS Prisma Group Opens Subscription Drive

Students at Kingston High School arranged a display yesterday afternoon in the school lobby, of awards to be made in connection with the annual Prisma magazine drive which opened this week. From left, Lou Perry, Mike Flanagan, Frank Fiore, Collen Eaton and Helen Hiersekorn.

Striving to better last year's goal of $8,000, more than 500 members of Prisma, girls' service organization at Kingston High School, are scouring the city and neighboring communities with enthusiasm for subscriptions in their sixth annual magazine drive.

Since many of last year's drivers are no longer attending high school, any subscriber who wishes to renew and is not contacted by a student during the week, may telephone the high school and his name will be assigned to a student driver.

Many awards will be made to students having the greatest number of subscriptions. Mrs. Marion Murray, director of Prisma, is in charge of the drive, with other faculty advisers assisting. *(Freeman photo)*

South Koreans

cipated in the current action are as elated over the good shooting as I am. Morale never has been higher."

AP correspondent Milo Farneti reported from the front that the crest of White Horse Mountain was a shell-shattered no-man's-land. It had changed hands 12 times in 42 hours of almost continuous fighting.

White Horse, and nearby Arrowhead Ridge, guard the sprawling Chorwon Valley and the gateway to the south. The peaks have been the main target of the Red offensive.

Farneti said the battered remnants of a Red battalion were dug in on one slope. South Koreans of the Republic's Ninth Division were just off the peak on the other side. The crestline itself was a rubbled mass of log and dirt bunkers.

Big guns of both sides pounded the crest ceaselessly.

The Chinese were paying a terrible price. Farneti said they may have lost as many as 3,000 men in the White Horse-Arrowhead sector alone. Reports from other battles were incomplete, but they indicated Communist casualties were high.

The Reds hurled men into battle with reckless abandon.

UN warplanes and artillery caught smaller groups of Reds in the open and pounded them with shells, bombs, rockets and machine gun fire.

Truman Says Ike

Congress the best recommendations any one had thought of up to that time for providing supports for perishable commodities like hogs, eggs and milk, and better than anyone has thought of since.

They were presented as the basis for discussion, Truman went on, but his political opponents decided to make a campaign issue of it instead.

They decided to call it a plan and to call it "socialism and thought that if they could say it often enough people would believe it," the President said.

Cheap Name-Calling Charged

Truman said that in Kasson, the Republican candidate "fell in with this little scheme and he indulged in some cheap name calling. He called the Brannan plan 'moral bankruptcy' and other names. Did he say what was wrong with the Brannan plan? No, not a word of specific criticism. He just promised that the Republicans would find some way to accomplish the same objectives that Secretary Brannan would accomplish—only without any bankruptcy in their morals."

The President said a lot of Republican newspapers have been saying that "we Democrats have got to stop running against Herbert Hoover."

"There may be some of you folks so young that you don't remember the Hoover farm depression," the President continued, "but a lot of us older people do and I don't think its something the country can afford to forget."

The same thing could happen again, if the same Republican Party gets back in control of the national government, he said.

Truman said Eisenhower's farm speeches are a conglomeration of generalities, platitudes, half truths, and plain misrepresentation.

Reported to Be Grim

At Colorado Springs, Colo, yesterday reporters thought Truman was as grim as they'd ever seen him in his assault on Eisenhower. Truman is making a coast-to-coast tour in behalf of Gov. Adlai Stevenson, the Democratic presidential candidate.

The President accused Eisenhower of betraying life-long principles and his best friends by supporting what he called such "moral pigmies" as Republican Senators Joseph R .McCarthy of Wisconsin and William E. Jenner of Indiana.

Truman admitted that he once considered Eisenhower qualified for the presidency and went on to say that "I am now convinced that I was absolutely wrong."

Says Ike Betrayed

He contended that Eisenhower betrayed his principles and supporters by adopting "reactionary" views on foreign policy and national defense.

He accused Eisenhower of declaring support for every Republican candidate "whether that man is the blackest of reactionaries, a die-hard isolationist, or even a moral scoundrel."

And there he tied into Eisenhower for failing, the President said, to defend Gen. George C. Marshall, World War II chief of staff and former secretary of state, against attacks by McCarthy and Jenner. He did not mention the senators by name.

(Eisenhower early in the campaign told a news conference that he had no sympathy with anyone who questioned Marshall's integrity or patriotism.)

Truman's staff last night disclosed plans for a major address in Brooklyn the night of Oct. 19.

James Sees Series Game at Governor Clinton

HARRY JAMES

Pleased with the city's hospitality, Harry James remained in Kingston yesterday, to see the telecast of the last game in the World Series, in the Governor Clinton Hotel. James and His Music Makers made a tremendous hit with more than 2,000 persons attending the VFW ball in the municipal auditorium on Monday evening. *(Freeman photo)*

Blamed for Hush

sel, said a regional inspector of the Food and Drug Administration had found in the Pabst granary at Peoria, Ill., shocking unsanitary conditions in the plant as well as rodent and insect infestation" in corn grits used in making beer.

Seizure Ordered

This was during a routine inspection June 21, 1951. As a result the Food and Drug Administration on July 5 ordered seizure of 100,000 pounds or one carload of the grits which had been shipped to the Pabst plant in Milwaukee, Collier said.

The regional inspector and U. S. marshal in Milwaukee proceeded to the brewery July 9 to make the seizure. "After further delay at the brewery," Collier said, "the officials were instructed to return to the U. S. attorney's office, where they were informed that the Department of Justice had ordered them to suspend their seizure."

The department, Collier added, phoned and wired these instructions to the U. S. attorney's office at Berger's request. "The files also show that Mr. Berger's proposal to handle the matter informally without adverse publicity met with Department of Justice approval," Collier added.

Berger's former government position was not brought out immediately.

Suit Dismissed

The contaminated grits were burned Aug. 8 in the presence of a Justice Department official, Collier said. With this evidence gone, a civil suit against the company was dismissed two days later on the motion of the U. S. attorney in Milwaukee.

Criminal action was brought against the Company Dec. 28 in the southern district of Illinois, where the shipment originated. the company pleaded nolo contendre—not contesting the charges but not admitting them—and was fined $600.

Collier said the purpose of today's hearing was to determine why the Justice Department issued orders countermanding those of the Food and Drug Administration and the U. S. attorney in Milwaukee. He added, however, this procedure is permissible, since the department was the prosecuting agency.

The committee also called William K. Hays, the inspector who discovered the grits, and George P. Larrick, deputy commissioner of the Food and Drug Administration.

Tomorrow the committee may swing its inquiry toward the activities of some unspecified U. S. attorneys' offices.

Pastor Says Time

ever known."

He told the opening session of the 56th annual DAR conference: "We have people in this country who would rather perpetuate themselves in office than be true to the ideals of American liberty."

Amid laughter, he added: "I'm not going to name names—though I could. Twenty years is long enough for a party that has feasted on power as this one has."

Criticizing the administration's seizure of steel companies, he declared that if those in power "don't administer the government according to the Constitution, they should be changed."

Referring to the some 400 delegates as "ladies of quality—above the common herd," he said: "Be proud of your inheritance, be proud of your blue eyes and fair skin—without snobbery."

The delegates represent about 15,000 state members.

Nomination of new state officers this afternoon will be followed by elections tomorrow.

Today's afternoon session will be devoted to a series of round-table meetings on citizenship, building plans, flag use, American Indian problems and related subjects.

Fear

"Fear is the servant of ignorance." Whether we accept this quotation or not, we are forced to the observation that fear seems responsible for more deaths than result from sickness.

W. J. Sussin

A tremendous amount of so-called "health" publicity is being released daily, limited to only a medical viewpoint, the main avenue of approach seemingly being that of fear. Warnings galore have been sent forth resulting in aroused public imagination. Any minor ache or pain instantly becomes greatly magnified in the mind of the individual.

Society can well be thankful to the Science of Chiropractic, for it has presented the world with the true cause of dis-ease. Chiropractors are skillfully trained to locate and remove this cause. Renewed health is the natural result.

Don't become a victim of fear—invesigate Chiropractic today, for better health.

The answers to everyday insurance problems

By HERMAN J. EATON

QUESTION: I heard recently that when a thief gets money out of a safe by opening the combination it isn't "burglary" according to insurance companies. Is this true?

ANSWER: As a general rule that is correct. There are exceptions but usually "burglary" as defined in an insurance policy, must be accompanied by "forcible entry" or attempts at same.

•If you'll address your own insurance questions to this office we'll try to give you the correct answers and there will be NO CHARGE OR OBLIGATION OF ANY KIND.

AP correspondent Milo Farneti reported from the front that the crest of White Horse Mountain was a shell-shattered no-man's-land. It had changed hands 12 times in 42 hours of almost continuous fighting.

White Horse, and nearby Arrowhead Ridge, guard the sprawling Chorwon Valley and the gateway to the south. The peaks have been the main target of the Red offensive.

Farneti said the battered remnants of a Red battalion were dug in on one slope. South Koreans of the Republic's Ninth Division were just off the peak on the other side. The crestline itself was a rubbled mass of log and dirt bunkers.

Big guns of both sides pounded the crest ceaselessly.

The Chinese were paying a terrible price. Farneti said they may have lost as many as 3,000 men in the White Horse-Arrowhead sector alone. Reports from other battles were incomplete, but they indicated Communist casualties were high.

The Reds hurled men into battle with reckless abandon.

UN warplanes and artillery caught smaller groups of Reds in the open and pounded them with shells, bombs, rockets and machine gun fire.

Truman Says Ike

Congress the best recommendations any one had thought of up to that time for providing supports for perishable commodities like hogs, eggs and milk, and better than anyone has thought of since.

They were presented as the basis for discussion, Truman went on, but his political opponents decided to make a campaign issue of it instead.

They decided to call it a plan and to call it "socialism and thought that if they could say it often enough people would believe it," the President said.

Cheap Name-Calling Charged

Truman said that in Kasson, the Republican candidate "fell in with this little scheme and he indulged in some cheap name calling. He called the Brannan plan 'moral bankruptcy' and other names. Did he say what was wrong with the Brannan plan? No, not a word of specific criticism. He just promised that the Republicans would find some way to accomplish the same objectives that Secretary Brannan would accomplish—only without any bankruptcy in their morals."

The President said a lot of Republican newspapers have been saying that "we Democrats have got to stop running against Herbert Hoover."

"There may be some of you folks so young that you don't remember the Hoover farm depression," the President continued, "but a lot of us older people do and I don't think its something the country can afford to forget."

The same thing could happen again, if the same Republican Party gets back in control of the national government, he said.

Truman said Eisenhower's farm speeches are a conglomeration of generalities, platitudes, half truths, and plain misrepresentation.

Reported to Be Grim

At Colorado Springs, Colo, yesterday reporters thought Truman was as grim as they'd ever seen him in his assault on Eisenhower. Truman is making a coast-to-coast tour in behalf of Gov. Adlai Stevenson, the Democratic presidential candidate.

The President accused Eisenhower of betraying life-long principles and his best friends by supporting what he called such "moral pigmies" as Republican Senators Joseph R .McCarthy of Wisconsin and William E. Jenner of Indiana.

Truman admitted that he once considered Eisenhower qualified for the presidency and went on to say that "I am now convinced that I was absolutely wrong."

Says Ike Betrayed

He contended that Eisenhower betrayed his principles and supporters by adopting "reactionary" views on foreign policy and national defense.

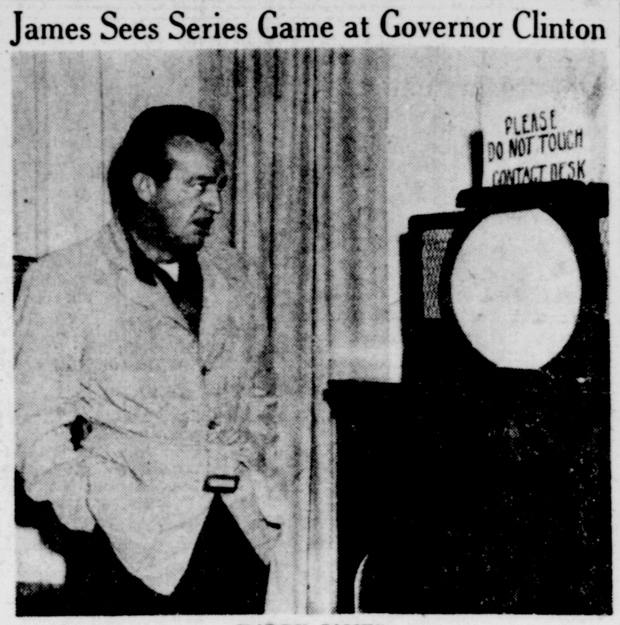

He accused Eisenhower of declaring support for every Republican candidate "whether that man is the blackest of reactionaries, a die-hard isolationist, or even a moral scoundrel."

And there he tied into Eisenhower for failing, the President said, to defend Gen. George C. Marshall, World War II chief of staff and former secretary of state, against attacks by McCarthy and Jenner. He did not mention the senators by name.

(Eisenhower early in the campaign told a news conference that he had no sympathy with anyone who questioned Marshall's integrity or patriotism.)

Truman's staff last night disclosed plans for a major address in Brooklyn the night of Oct. 19.

James Sees Series Game at Governor Clinton

HARRY JAMES

Pleased with the city's hospitality, Harry James remained in Kingston yesterday, to see the telecast of the last game in the World Series, in the Governor Clinton Hotel. James and His Music Makers made a tremendous hit with more than 2,000 persons attending the VFW ball in the municipal auditorium on Monday evening. *(Freeman photo)*

Blamed for Hush

sel, said a regional inspector of the Food and Drug Administration had found in the Pabst granary at Peoria, Ill., shocking unsanitary conditions in the plant as well as rodent and insect infestation" in corn grits used in making beer.

Seizure Ordered

This was during a routine inspection June 21, 1951. As a result the Food and Drug Administration on July 5 ordered seizure of 100,000 pounds or one carload of the grits which had been shipped to the Pabst plant in Milwaukee, Collier said.

The regional inspector and U. S. marshal in Milwaukee proceeded to the brewery July 9 to make the seizure. "After further delay at the brewery," Collier said, "the officials were instructed to return to the U. S. attorney's office, where they were informed that the Department of Justice had ordered them to suspend their seizure."

The department, Collier added, phoned and wired these instructions to the U. S. attorney's office at Berger's request. "The files also show that Mr. Berger's proposal to handle the matter informally without adverse publicity met with Department of Justice approval," Collier added.

Berger's former government position was not brought out immediately.

Suit Dismissed

The contaminated grits were burned Aug. 8 in the presence of a Justice Department official, Collier said. With this evidence gone, a civil suit against the company was dismissed two days later on the motion of the U. S. attorney in Milwaukee.

Criminal action was brought against the Company Dec. 28 in the southern district of Illinois, where the shipment originated. the company pleaded nolo contendre—not contesting the charges but not admitting them—and was fined $600.

Collier said the purpose of today's hearing was to determine why the Justice Department issued orders countermanding those of the Food and Drug Administration and the U. S. attorney in Milwaukee. He added, however, this procedure is permissible, since the department was the prosecuting agency.

The committee also called William K. Hays, the inspector who discovered the grits, and George P. Larrick, deputy commissioner of the Food and Drug Administration.

Tomorrow the committee may swing its inquiry toward the activities of some unspecified U. S. attorneys' offices.

Pastor Says Time

ever known."

He told the opening session of the 56th annual DAR conference: "We have people in this country who would rather perpetuate themselves in office than be true to the ideals of American liberty."

Amid laughter, he added:

"I'm not going to name names—though I could. Twenty years is long enough for a party that has feasted on power as this one has."

Criticizing the administration's seizure of steel companies, he declared that if those in power "don't administer the government according to the Constitution, they should be changed."

Referring to the some 400 delegates as "ladies of quality—above the common herd," he said:

"Be proud of your inheritance, be proud of your blue eyes and fair skin—without snobbery."

The delegates represent about 15,000 state members.

Nomination of new state officers this afternoon will be followed by elections tomorrow.

Today's afternoon session will be devoted to a series of round-table meetings on citizenship, building plans, flag use, American Indian problems and related subjects.

Fear

"Fear is the servant of ignorance." Whether we accept this quotation or not, we are forced to the observation that fear seems responsible for more deaths than result from sickness.

W. J. Sussin

A tremendous amount of so-called "health" publicity is being released daily, limited to only a medical viewpoint, the main avenue of approach seemingly being that of fear. Warnings galore have been sent forth resulting in aroused public imagination. Any minor ache or pain instantly becomes greatly magnified in the mind of the individual.

Society can well be thankful to the Science of Chiropractic, for it has presented the world with the true cause of dis-ease. Chiropractors are skillfully trained to locate and remove this cause. Renewed health is the natural result.

Don't become a victim of fear—invesigate Chiropractic today, for better health.

The answers to everyday insurance problems
By HERMAN J. EATON

QUESTION: I heard recently that when a thief gets money out of a safe by opening the combination it isn't "burglary" according to insurance companies. Is this true?
ANSWER: As a general rule that is correct. There are exceptions but usually "burglary" as defined in an insurance policy, must be accompanied by "forcible entry" or attempts at same.
•If you'll address your own insurance questions to this office we'll try to give you the correct answers and there will be NO CHARGE OR OBLIGATION OF ANY KIND.
